(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the office upon request and payment of the necessary fee.

FIG. 1 is a front view of a first image of a display screen or portion thereof with animated graphical user interface showing our new design; and,

FIG. 2 is a front view of a second image thereof.

The broken line showing of a display screen or portion thereof, including the lower rectangle formed by broken lines, illustrates portions of the article, and forms no part of the claimed design.

The appearance of the animated user interface sequentially transitions from the image shown in FIG. 1 to the image shown in FIG. 2. The process or period in which one image transitions to another forms no part of the claimed design.
