(57) **CLAIM**

The ornamental design for a packaging berry box, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a front view of the new design for a packaging berry box according to the present invention;

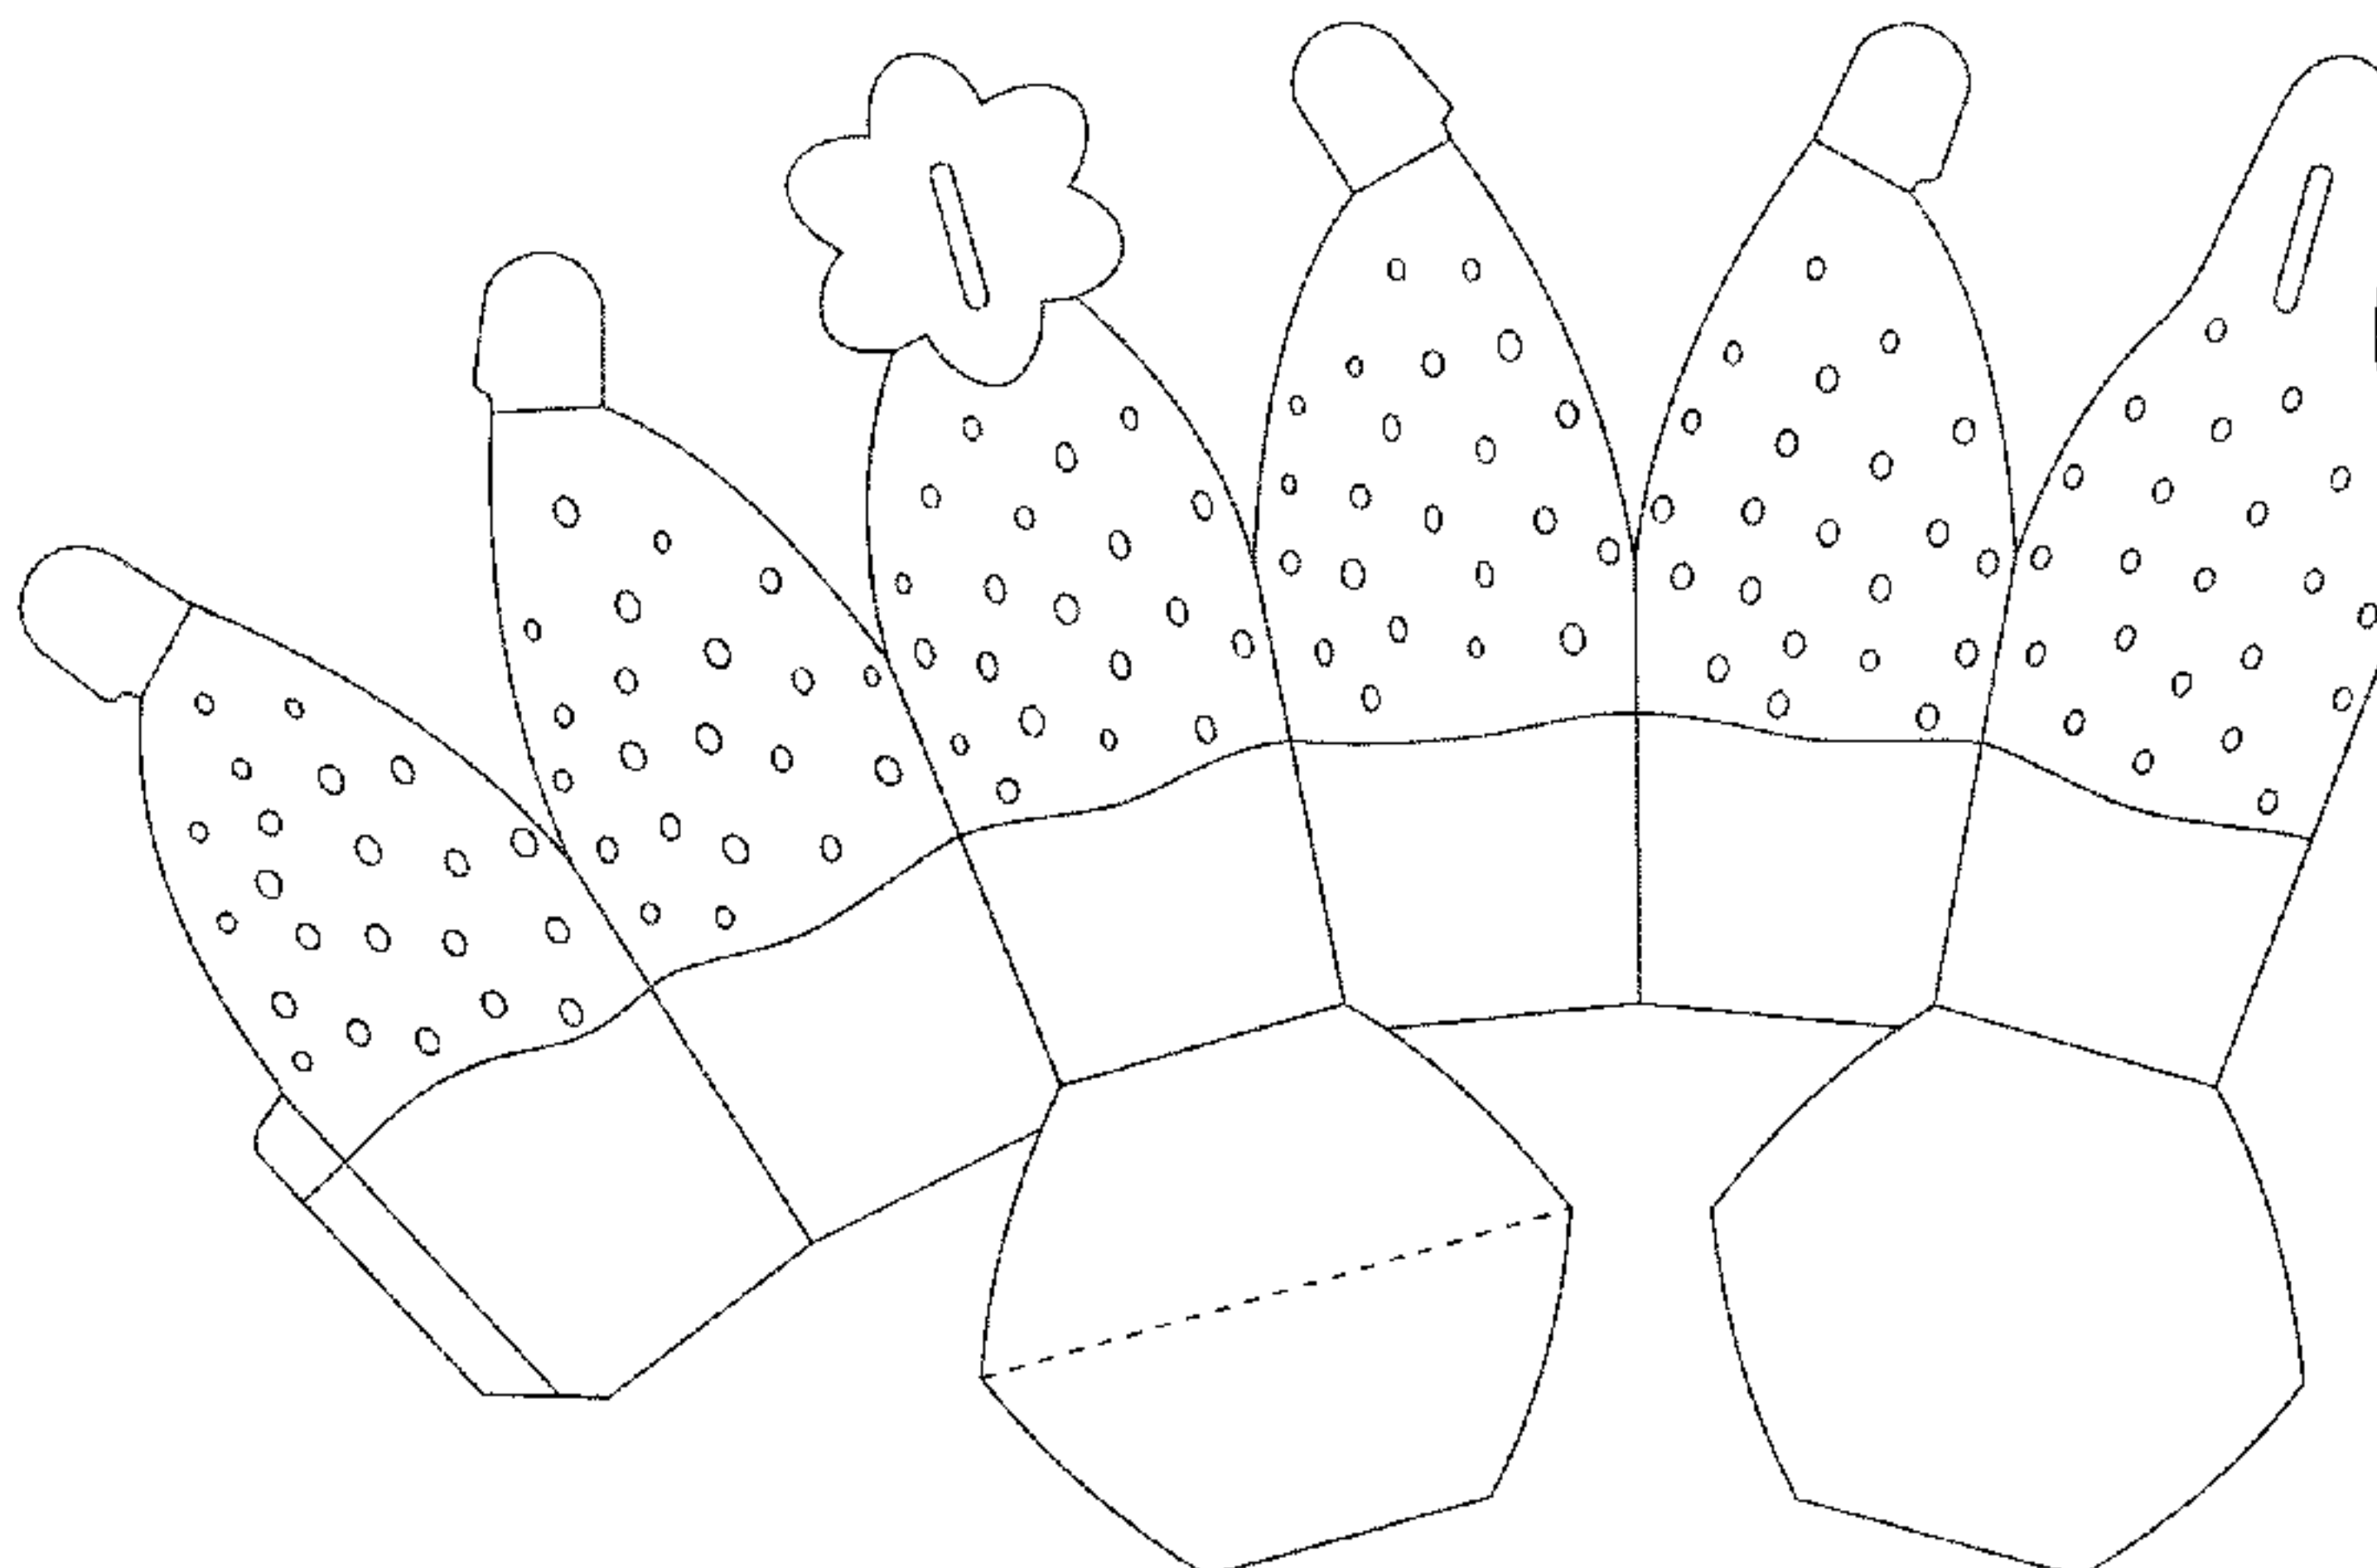

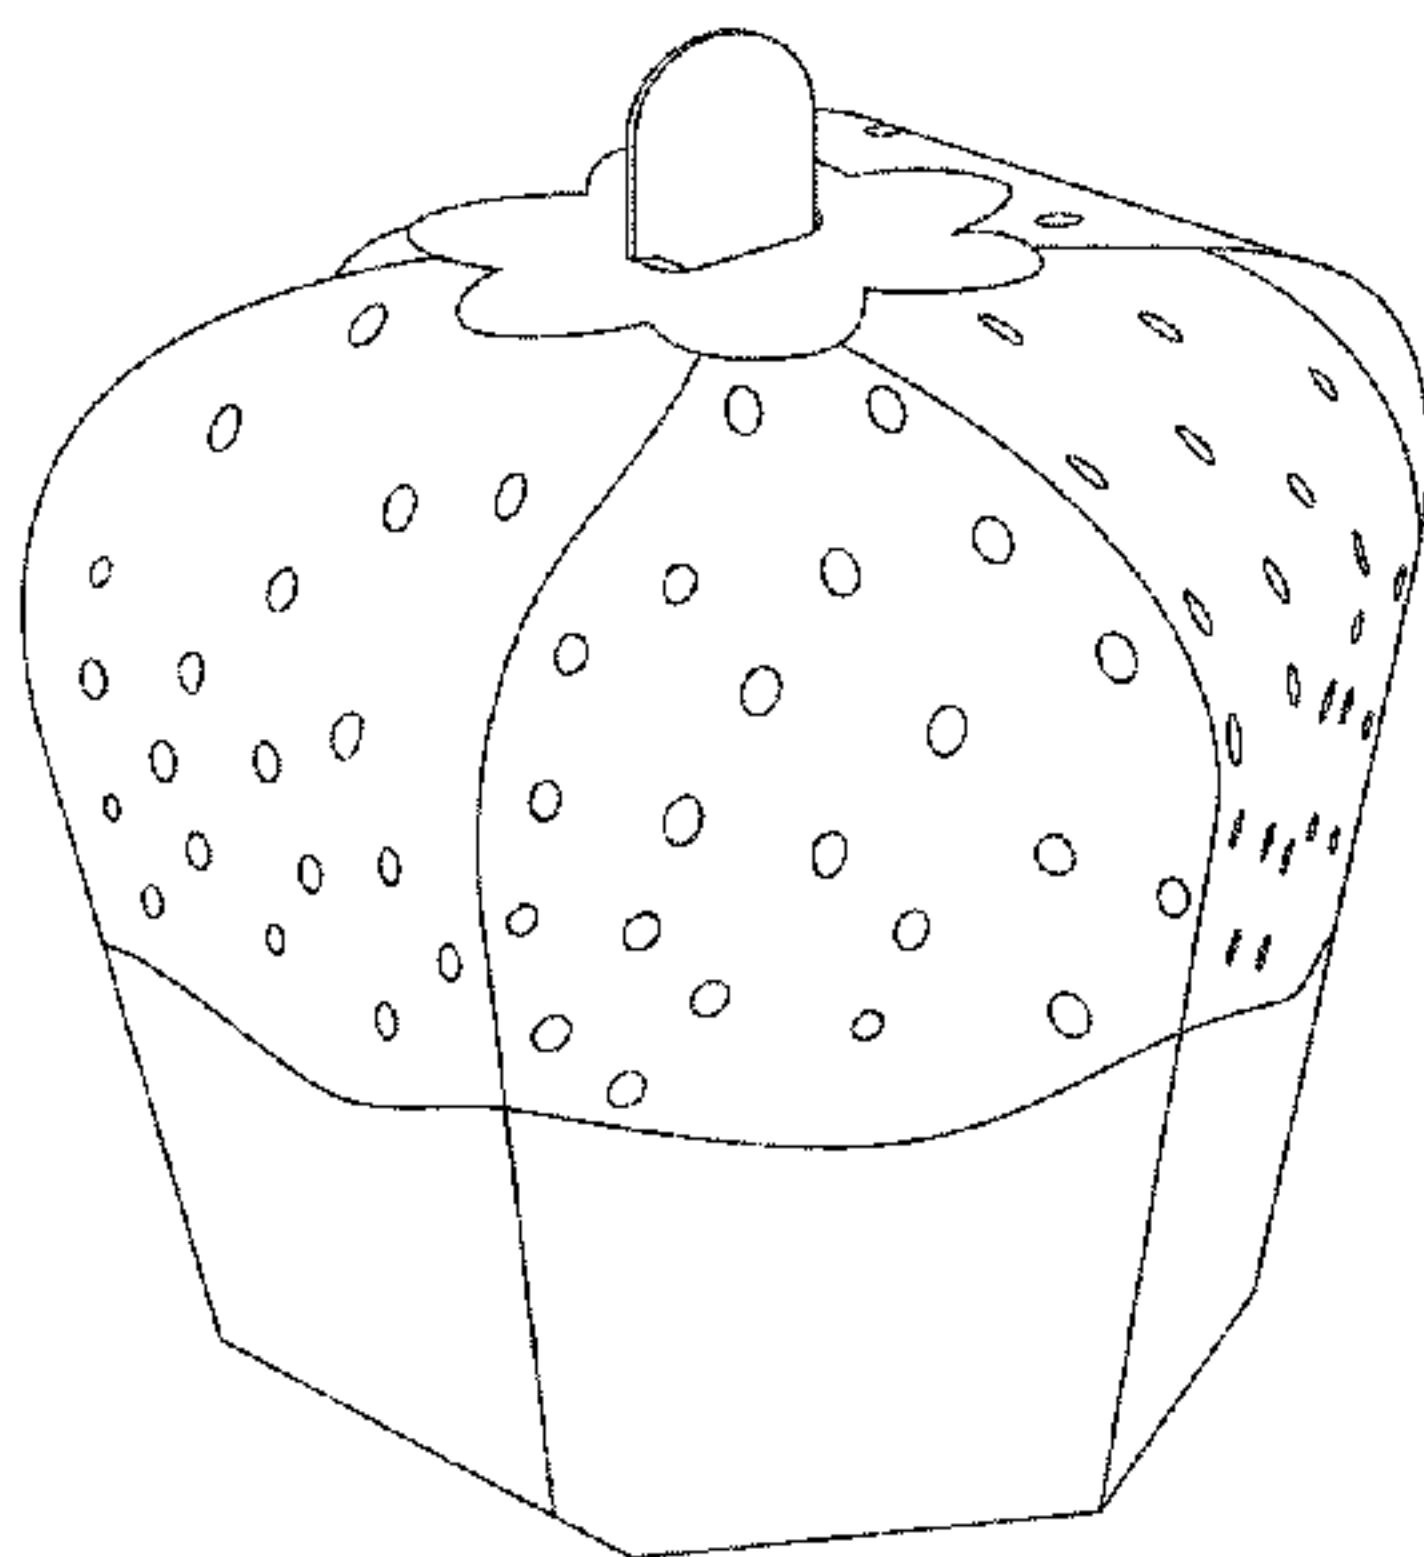

FIG. 2 is a front elevation view of the new design for a packaging berry box according to the present invention, the rear elevation view being a mirror image thereof;

FIG. 3 is a right side elevation view for a packaging berry box according to the present invention; the left side elevation view being a mirror image thereof;

FIG. 4 is a top view of the new design for a packaging berry box according to the present invention; and,

FIG. 5 is a top view of a blank for producing a packaging berry box according to the present invention, where the broken line represents a fold line that does not form part of the claimed design.

1 Claim, 5 Drawing Sheets

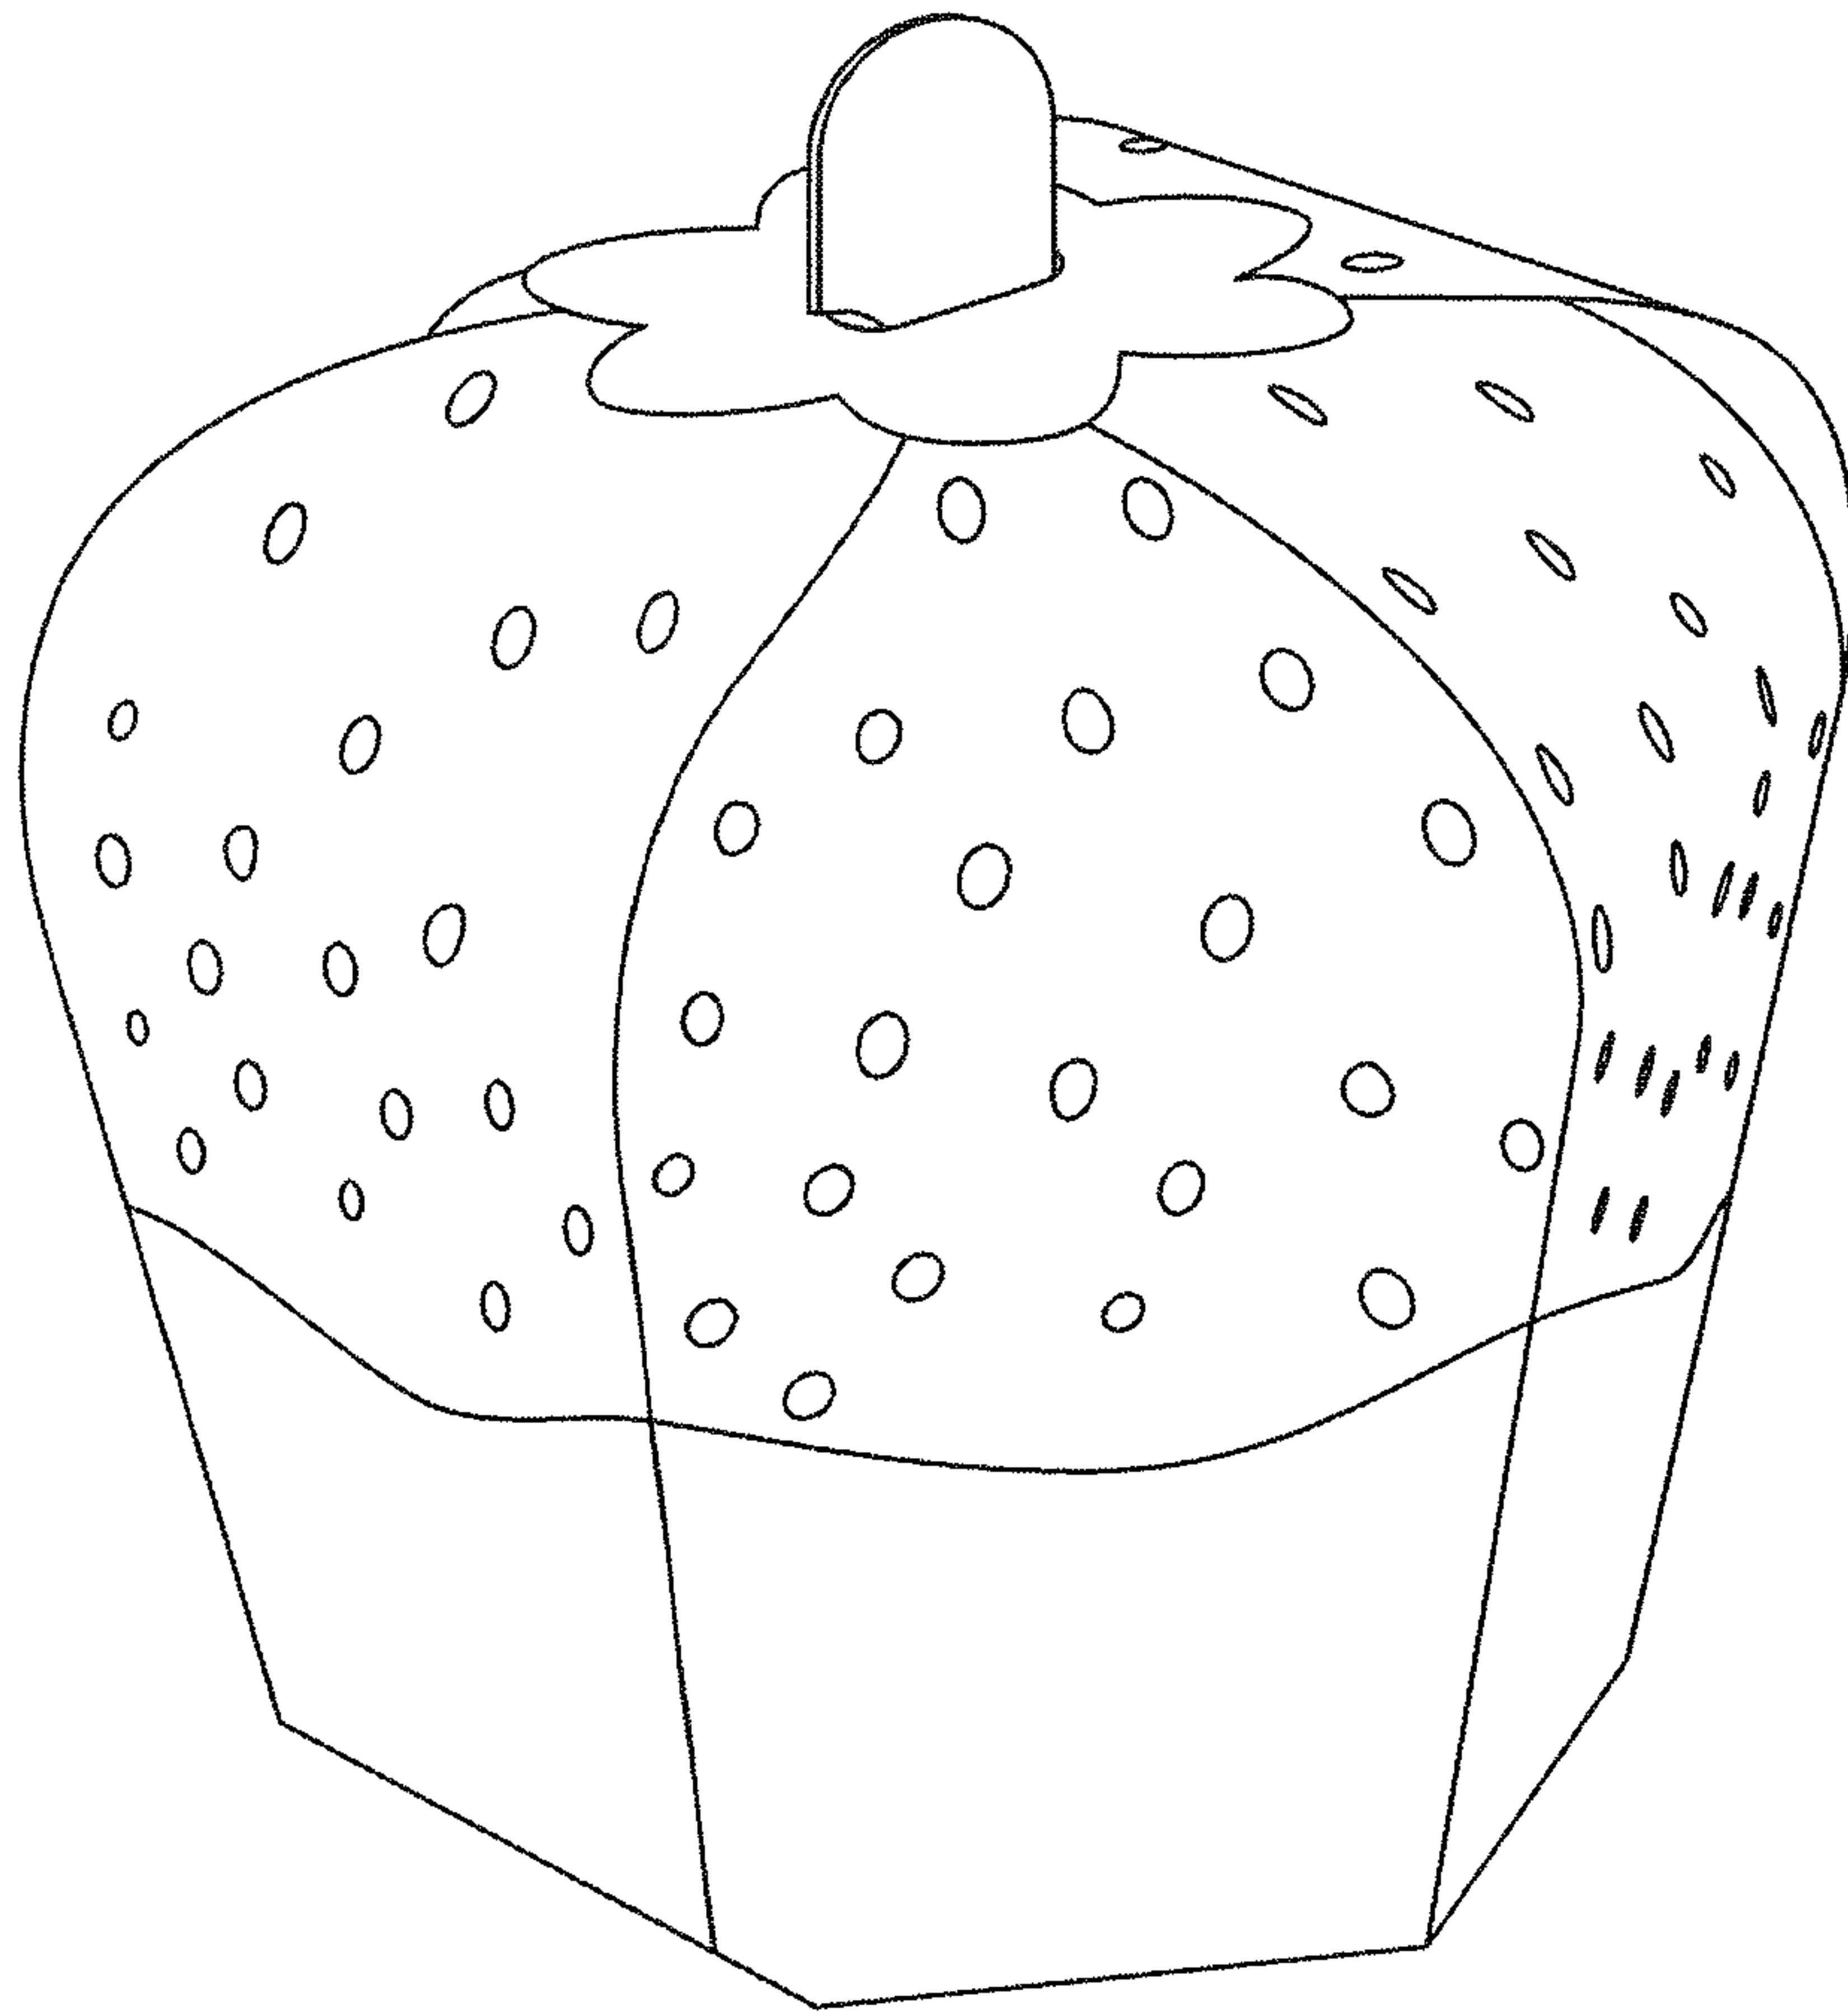

FIG. 1

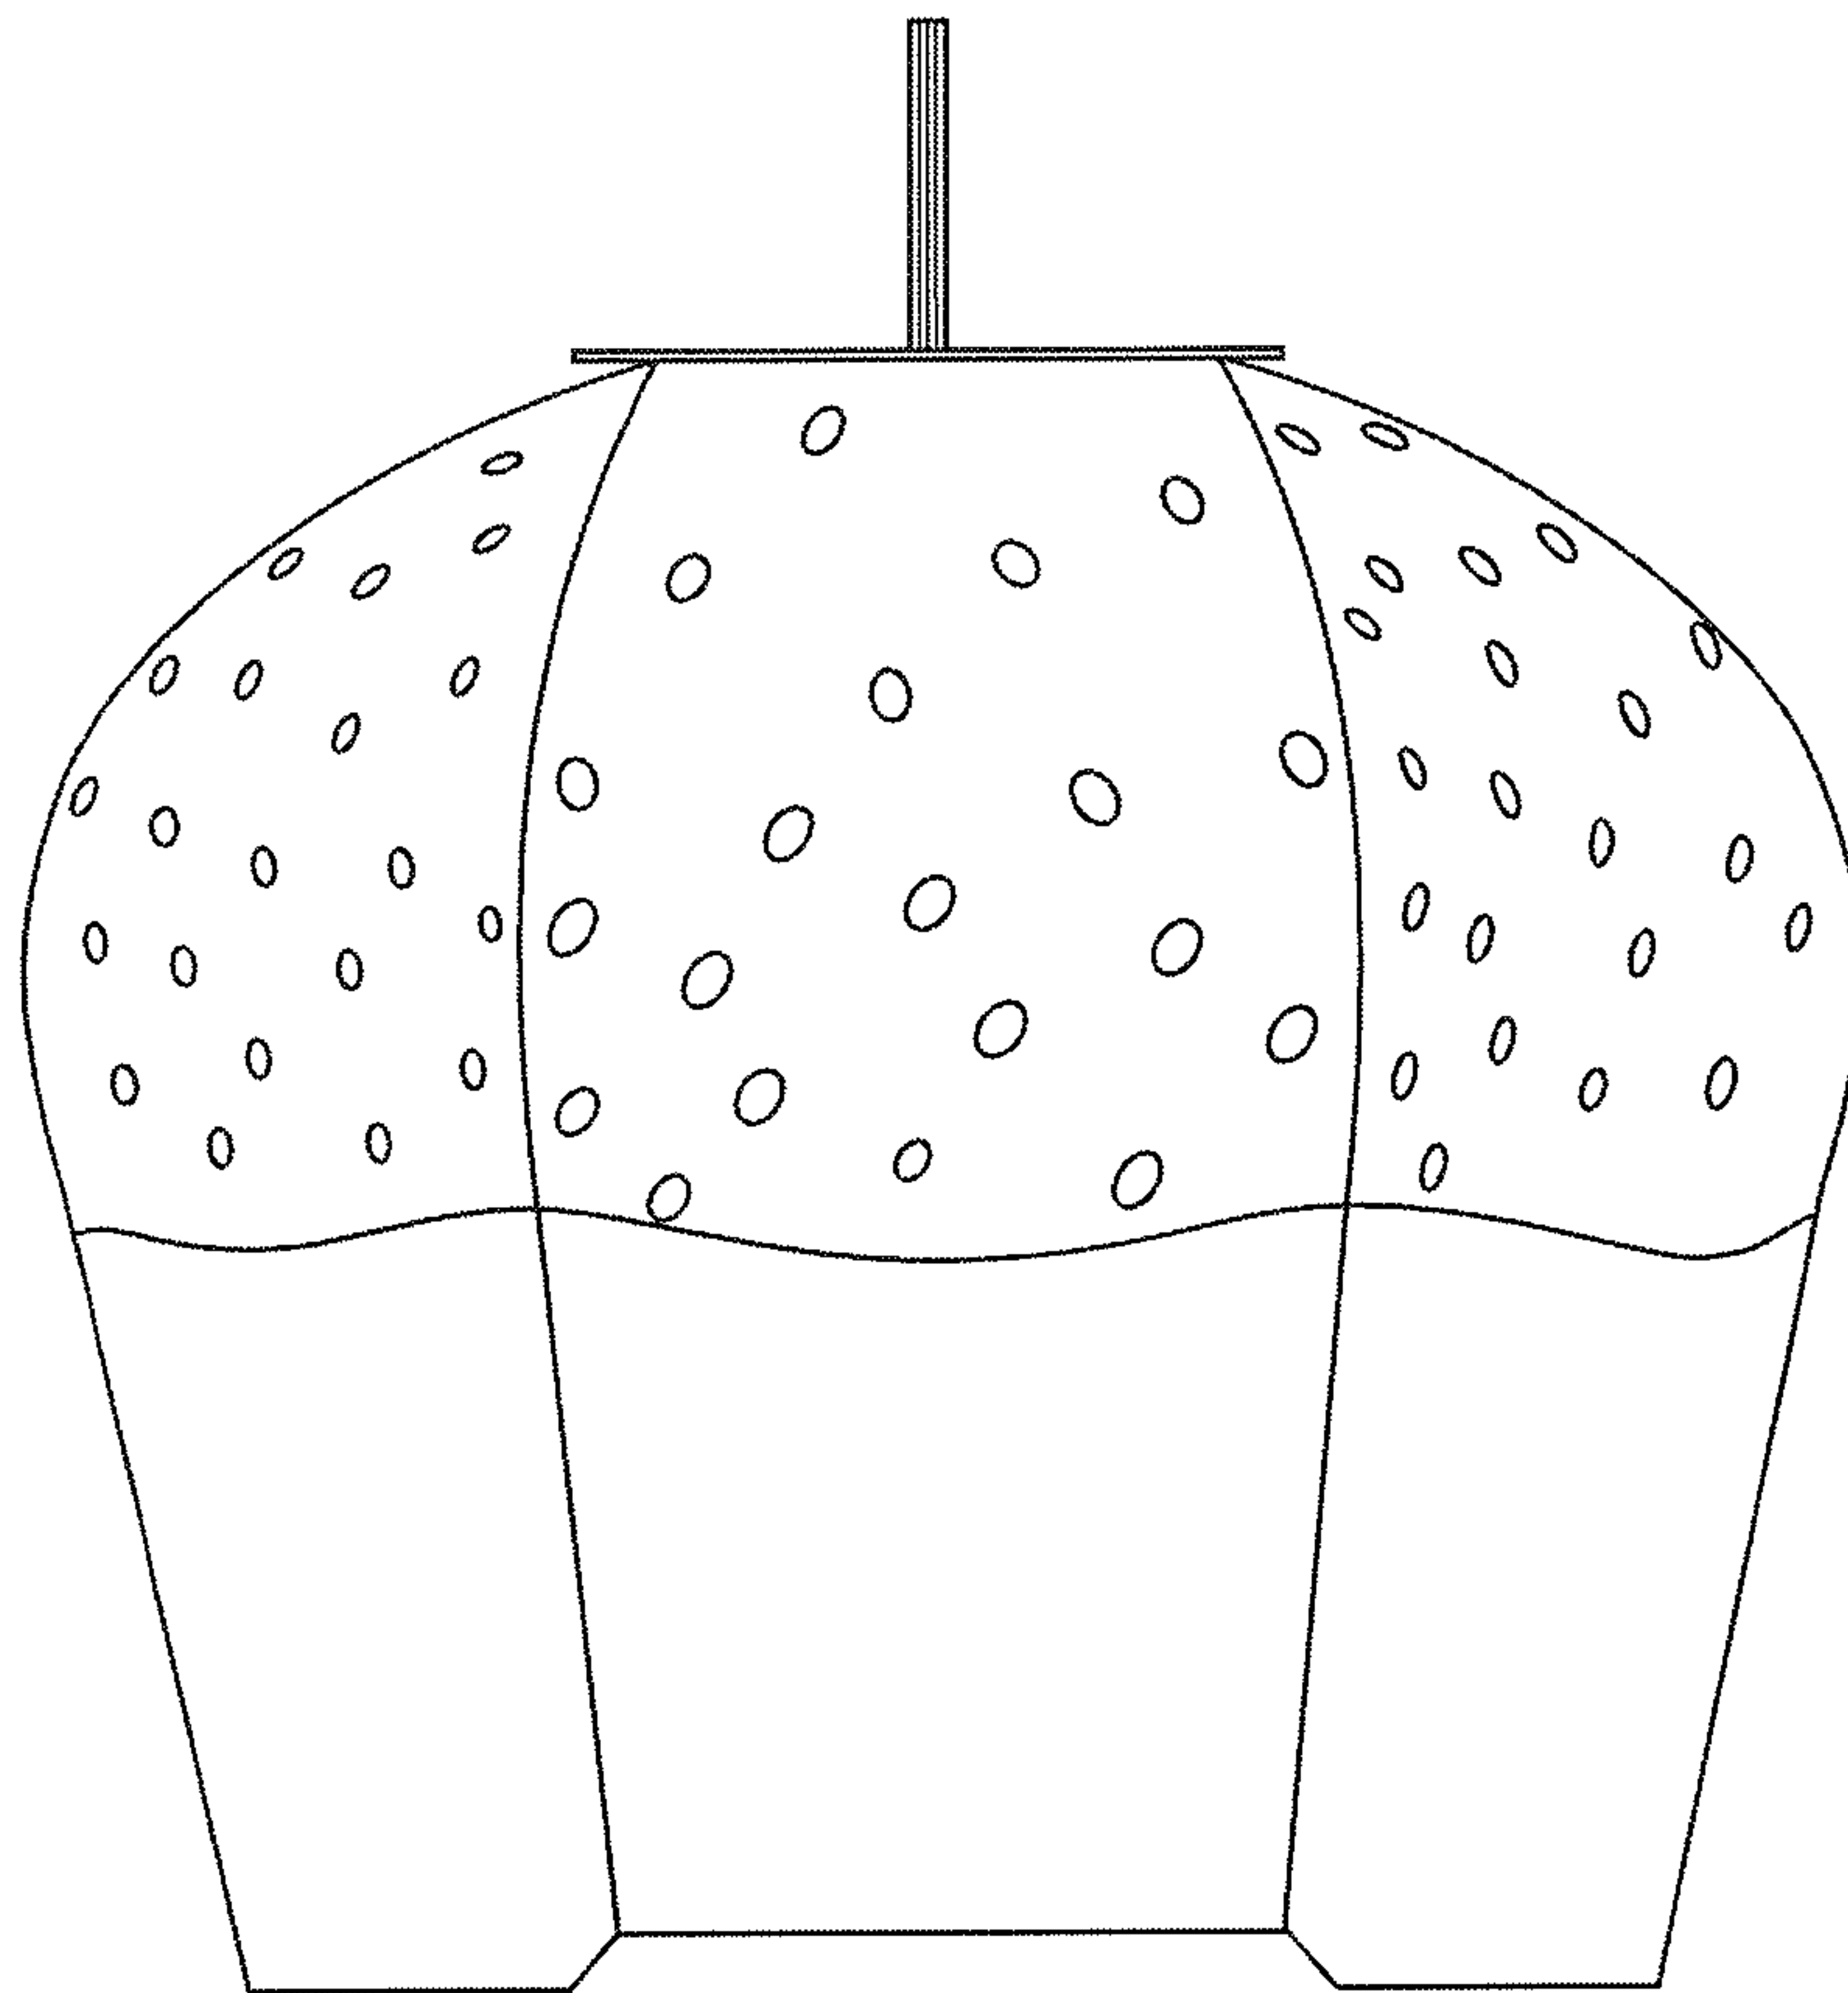

FIG. 2

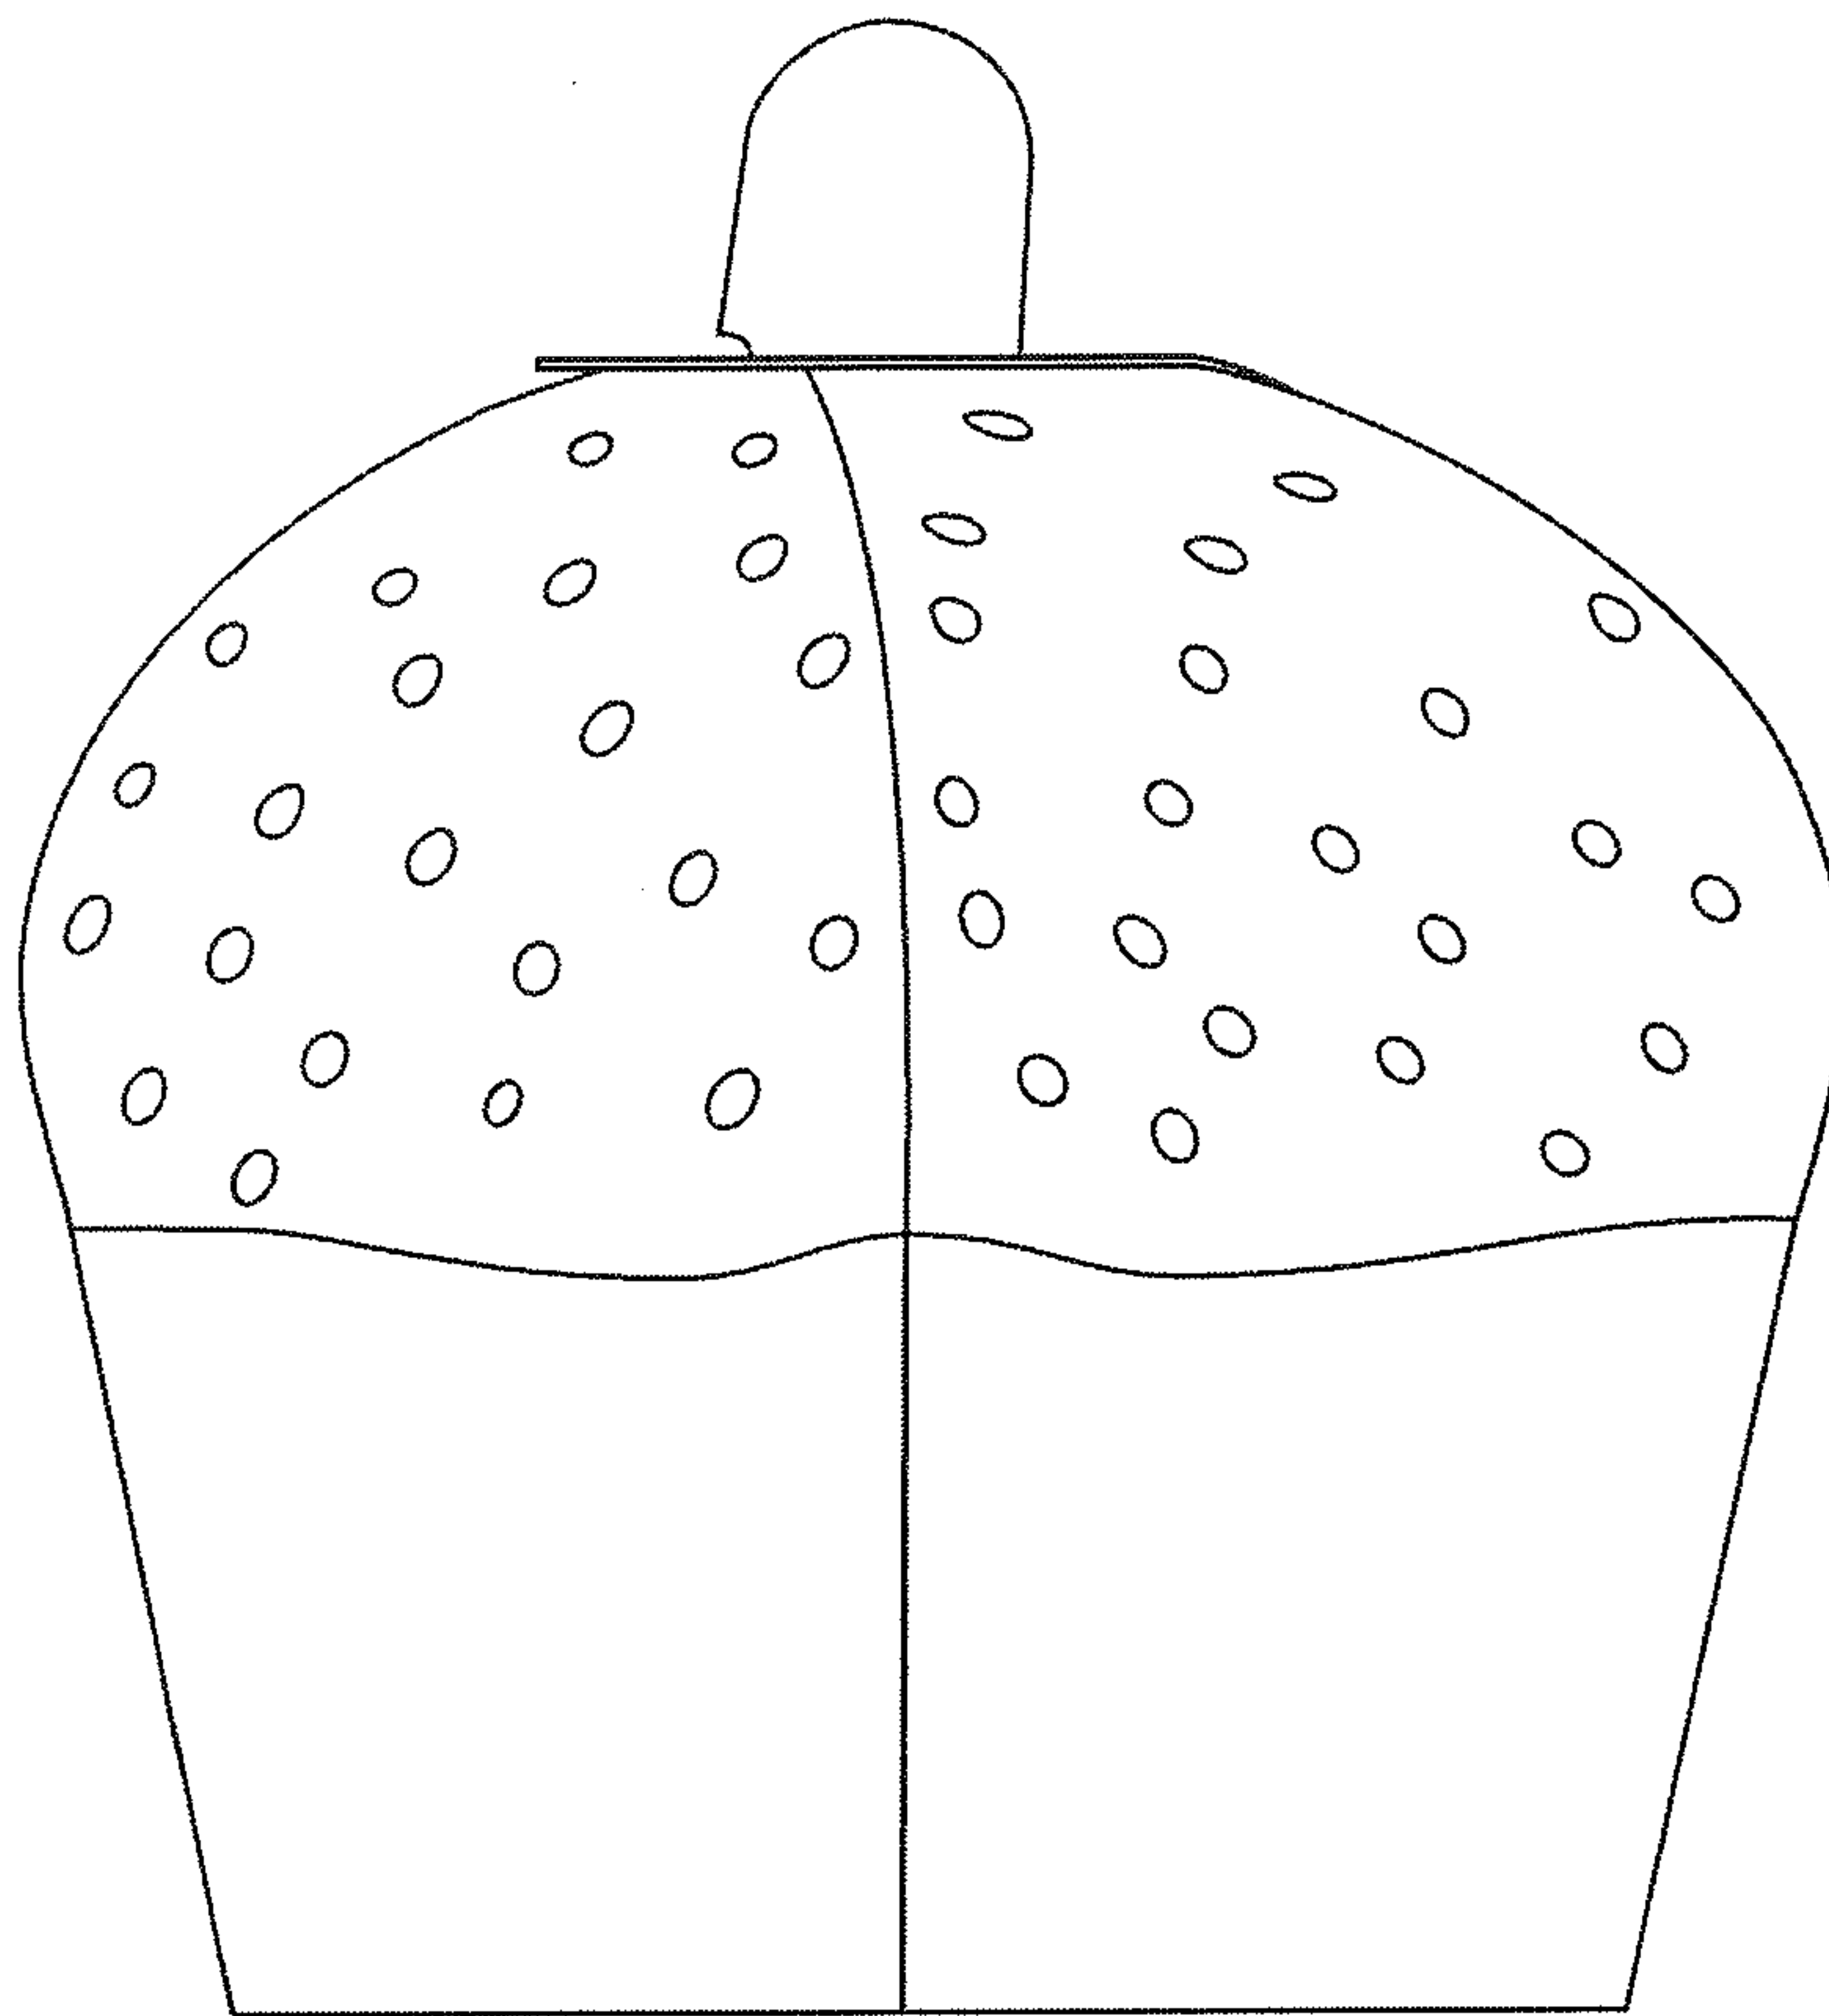

FIG. 3

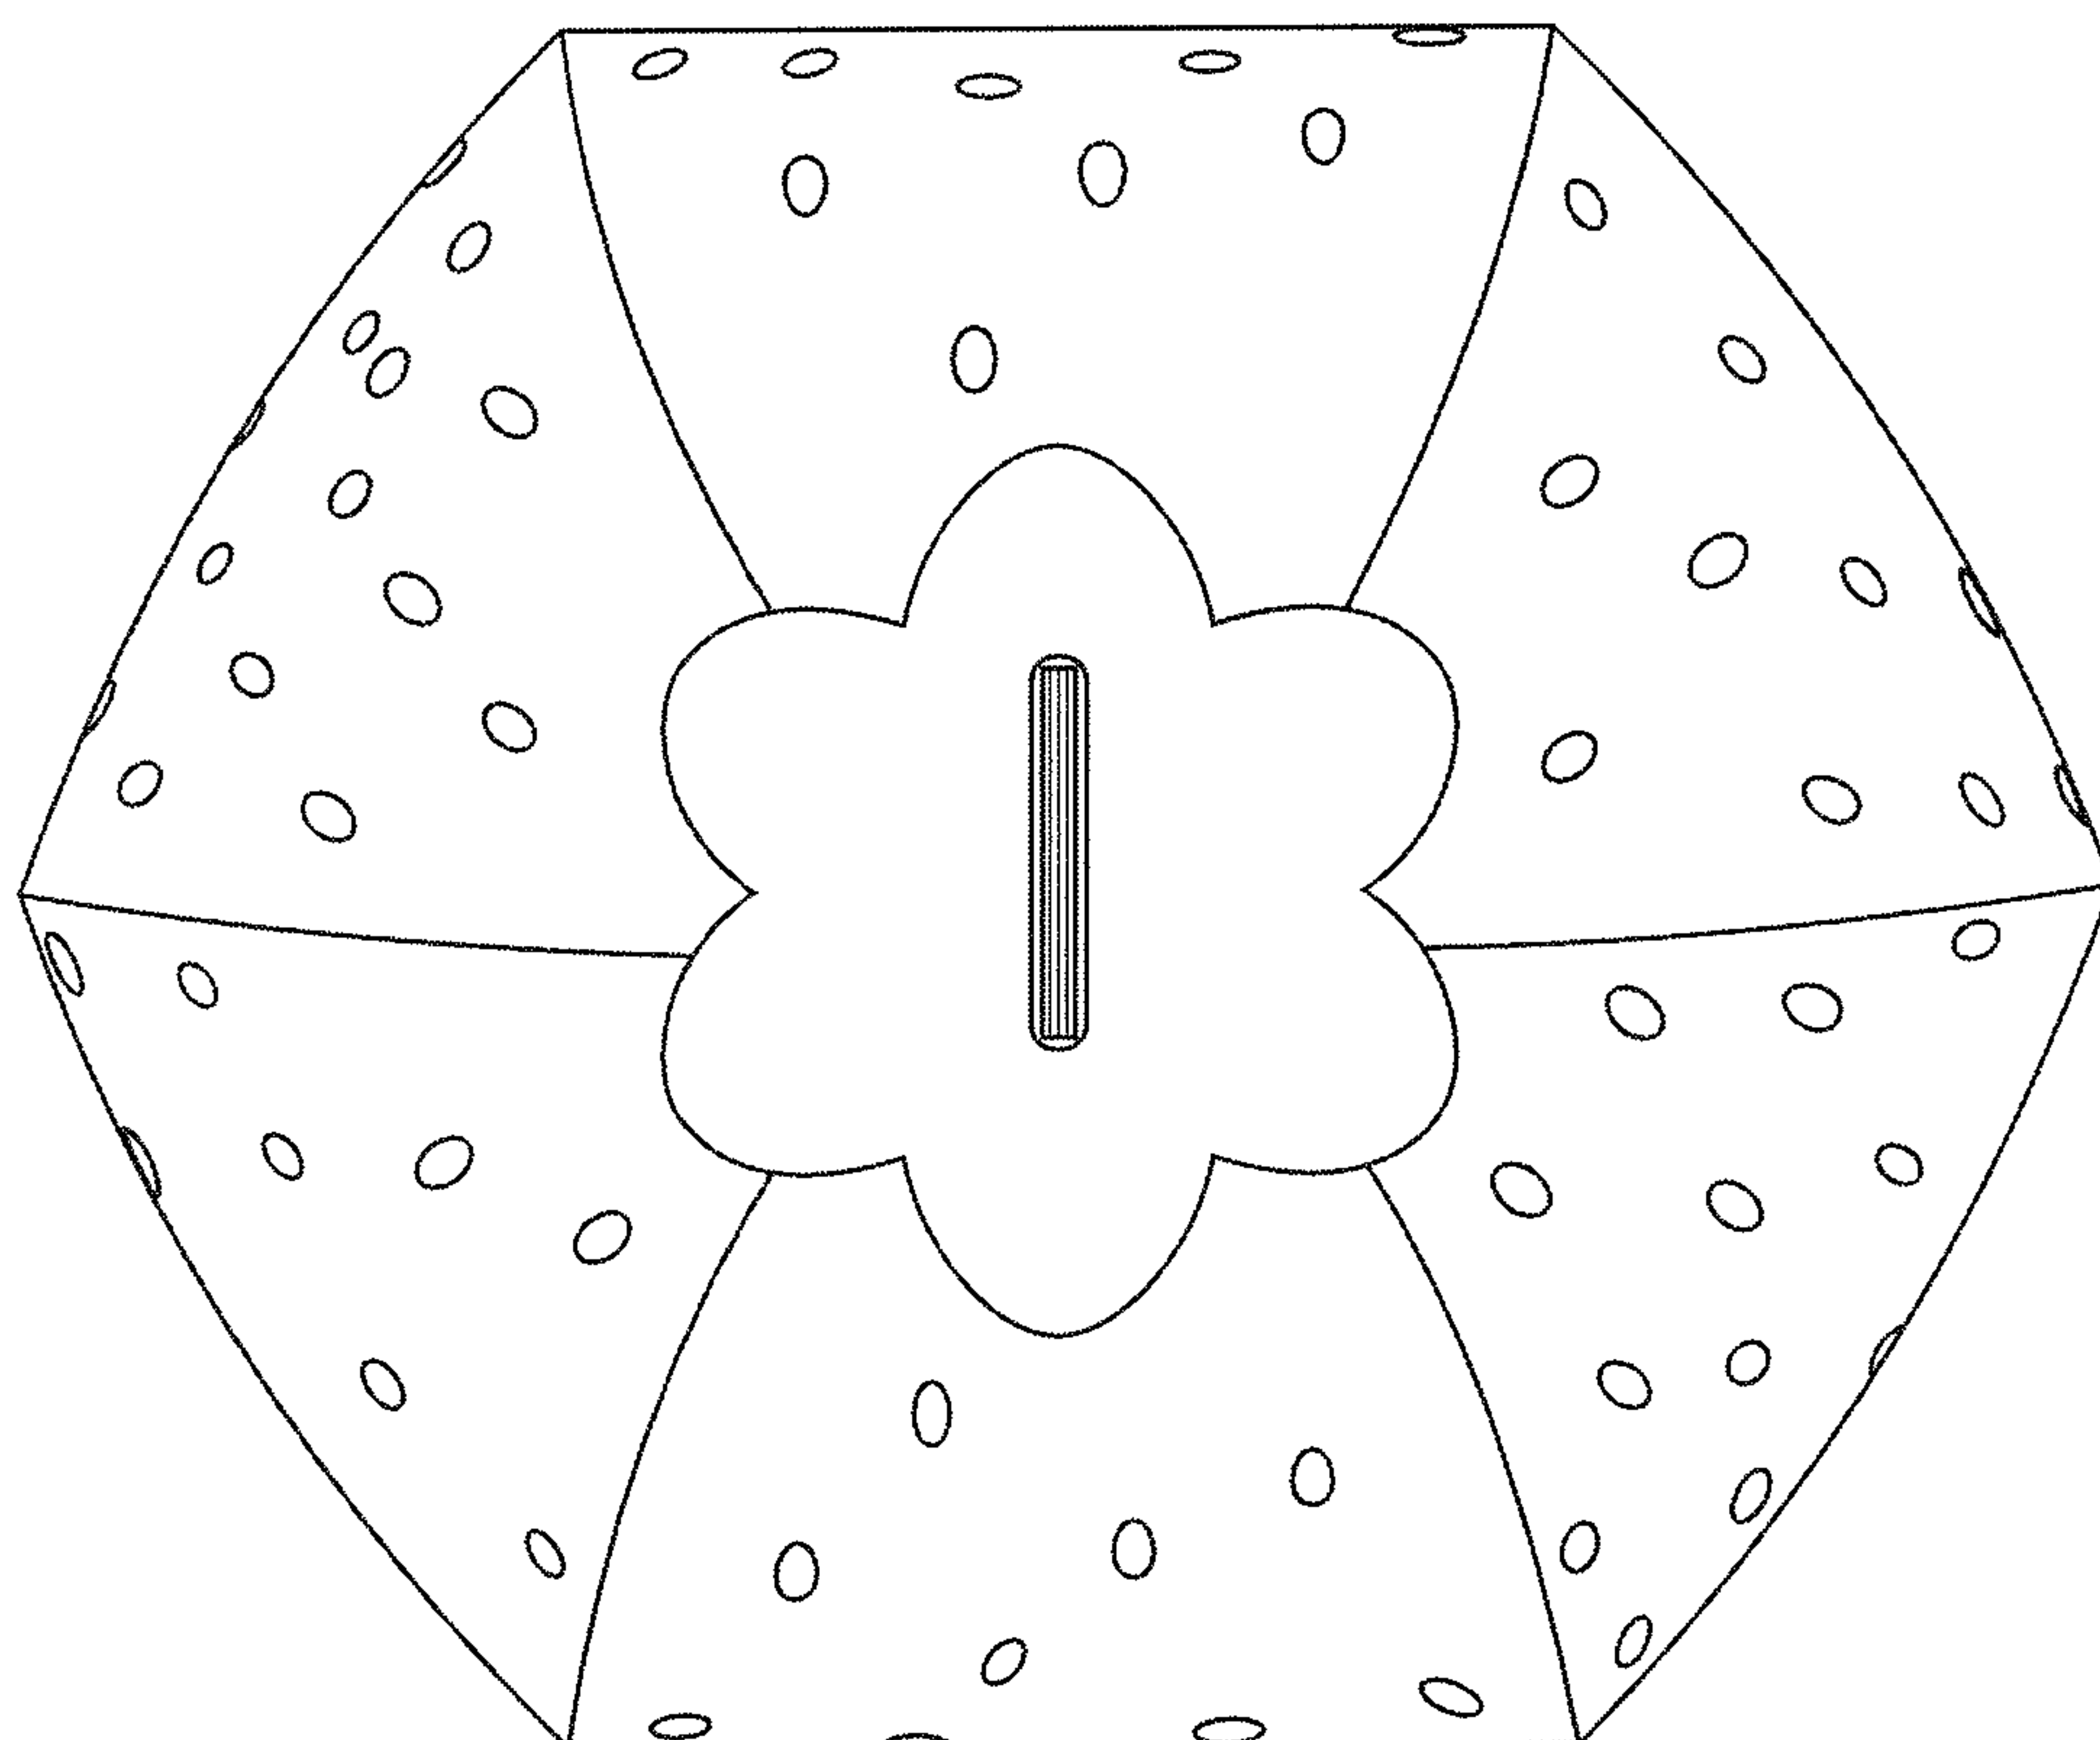

FIG. 4
