(57) **CLAIM**

The ornamental design for a display panel or screen with a graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front elevational view of a display panel or screen with graphical user interface showing our new design.

The broken line showing of the display panel and the broken line elements of the graphical user interface, form no part of the claimed design. Characters, fonts, texts and icons shown in the display panel or screen form no part of the claimed design. Dot-dash broken lines define the boundaries of, but not included in, the claimed design.
