(57) **CLAIM**

The ornamental design for a display screen with navigation bar for browser-based graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a display screen with navigation bar for browser-based graphical user interface showing our new design; and,

FIG. 2 is a front view of a second embodiment thereof.

The outermost broken lines in the figures of the article illustrate the display screen.

The remaining broken lines illustrate the boundary of the claimed design. The broken lines form no part of the claimed design.
