(57) **CLAIM**

The ornamental design for a stringer clip, as shown and described.

DESCRIPTION

FIG. 1 is a left lower back isometric view of a stringer clip assembly with a stringer clip according to the present invention.

FIG. 2 is a left side elevation view of the stringer clip assembly of FIG. 1 in a typical orientation.

FIG. 3 is an left upper back isometric view of the stringer clip of FIG. 1.

FIG. 4 is a back elevation view of the stringer clip of FIG. 1.

FIG. 5 is a front elevation view of the stringer clip of FIG. 1.

FIG. 6 is a left side elevation view of the stringer clip of FIG. 1, the right side of the stringer clip being a mirror image thereof.

FIG. 7 is a top plan view of the stringer clip of FIG. 1; and, FIG. 8 is a bottom plan view of the stringer clip of FIG. 1. The broken line showing of a fastener stud is for the purpose of illustrating a related assembly and forms no part of the claimed design.
