See application file for complete search history.

DESCRIPTION

FIGS. 1A-B are a top perspective view of a light fixture according to an embodiment of the present invention. FIGS. 2A-B are a bottom perspective view of a light fixture according to an embodiment of the present invention. FIGS. 3A-B are a front elevation view of a light fixture according to an embodiment of the present invention. FIGS. 4A-B are a right side elevation view of a light fixture according to an embodiment of the present invention. FIGS. 5A-B are a rear elevation view of a light fixture according to an embodiment of the present invention. FIGS. 6A-B are a left side elevation view of a light fixture according to an embodiment of the present invention. FIGS. 7A-B are a top plan view of a light fixture according to an embodiment of the present invention; and, FIGS. 8A-B are a bottom plan view of a light fixture according to an embodiment of the present invention. Elements of the fixtures in the attached figures are in broken lines for illustrative purposes only and form no part of the claimed design.
