(57) **CLAIM**

The ornamental design for a tire tread, as shown and described.

DESCRIPTION

FIG. 1 is a side perspective view of a tire tread showing my new design, it being understood that the tread pattern is repeated throughout the circumference of the tire tread; FIG. 2 is a front elevational view thereof, the opposite side being identical thereto; and, FIG. 3 is an enlarged fragmentary front elevational view thereof.

The broken lines defining the tread lug walls, sidewall, inner bead, and the tread shoulder ribs depict environmental subject matter that forms no part of the claimed design.
