(57) **CLAIM**

The ornamental design for a wearable electronic device, as shown and described.

DESCRIPTION

FIG. 1 is a top front perspective view of a wearable electronic device showing our new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a rear elevational view thereof; FIG. 4 is a left side elevational view thereof; FIG. 5 is a right side elevational view thereof; FIG. 6 is a top plan view thereof; FIG. 7 is a bottom plan view thereof; FIG. 8 is an additional top front perspective view thereof with the wearable electronic device shown at a different direction from that of FIG. 1; and, FIG. 9 is an additional top front perspective view thereof with a portion of the band shown partially truncated. The broken lines shown in the drawings represent portions of the electronic device that form no part of the claimed device. The dash-dot-dash lines represent a symbolic break boundary of the band portion of the electronic device and form no part of the claimed design.
