(57) **CLAIM**

We claim the ornamental design for a display screen including a graphical user interface, as shown and described.

**DESCRIPTION**

The sole FIGURE is a front view of a display screen including a graphical user interface of the design. Portions of the display screen including a graphical user interface shown in broken lines form no part of the claim. The outer edge of the portion of the display screen is understood to be congruent with the outer edge of the graphical user interface.
