(57) **CLAIM**

The ornamental design for a disposable airplane seat back barrier system with tray table sleeve, seatback pocket protector, and seatback cover, as shown.

DESCRIPTION

Cross-reference to related applications: Ser. No. 14/820,539 (filing date Jun. 8, 2014).

FIG. 1 is a left perspective view of a disposable airplane seat back barrier system with tray table sleeve, seatback pocket protector, and seatback cover. The right side view is a mirror image of the left side.

FIG. 2 is a front view of a disposable airplane seat back barrier system with tray table sleeve, seatback pocket protector, and seatback cover

FIG. 3 is a back perspective view of a disposable airplane seat back barrier system with tray table sleeve, seatback pocket protector, and seatback cover

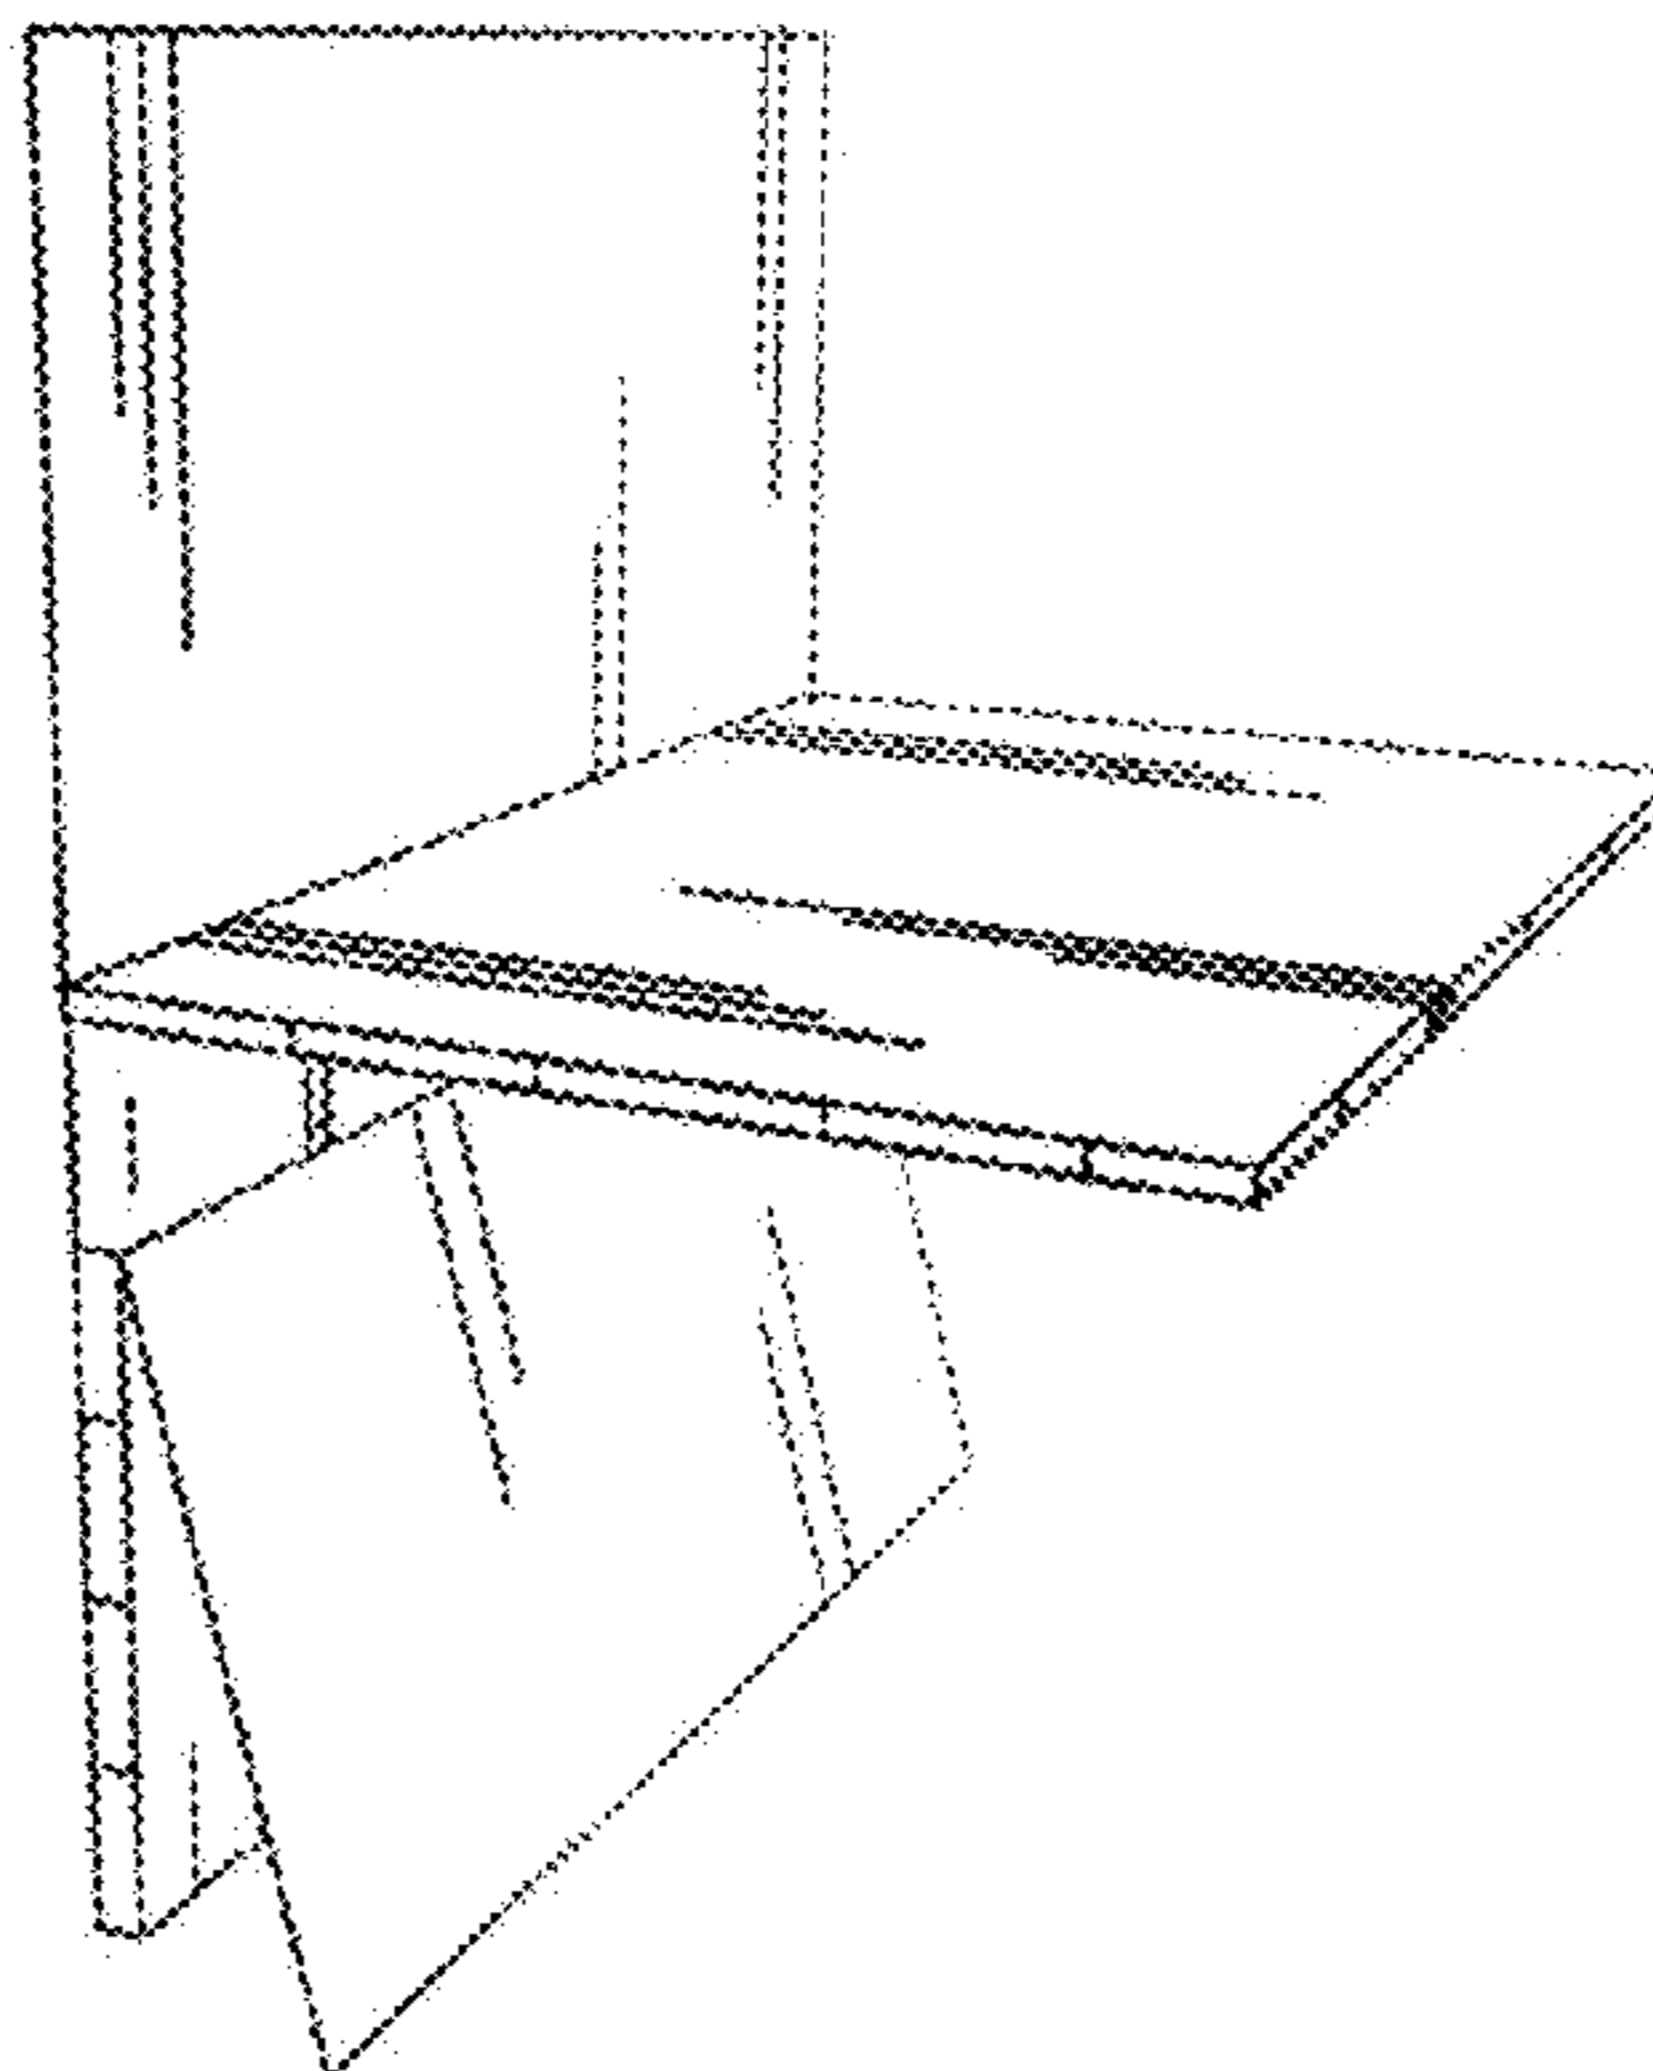

FIG. 4 is a left perspective view of a disposable airplane seat back barrier system with tray table sleeve, seatback pocket protector, and seatback cover with environment of airplane seatback and tray table.

FIG. 5 is a left perspective view of a disposable airplane seat back barrier system with tray table sleeve, seatback pocket protector, and seatback cover installed on airplane tray table; and,

FIG. 6 is a back perspective view of a disposable airplane seat back barrier system with tray table sleeve, seatback pocket protector, and seatback cover installed on airplane tray table.

Broken line illustration of environmental structures (airplane seatback and tray table) is not part of the claimed design.

1 Claim, 3 Drawing Sheets
