(57) **CLAIM**

The ornamental design for an office machine user interface
screen with a job submit function icon, as shown and
described.

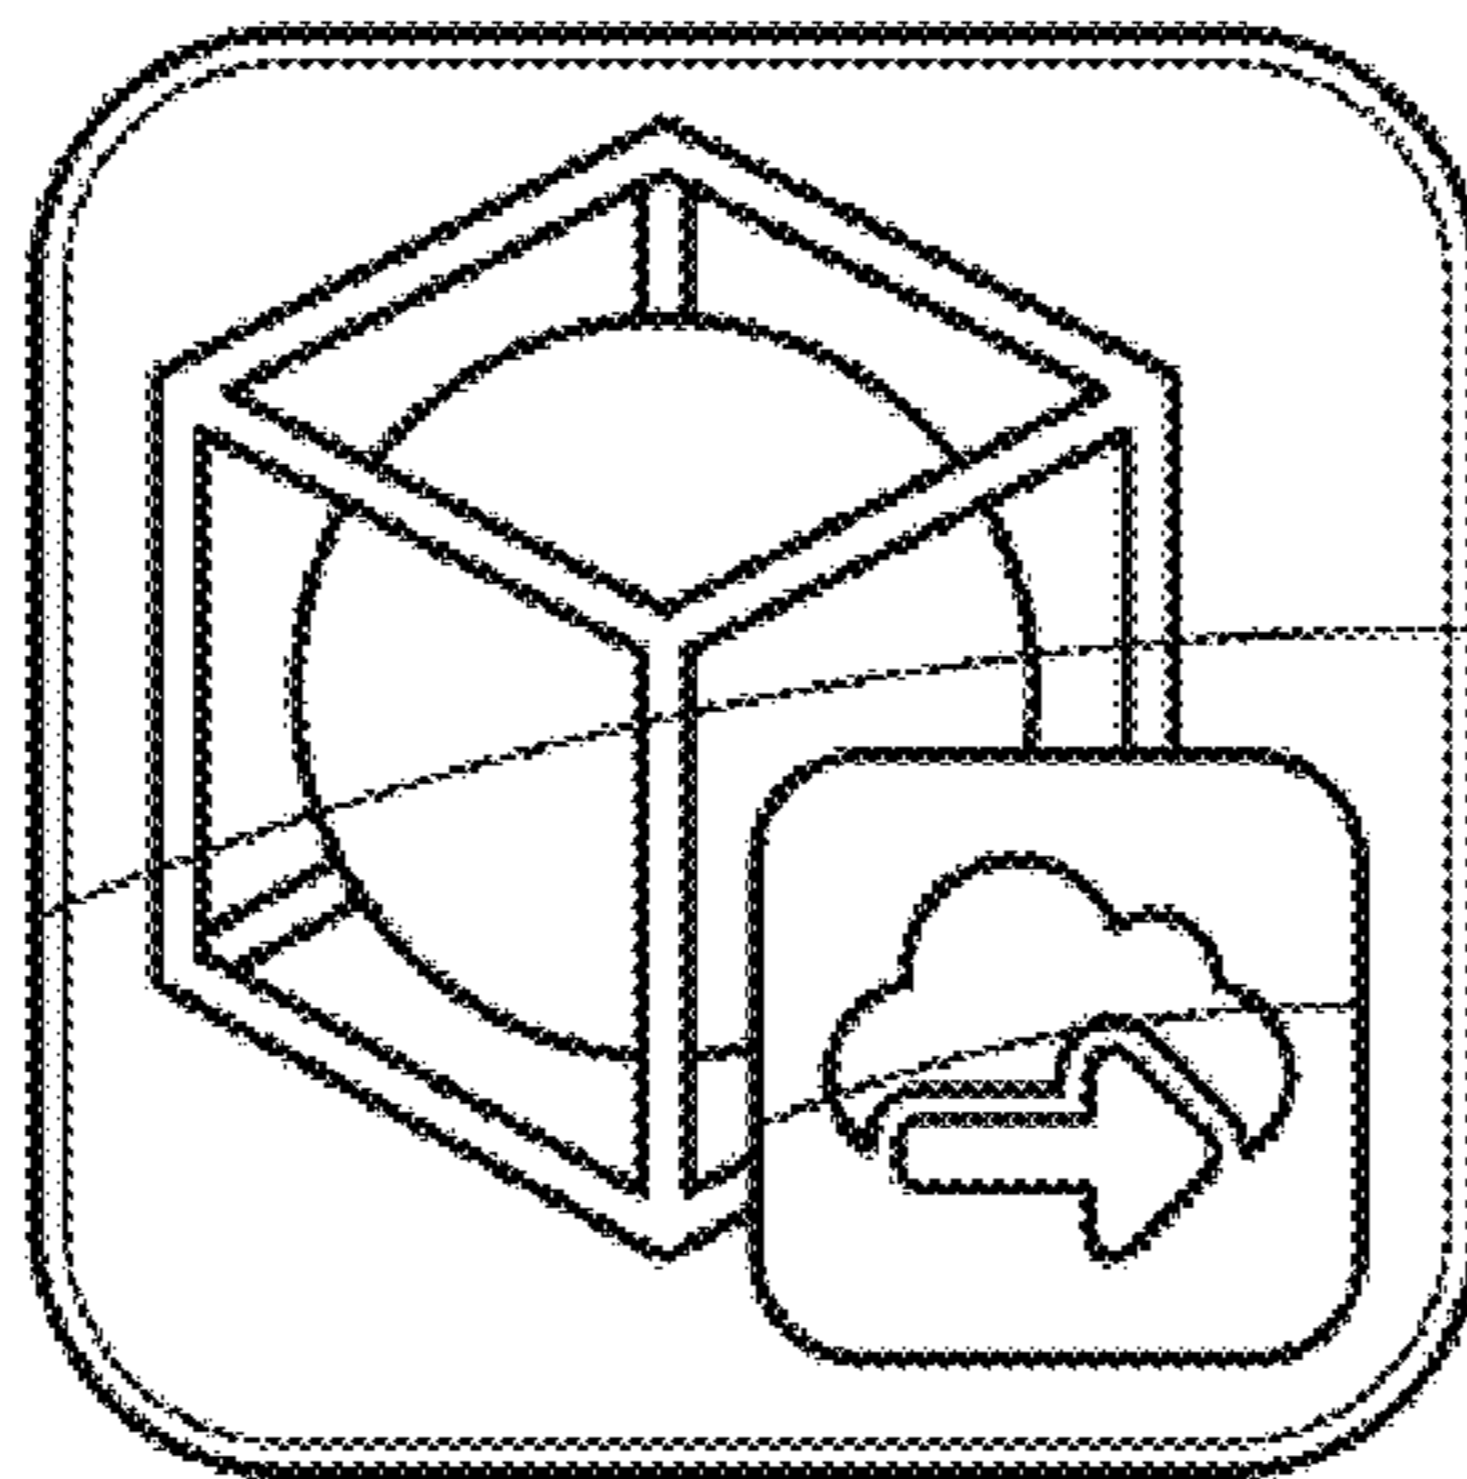

DESCRIPTION

FIG. 1 is a front view of an office machine user interface
screen with a job submit function icon in accordance with
the present invention; and,

FIG. 2 is an enlarged front detail view of area 2 circum-
scribed within FIG. 1.

The broken lines in the drawings represent unclaimed envi-
ronmental subject matter and form no part of the claimed
design.
