FIG. 1 is a front view of a first image of a display screen or portion thereof with animated graphical user interface showing our new design; and,

FIG. 2 is a front view of a second image thereof.

The broken line showing of a display screen or portion thereof illustrates portions of the article, and forms no part of the claimed design.

The appearance of the animated user interface sequentially transitions from the image shown in FIG. 1 to the image shown in FIG. 2. The process or period in which one image transitions to another forms no part of the claimed design.
