(57) **CLAIM**

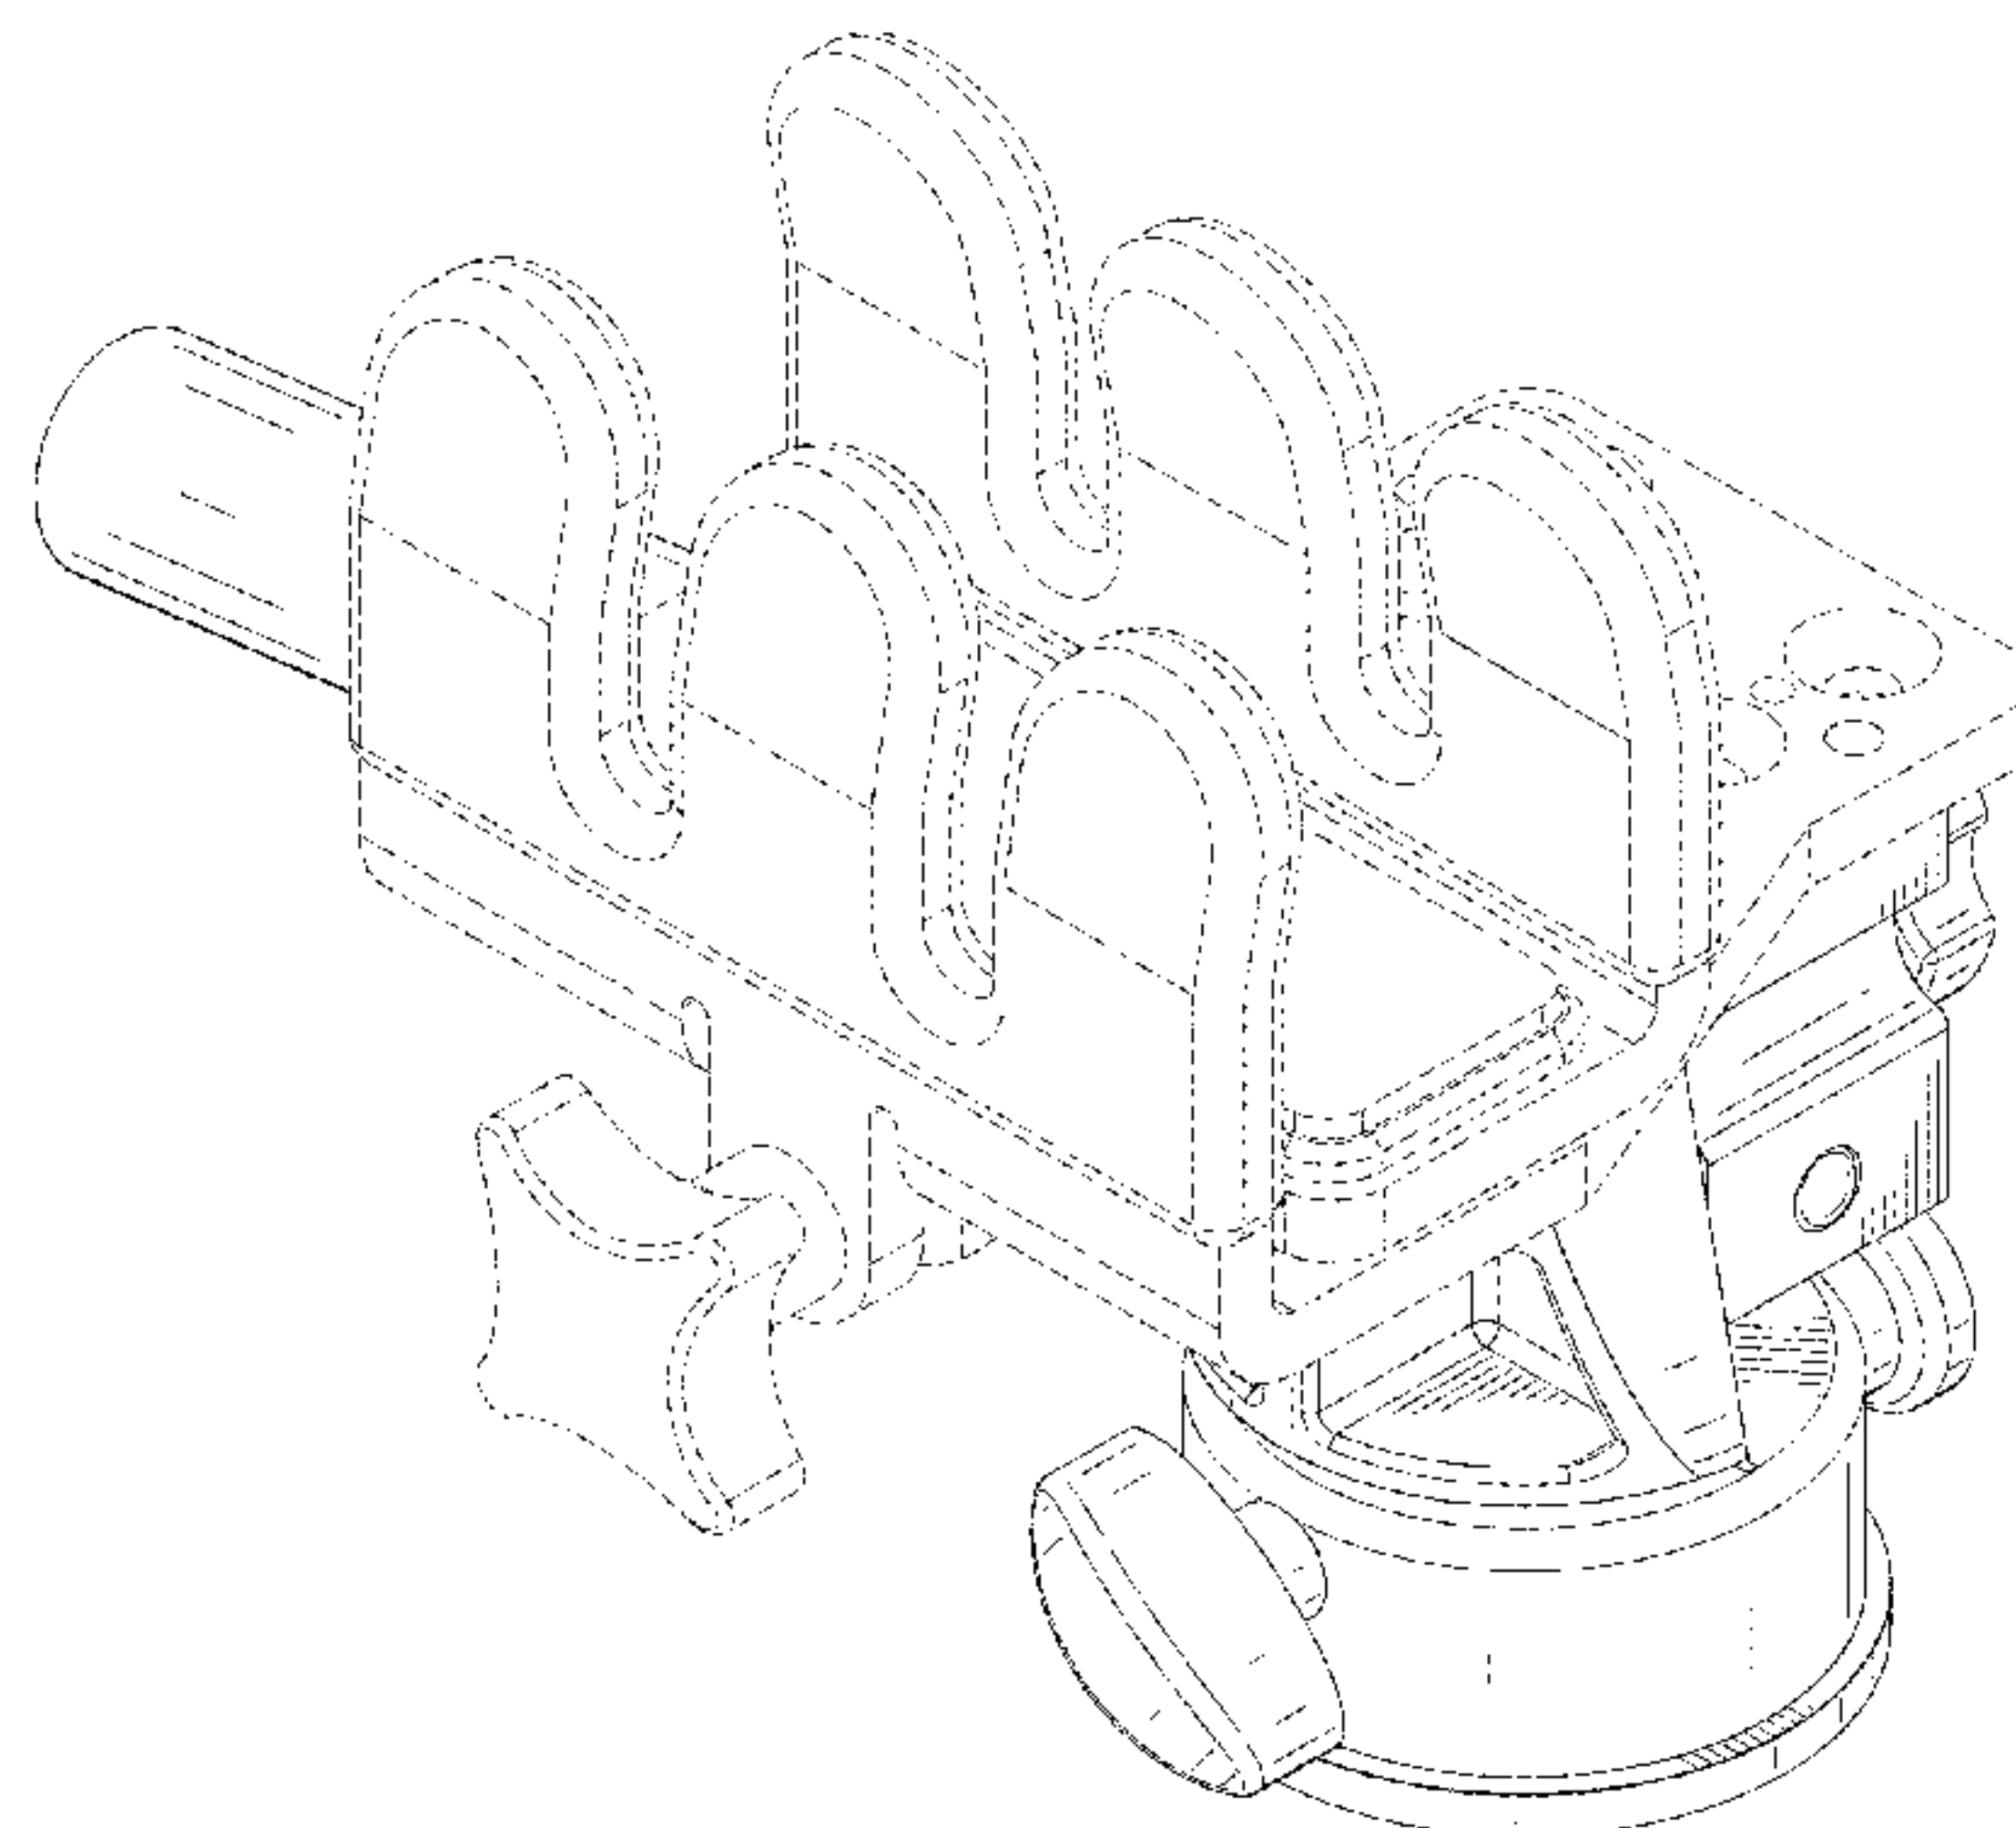

The ornamental design for a firearm hinge block, as shown
and described.

DESCRIPTION

FIG. 1 is a perspective view of the firearm hinge block of the
present invention;
FIG. 2 is a right view of the firearm hinge block of the
present invention;
FIG. 3 is a left view of the firearm hinge block of the present
invention;
FIG. 4 is a front view of the firearm hinge block of the
present invention;
FIG. 5 is a rear view of the firearm hinge block of the present
invention;
FIG. 6 is a top view of the firearm hinge block of the present
invention;
FIG. 7 is a bottom view of the firearm hinge block of the
present invention; and,
FIG. 8 is a perspective view of the firearm hinge block of the
present invention.

The broken lines depicting the gun, stand and other func-
tional elements represent environmental elements only and
form no part of the claimed design.
