(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface showing my new design; and,

FIG. 2 is a front view of a display screen with graphical user interface showing an alternative embodiment of my new design.

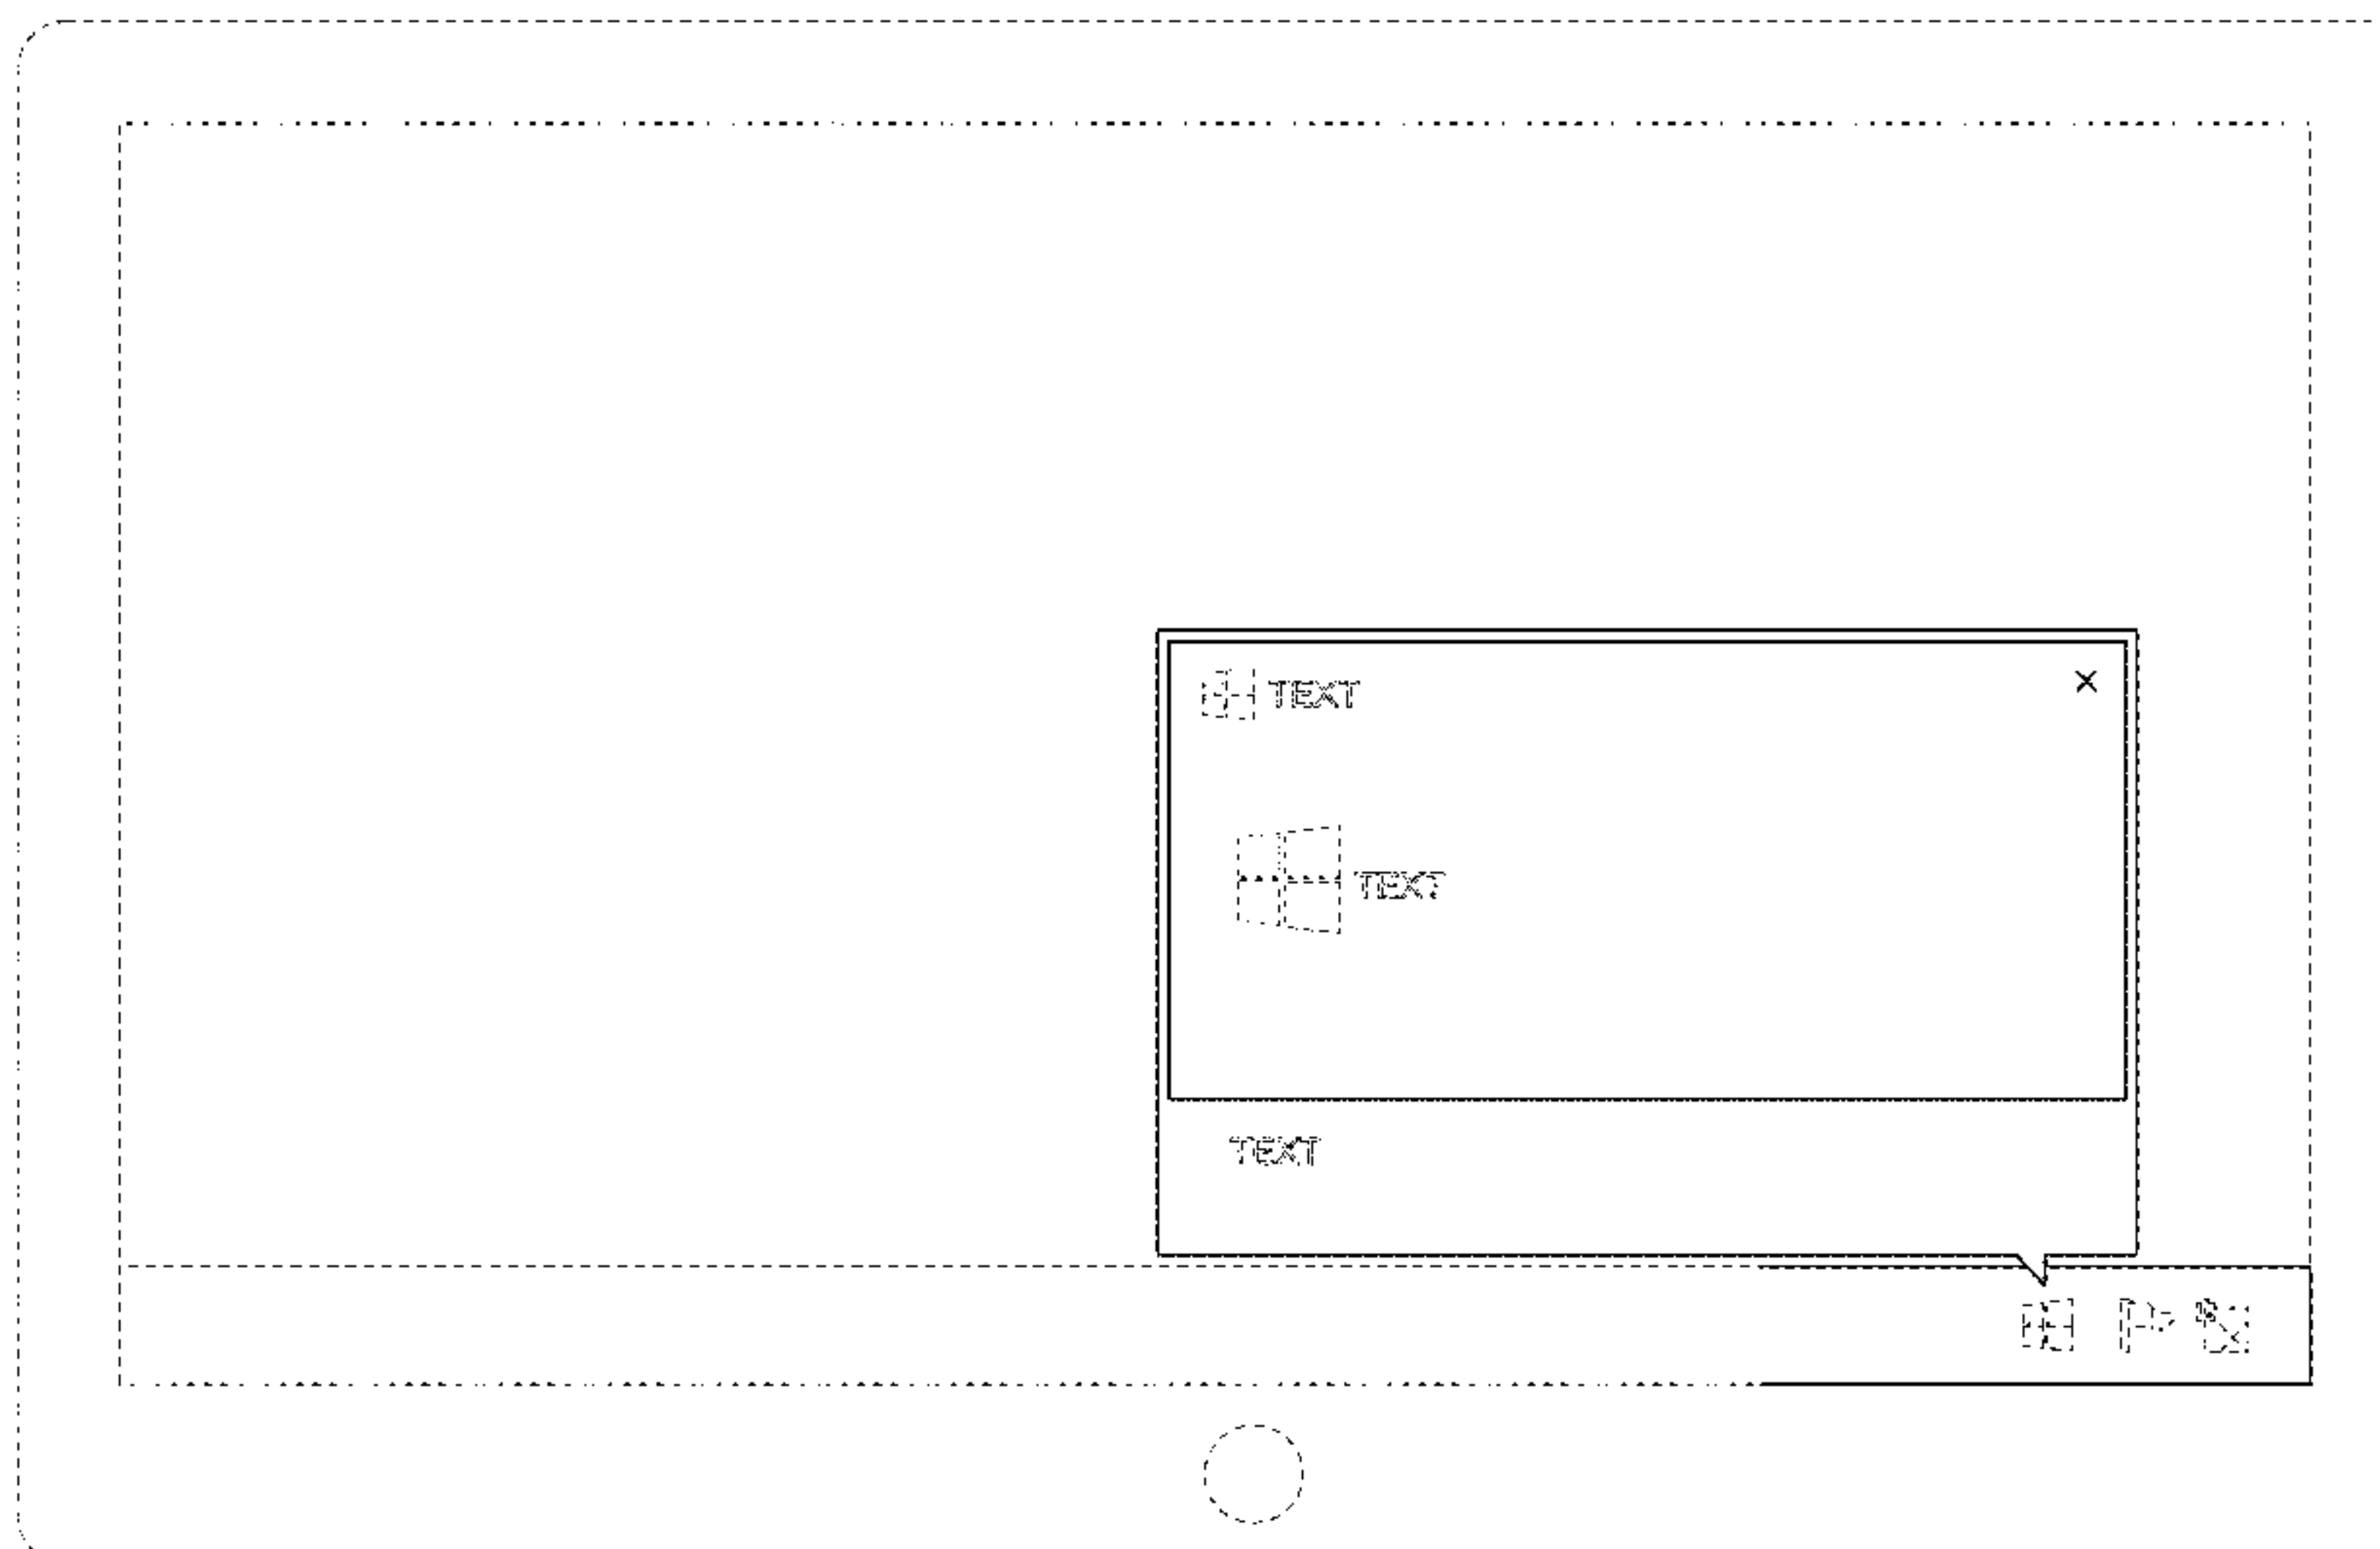

The outermost broken line and the broken line showing of the circular feature illustrate an electronic device. The inner broken line at the periphery of the figure illustrates the remainder of the display screen. The remaining broken lines illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.
