(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

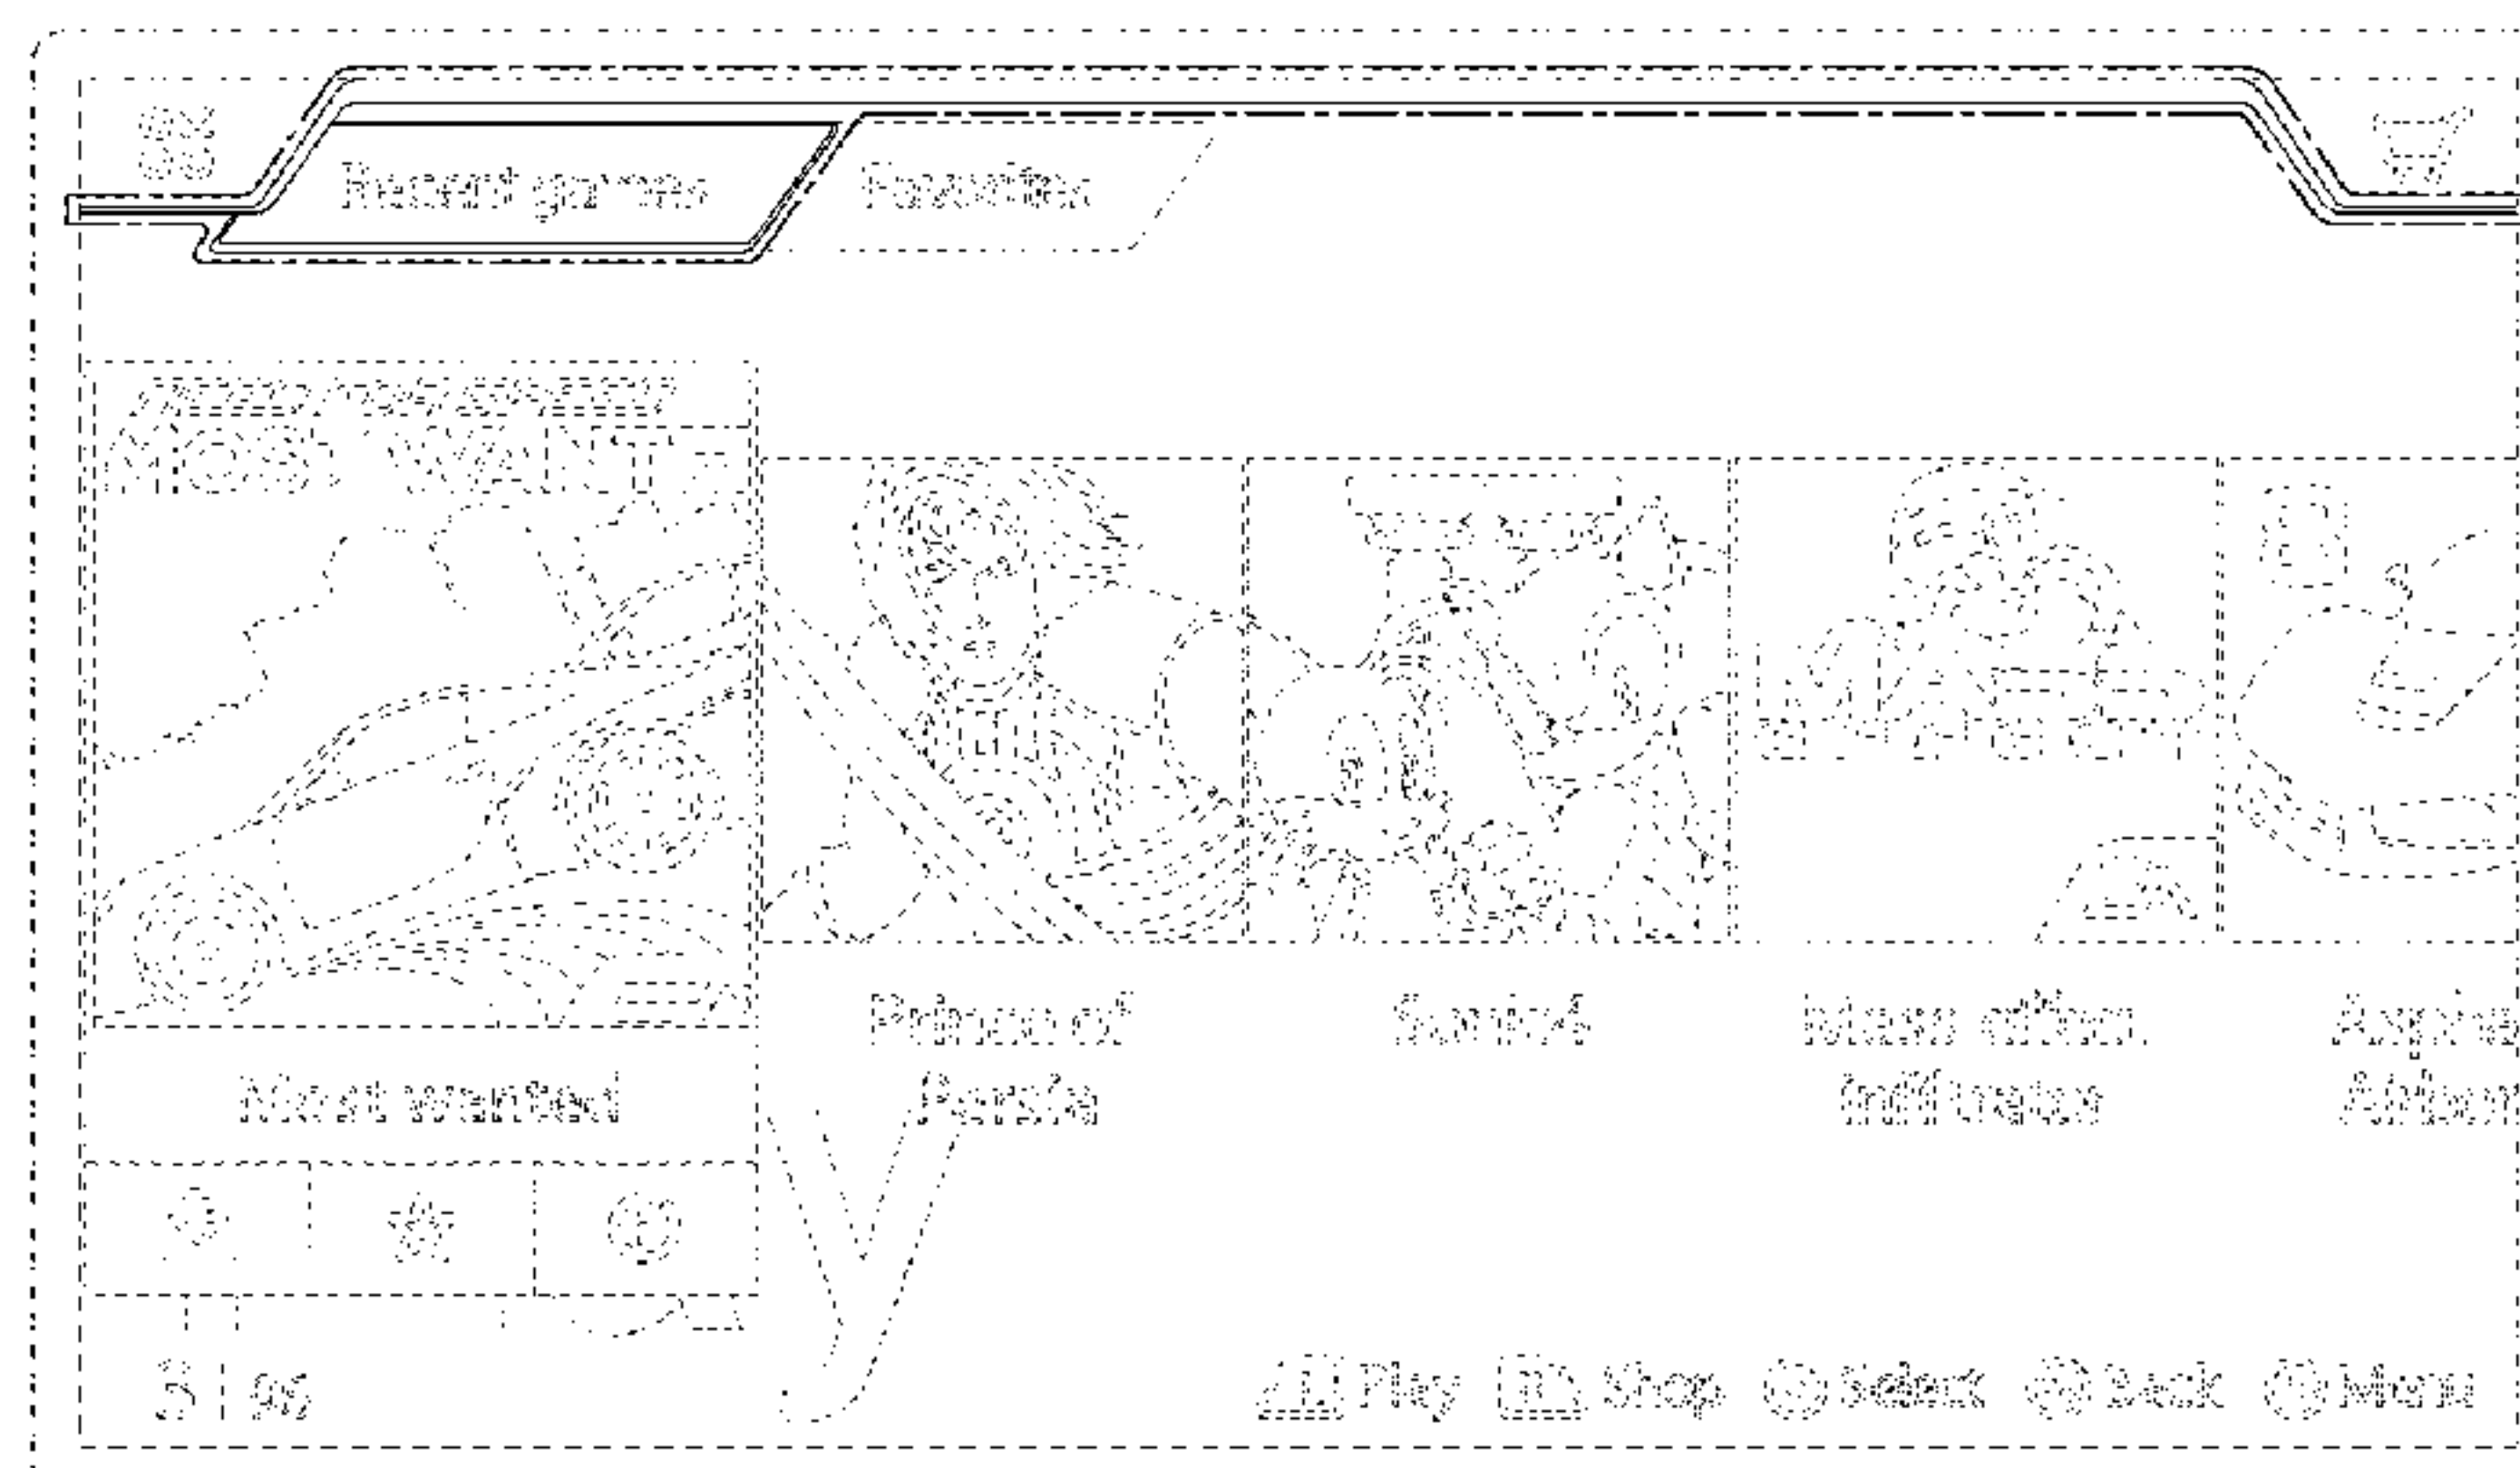

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The outermost even length dashed broken lines show a display screen or portion thereof. The remaining dashed broken lines illustrate portions of a graphical user interface. The broken lines form no part of the claimed design.

The uneven length dot-dash broken lines define the bounds of the claimed design and form no part thereof.
