(57) **CLAIM**

The ornamental design for display screen or portion thereof with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 shows a first view of a display screen or portion thereof with transitional graphical user interface showing our new design in a sequence of the transitional graphical user interface;

FIG. 2 shows a second view in the sequence of the transitional graphical user interface;

FIG. 3 shows a third view in the sequence of the transitional graphical user interface;

FIG. 4 shows a fourth view in the sequence of the transitional graphical user interface;

FIG. 5 shows a fifth view in the sequence of the transitional graphical user interface;

FIG. 6 shows a sixth view in the sequence of the transitional graphical user interface;

FIG. 7 shows a seventh view in the sequence of the transitional graphical user interface;

FIG. 8 shows an eighth view in the sequence of the transitional graphical user interface;

FIG. 9 shows a ninth view in the sequence of the transitional graphical user interface;

FIG. 10 shows a tenth view in the sequence of the transitional graphical user interface;

FIG. 11 shows an eleventh view in the sequence of the transitional graphical user interface;

FIG. 12 shows a twelfth view in the sequence of the transitional graphical user interface;

FIG. 13 shows a thirteenth view in the sequence of the transitional graphical user interface;

FIG. 14 shows a fourteenth view in the sequence of the transitional graphical user interface;

FIG. 15 shows a fifteenth view in the sequence of the transitional graphical user interface;

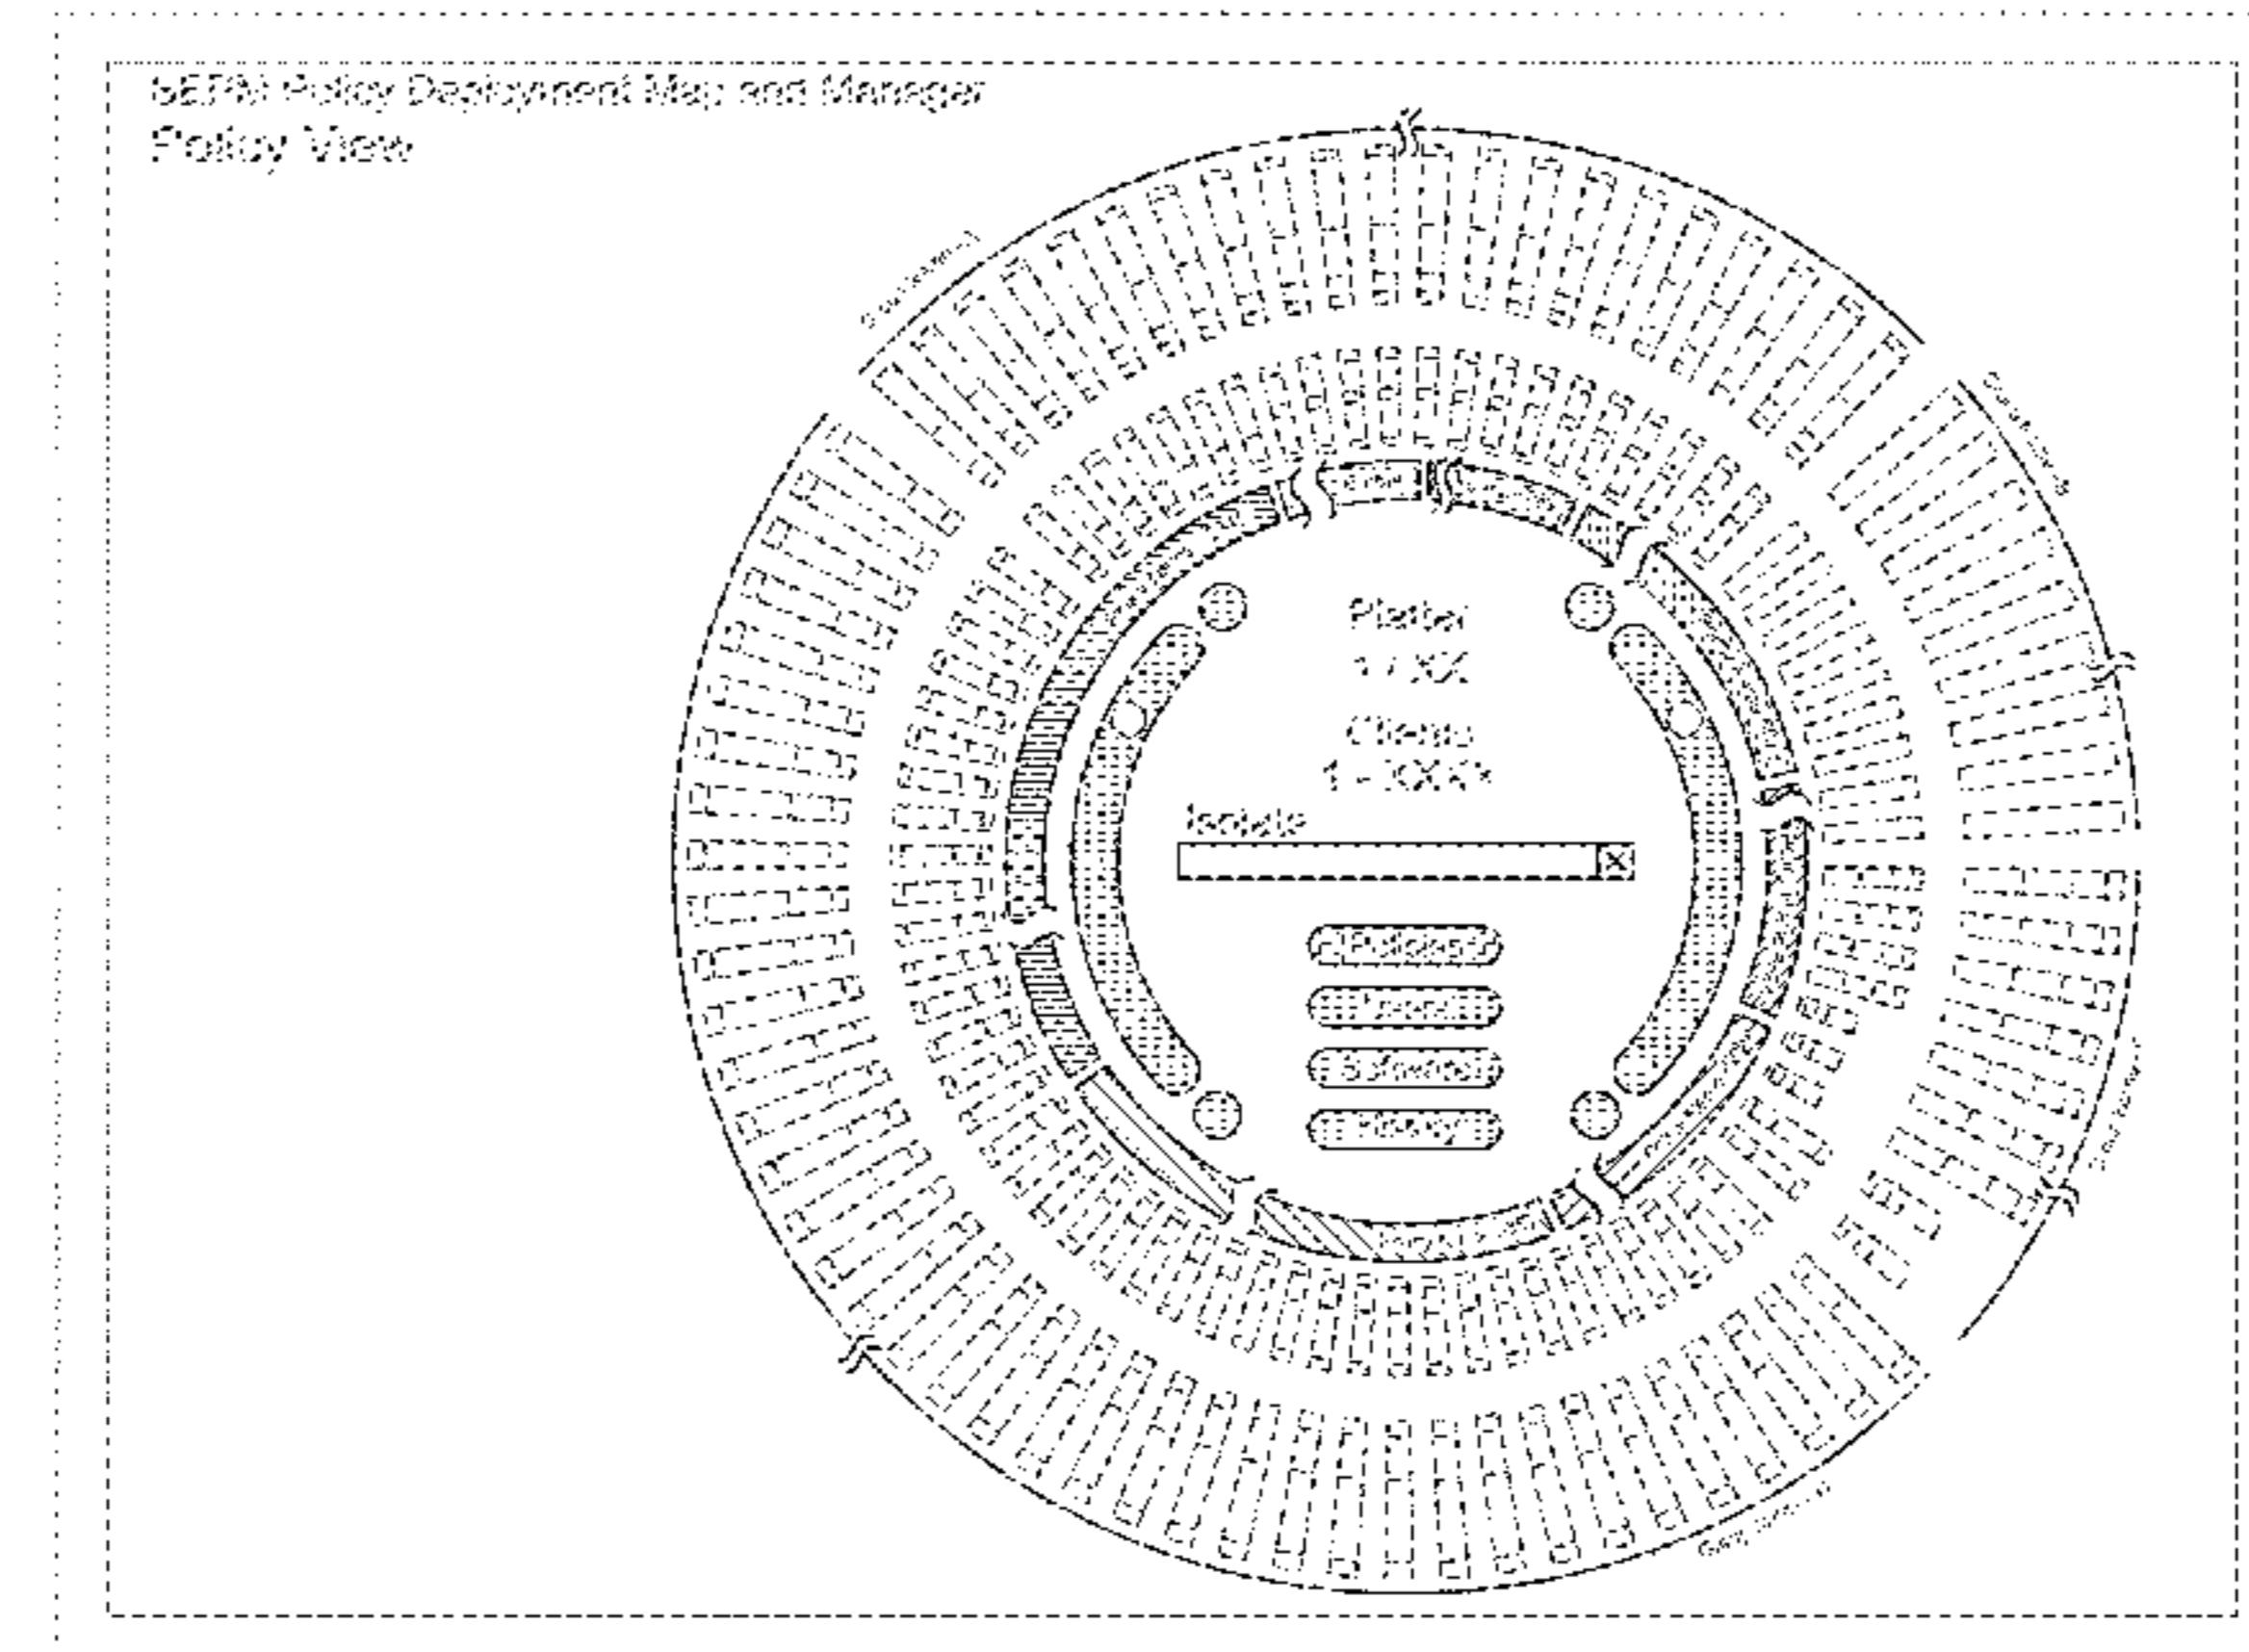

FIG. 16 shows a sixteenth view in the sequence of the transitional graphical user interface;

FIG. 17 shows a seventeenth view in the sequence of the transitional graphical user interface;

FIG. 18 shows an eighteenth view in the sequence of the transitional graphical user interface;

FIG. 19 shows a nineteenth view in the sequence of the transitional graphical user interface;

FIG. 20 shows a twentieth view in the sequence of the transitional graphical user interface;

FIG. 21 shows a twenty-first view in the sequence of the transitional graphical user interface; and,

FIG. 22 shows a twenty-second view in the sequence of the transitional graphical user interface.

The appearance of the animated views transitions sequentially from Figures 1-22. The process or time period during which one view transitions to another view forms no part of the claimed design. The broken lines form no part of the claimed design.
