(57) **CLAIM**

The ornamental design for a portion of a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image of a portion of a display screen with animated graphical user interface showing our new design;

FIG. 2 is a front view of a second image thereof;

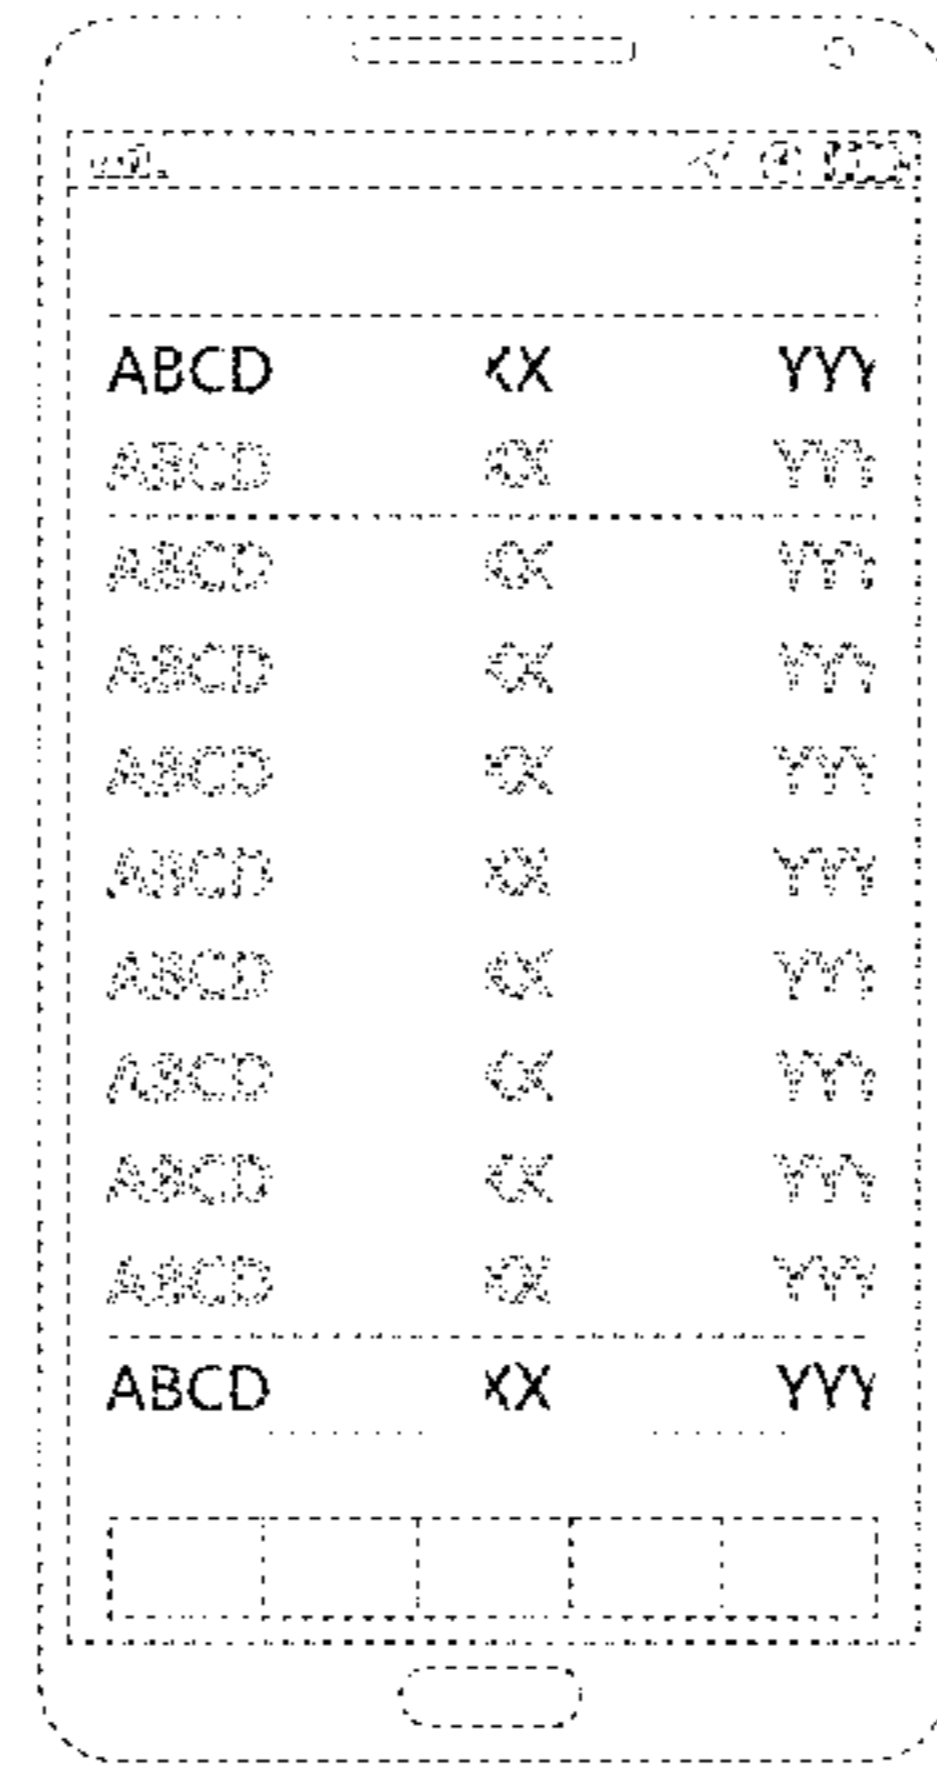

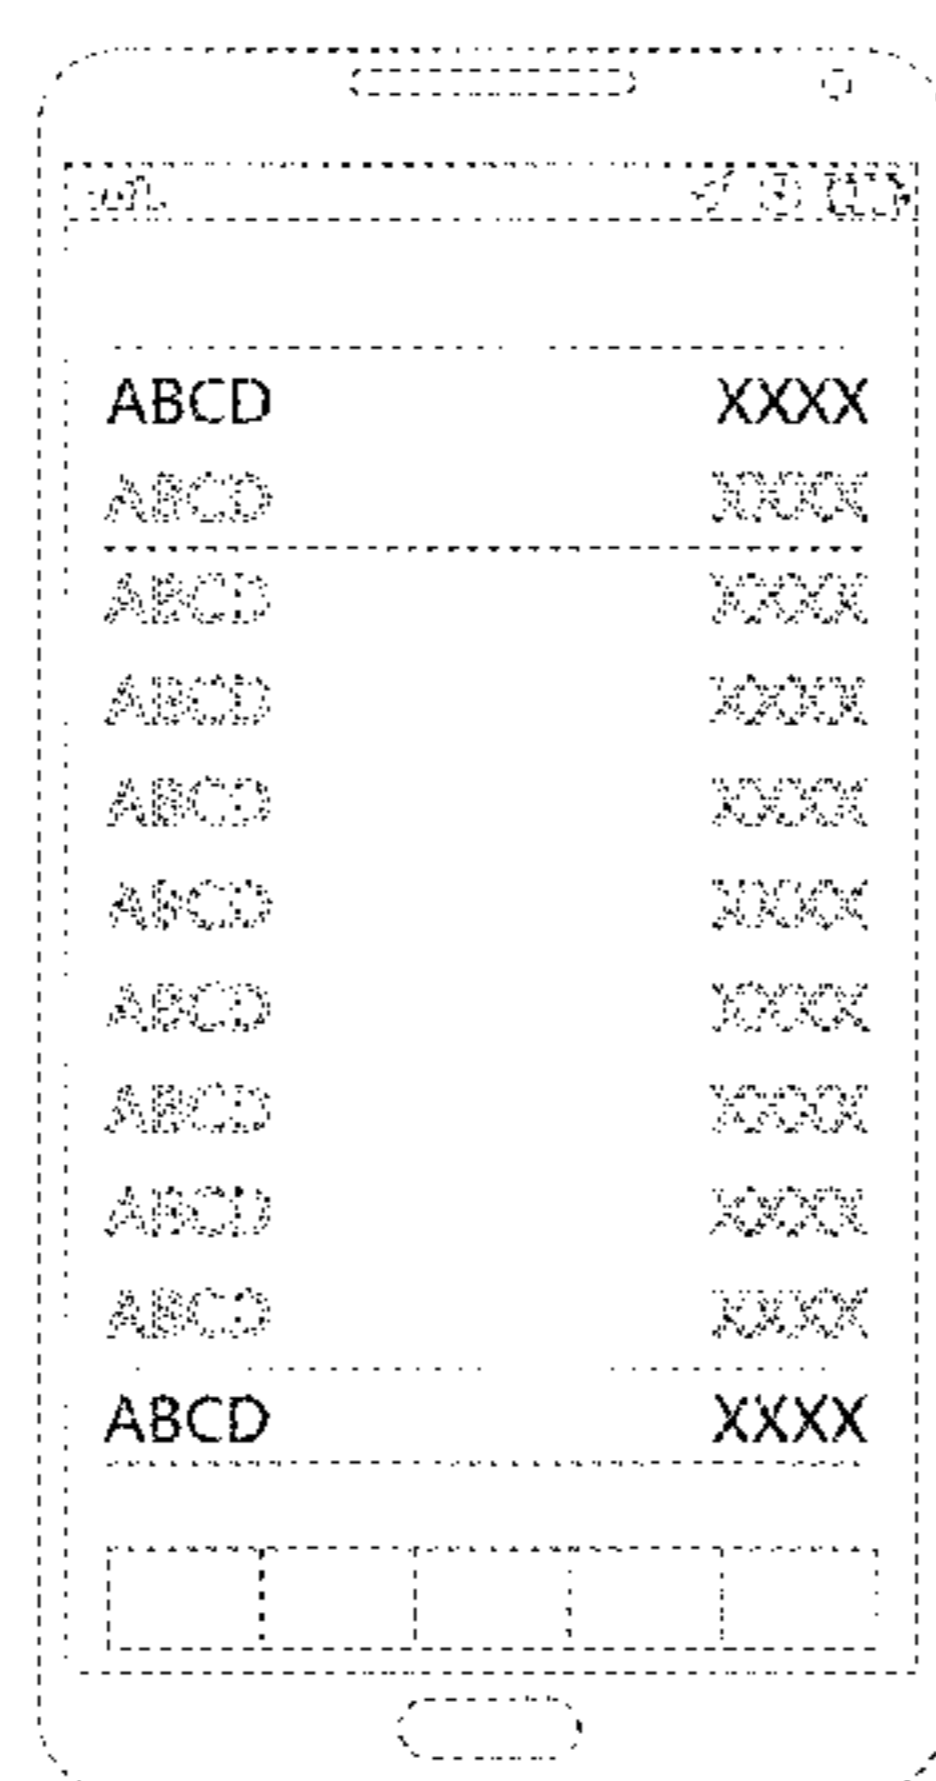

FIG. 3 is a front view of a third image thereof; and,

FIG. 4 is a front view of a fourth image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1 through 4. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken line showing of a portion of a display screen and a mobile device in FIGS. 1 through 4 forms no part of the claimed design. The broken line showing of text and portions of the graphical user interface in FIGS. 1 through 4 represents environmental subject matter and forms no part of the claimed design.

1 Claim, 4 Drawing Sheets
