(57) **CLAIM**

The ornamental design for a dual angle display stand for portable electronic devices, as shown and described.

DESCRIPTION

FIG. 1 is a right side perspective view of the design, the left side perspective view being identical thereto;

FIG. 2 is a left side perspective view of the design, the right side perspective view being identical thereto;

FIG. 3 is a front perspective view of the design;

FIG. 4 is a front view of the design;

FIG. 5 is a right side view of the design, the left side view being identical thereto;

FIG. 6 is a left side view of the design, the right side view being identical thereto;

FIG. 7 is a bottom right perspective view of the design, the bottom left perspective being identical thereto;

FIG. 8 is a bottom view of the design;

FIG. 9 is a top perspective view of the design;

FIG. 10 is a back right side perspective view of the design;

FIG. 11 is a right side environmental view of the design shown with a mounted display item; and,

FIG. 12 is a right side environmental view of the design with a mounted display item.

The broken line showing of a mounted mobile phone display item in FIG. 11 and FIG. 12 is for the purpose of illustrating an environmental structure and forms no part of the claimed design.
