(57) **CLAIM**

The ornamental design for a set of characters for board game, as shown and described.

DESCRIPTION

FIG. 1 is a back view of a set of characters for board game, showing a first character;

FIG. 2 is a top view of the first character

FIG. 3 is a perspective view of the first character;

FIG. 4 is a right-side view of the first character;

FIG. 5 is a front view of the first character;

FIG. 6 is a back view of a set of characters for board game, showing a second character;

FIG. 7 is a top view of the second character

FIG. 8 is a perspective view of the second character;

FIG. 9 is a right-side view of the second character;

FIG. 10 is a front view of the second character;

FIG. 11 is a back view of a set of characters for board game, showing a third character;

FIG. 12 is a top view of the third character

FIG. 13 is a perspective view of the third character;

FIG. 14 is a right-side view of the third character;

FIG. 15 is a front view of the third character;

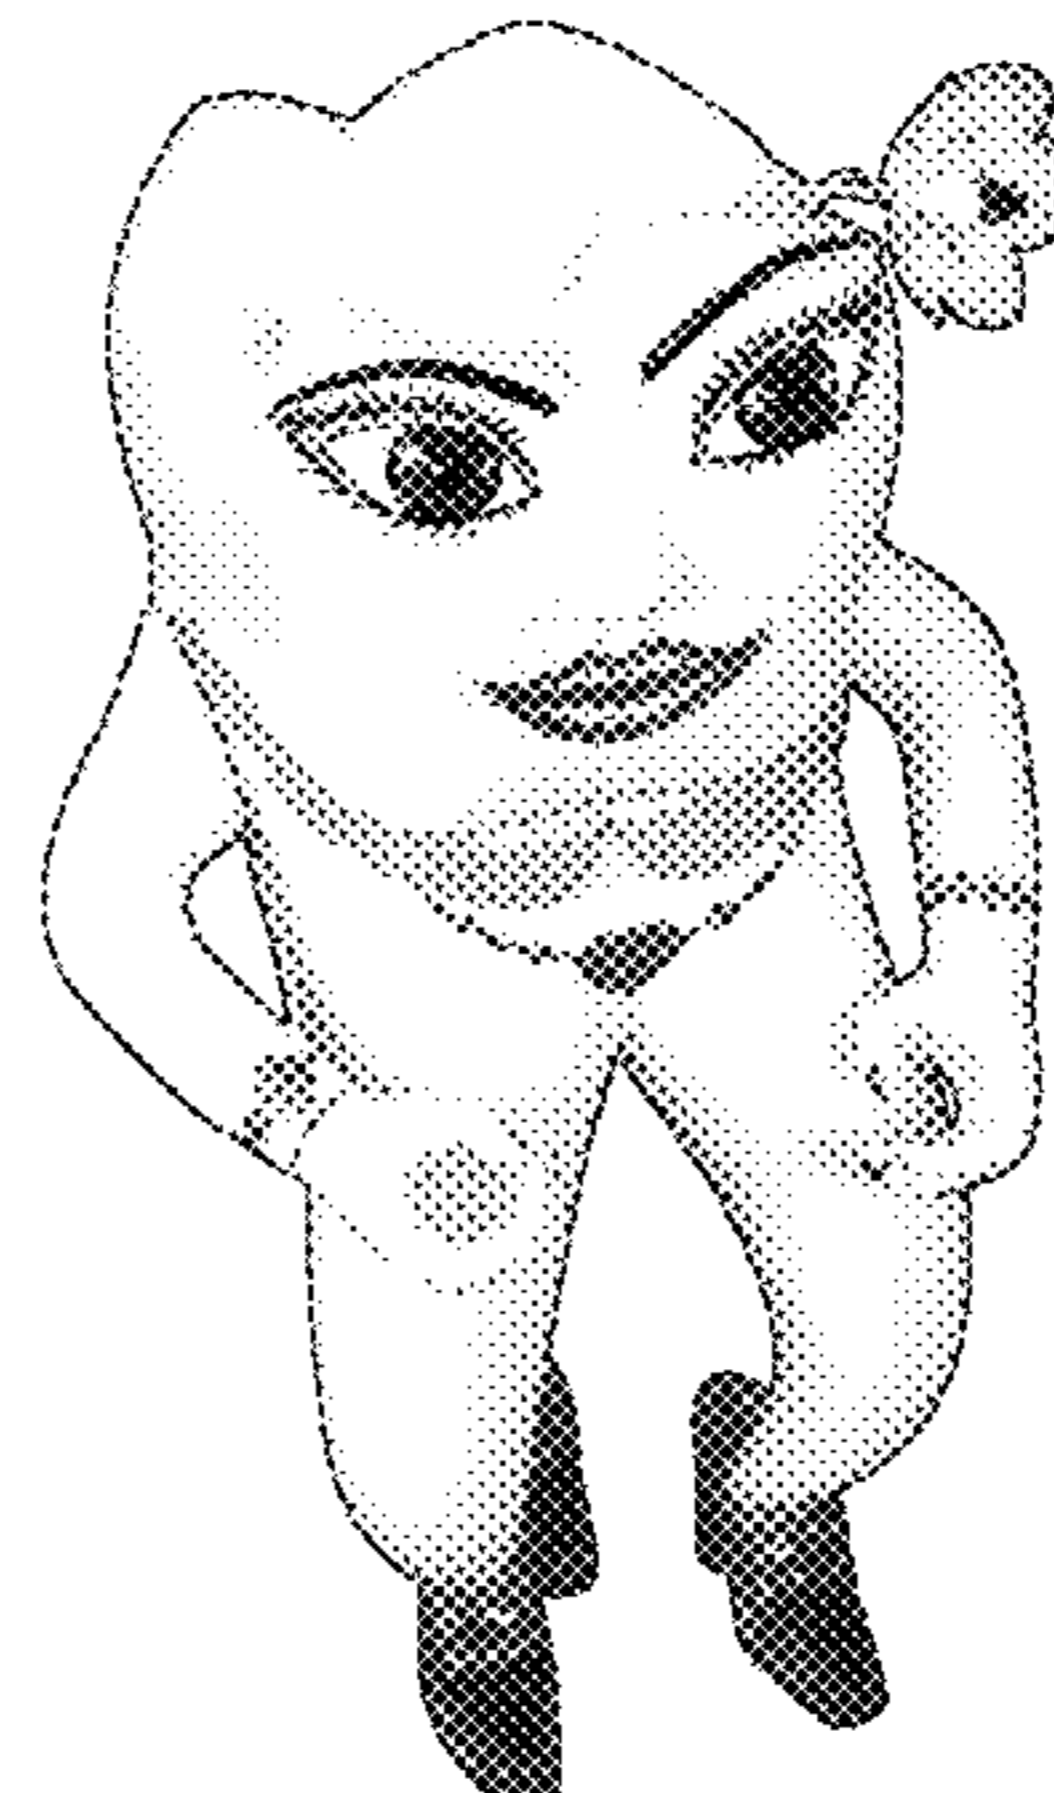

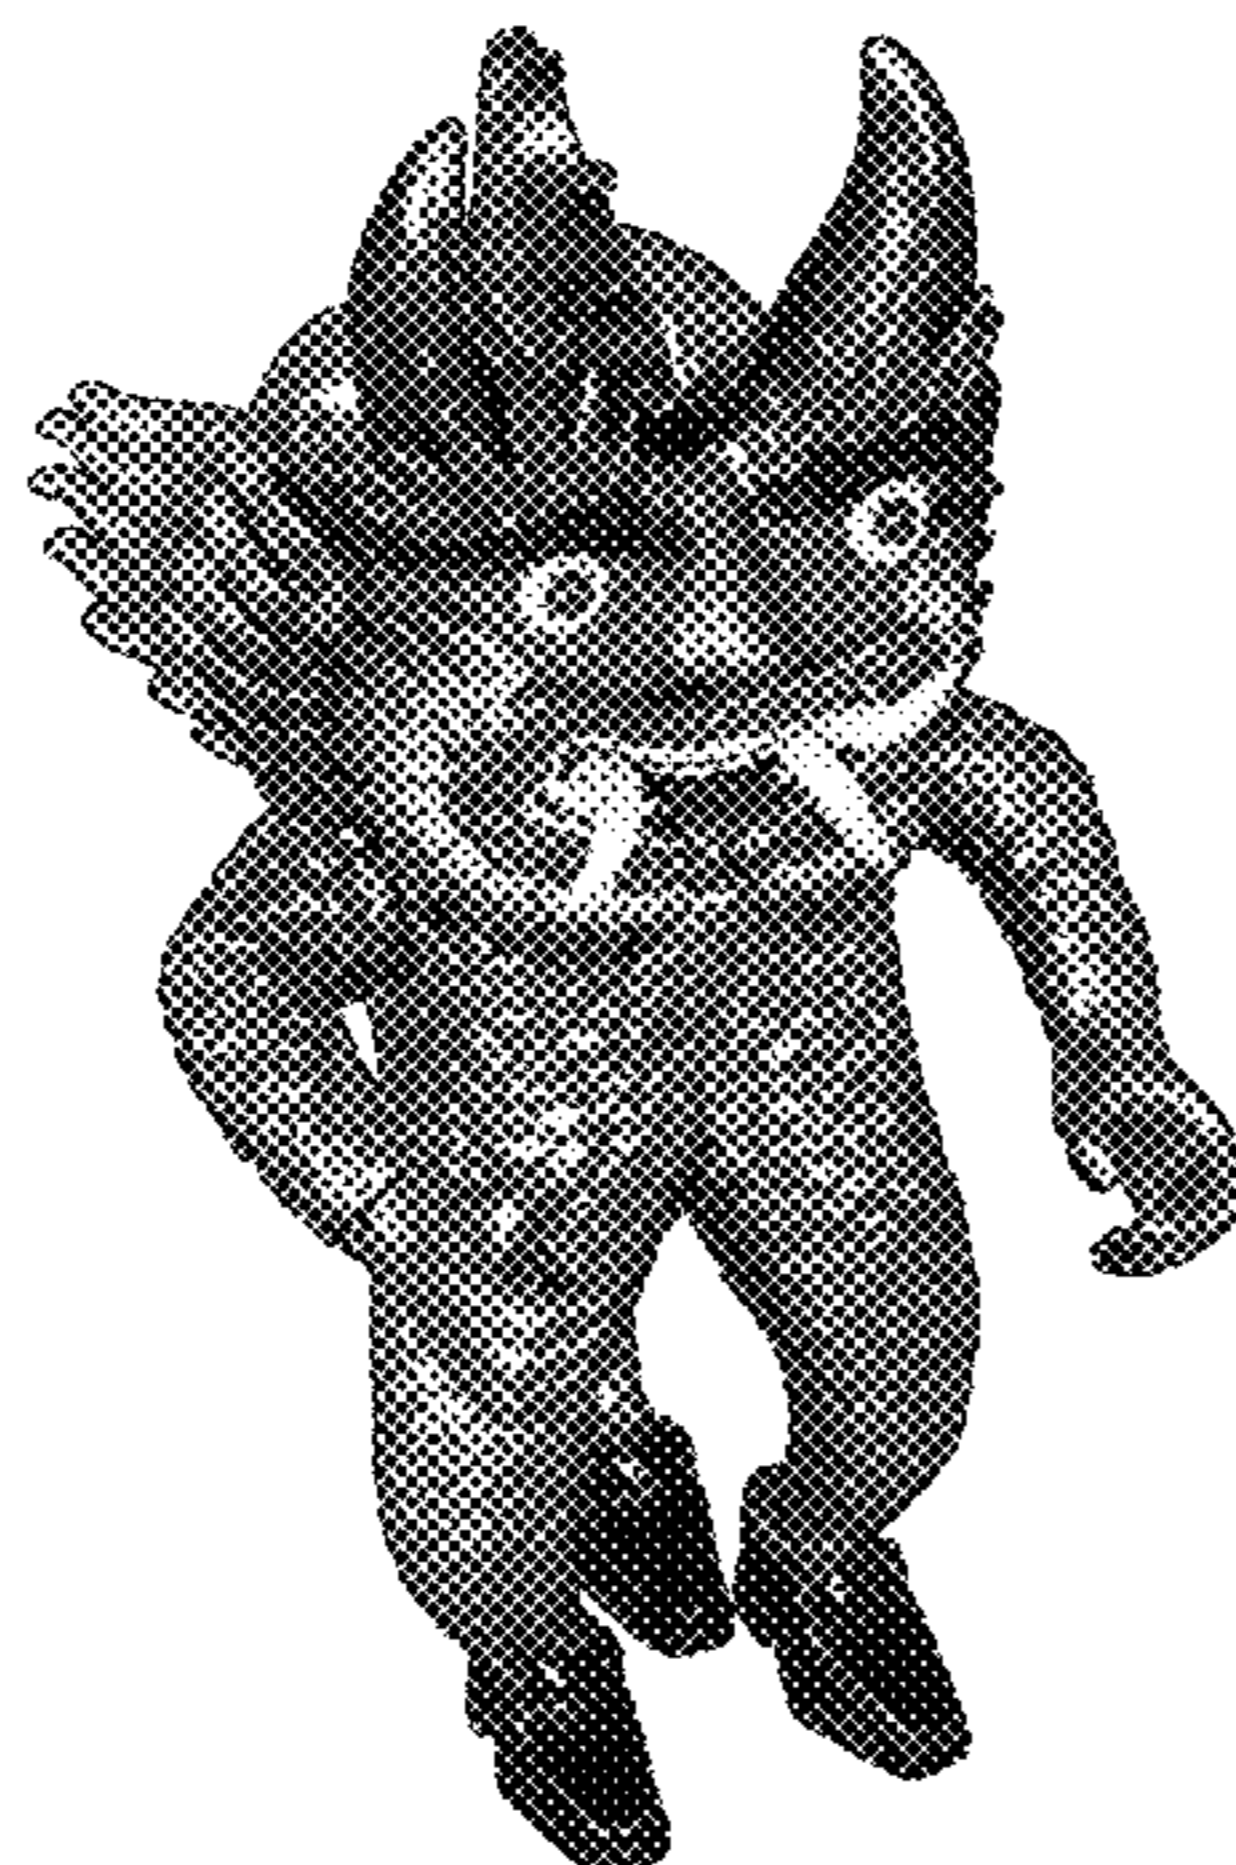

FIG. 16 is a back view of a set of characters for board game, showing a fourth character;

FIG. 17 is a top view of the fourth character

FIG. 18 is a perspective view of the fourth character;

FIG. 19 is a right-side view of the fourth character;

FIG. 20 is a front view of the fourth character;

FIG. 21 is a back view of a set of characters for board game, showing a fifth character;

FIG. 22 is a top view of the fifth character

FIG. 23 is a perspective view of the fifth character;

FIG. 24 is a right-side view of the fifth character;

FIG. 25 is a front view of the fifth character;

FIG. 26 is a back view of a set of characters for board game, showing a sixth character;

FIG. 27 is a top view of the sixth character

FIG. 28 is a perspective view of the sixth character;

FIG. 29 is a right-side view of the sixth character; and,

FIG. 30 is a front view of the sixth character.

The invention is a set of characters having the basic shape of a tooth and usable as pieces in a board game. In the drawing, the characters are playing pieces for a board game. The arms on all characters are articulated and the hands can pivot at the ends of the arms. Otherwise the characters are of one piece.

The first character (FIGS. 1-5) is a three-root molar resembling a dragon.

The second character (FIGS. 6-10) is a three-root molar resembling a horned guard;

The third character (FIGS. 11-15) is a three-root molar as a dressed-up female;

The fourth character (FIGS. 16-20) is a two-root molar as another dressed-up female;

The fifth character (FIGS. 21-25) is an incisor as another dressed-up female; and

The sixth character (FIGS. 26-30) is a canine as another dressed-up male.
