(57) **CLAIM**

The ornamental design for a display screen portion with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen portion with graphical user interface showing our new design.

The broken line showing of a portion of a display screen forms no part of the claimed design. The broken line showing of text and portions of the graphical user interface represents environmental subject matter and forms no part of the claimed design. The greyscale fill shown in portions of the figure indicates that the region in which the greyscale fill appears represents a contrasting appearance to the areas of the claimed design that do not contain greyscale fill.
