(57) **CLAIM**
The ornamental design for a display panel of an electronic personal training device with a graphical user interface, as shown and described.

DESCRIPTION

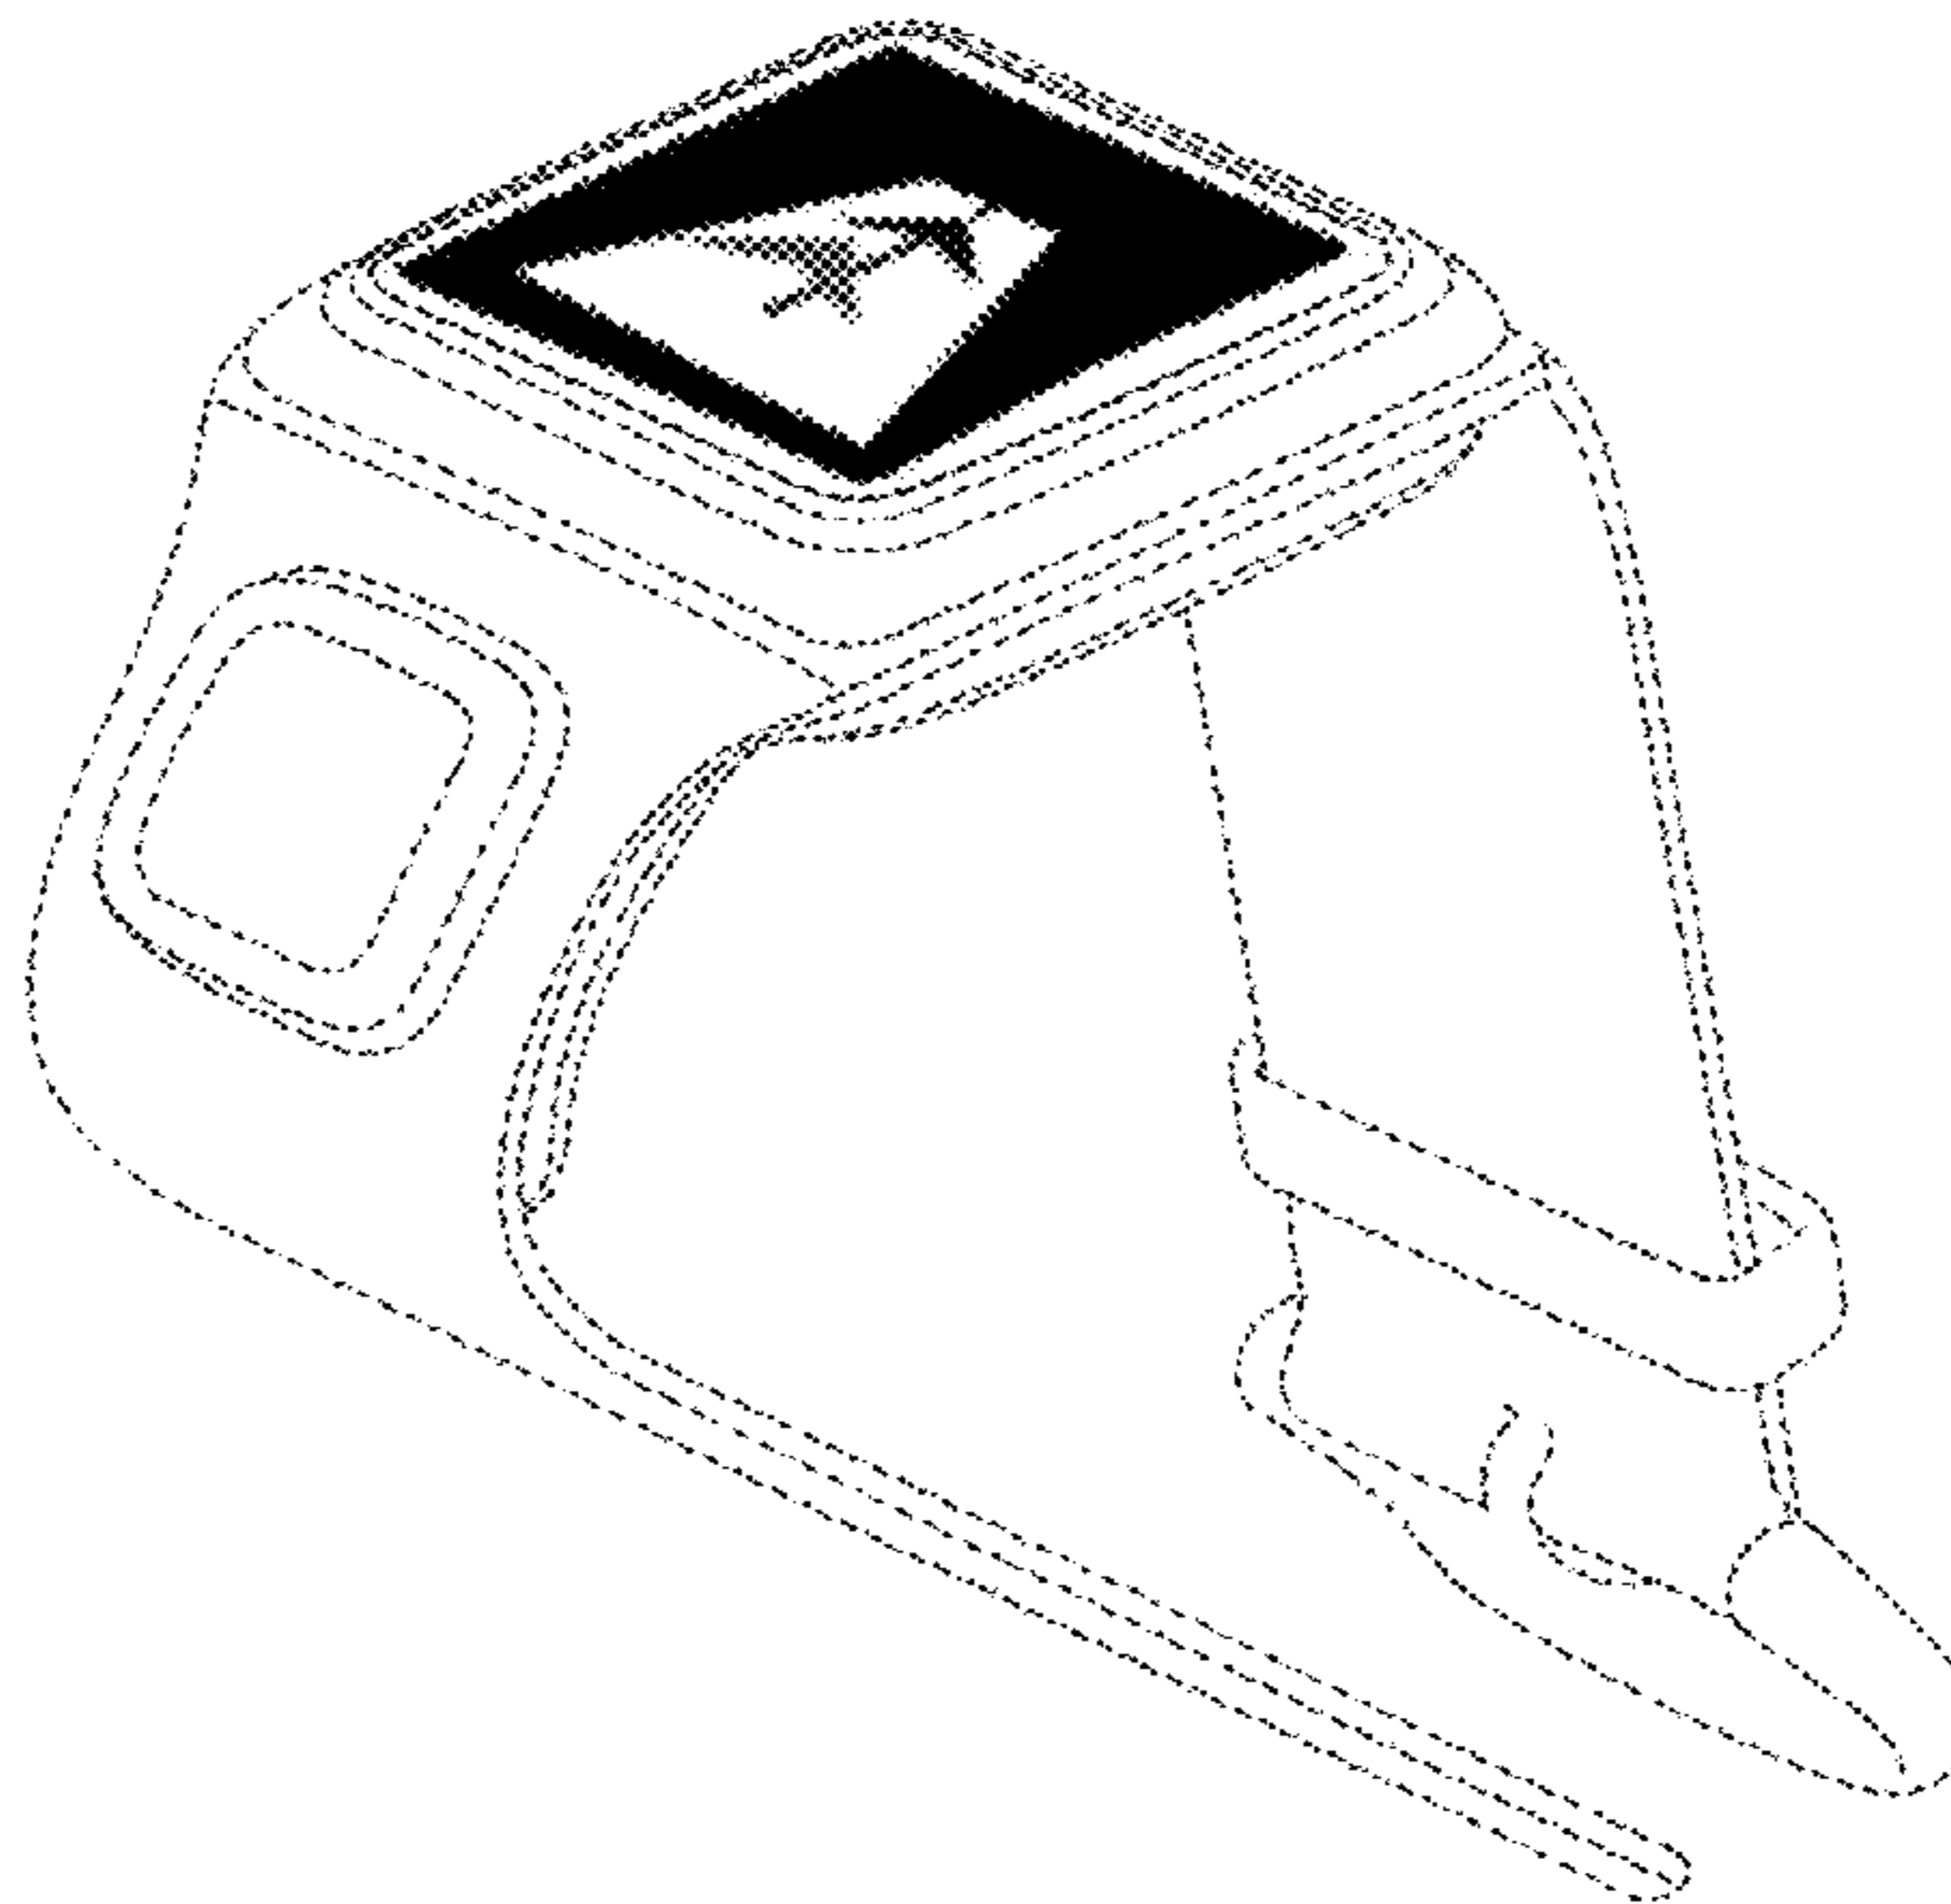

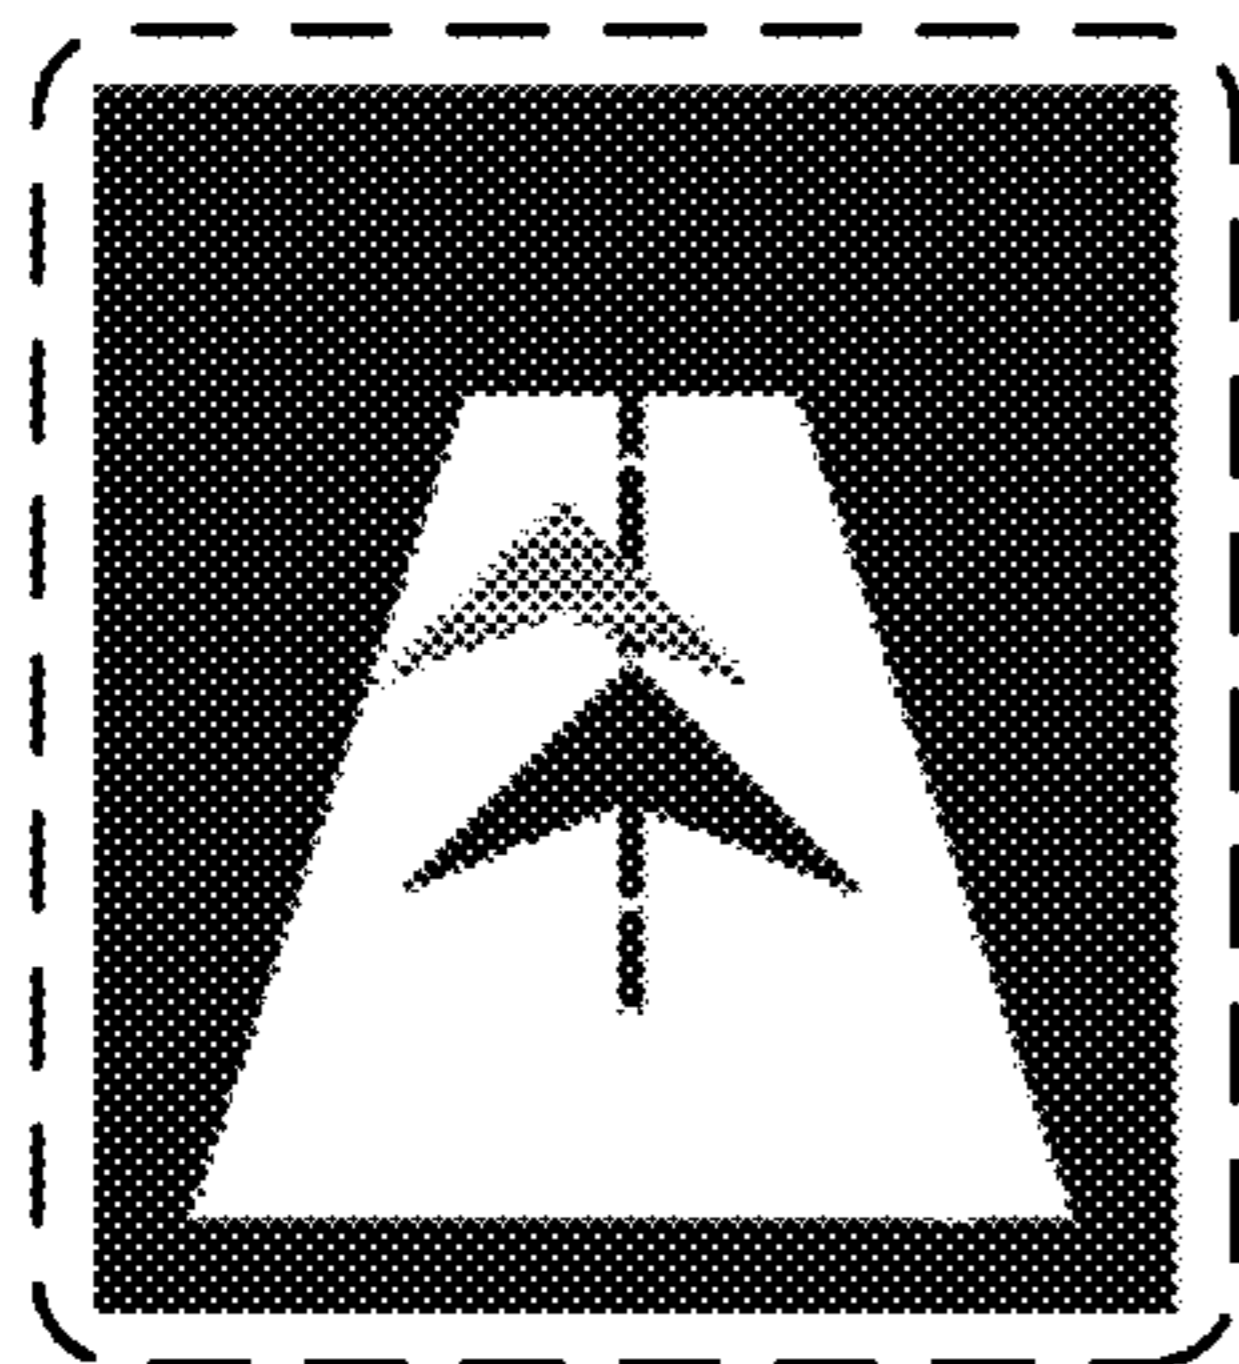

FIG. 1 is a front elevational view of a first image in a sequence for a display panel of an electronic personal training device with a graphical user interface showing my new design.
FIG. 2 is a second image thereof.
FIG. 3 is a third image thereof.
FIG. 4 is a fourth image thereof; and,
FIG. 5 is a perspective view of the image of FIG. 3, shown on a personal training device.
The appearance of the transitional graphical user interface sequentially transitions between the images shown in FIGS. 1 to 4. The process or period in which one image transitions to another image does not form part of the claimed design. The broken lines shown in FIGS. 1-4 illustrate portions of the display panel of an electronic personal training device with a graphical user interface that form no part of the claimed design. The broken line showing of a personal training device in FIG. 5 form no part of the claimed design.
