(57) **CLAIM**

The ornamental design for a display screen with transitional graphical user interface, as shown.

**DESCRIPTION**

FIG. 1 is a front view of a first image of a display screen with transitional graphical user interface showing my new design; FIG. 2 is a front view of a second image; and, FIG. 3 is a front view of a third image. The broken line showing of a mobile device illustrates the environment of the article and forms no part of the claimed design. The remaining broken lines illustrate portions of the display screen and portions of the graphical user interface, and form no part of the claimed design. The appearance of the image transitions sequentially between the images shown in FIGS. 1-3. The process in which an image transitions to another forms no part of the claimed design.
