(57) **CLAIM**

The ornamental design for a fish cleaning aid, as shown.

DESCRIPTION

FIG. 1 is a perspective view of the fish cleaning aid.

FIG. 2 is a front view of the fish cleaning aid

FIG. 3 is a rear view of the fish cleaning aid

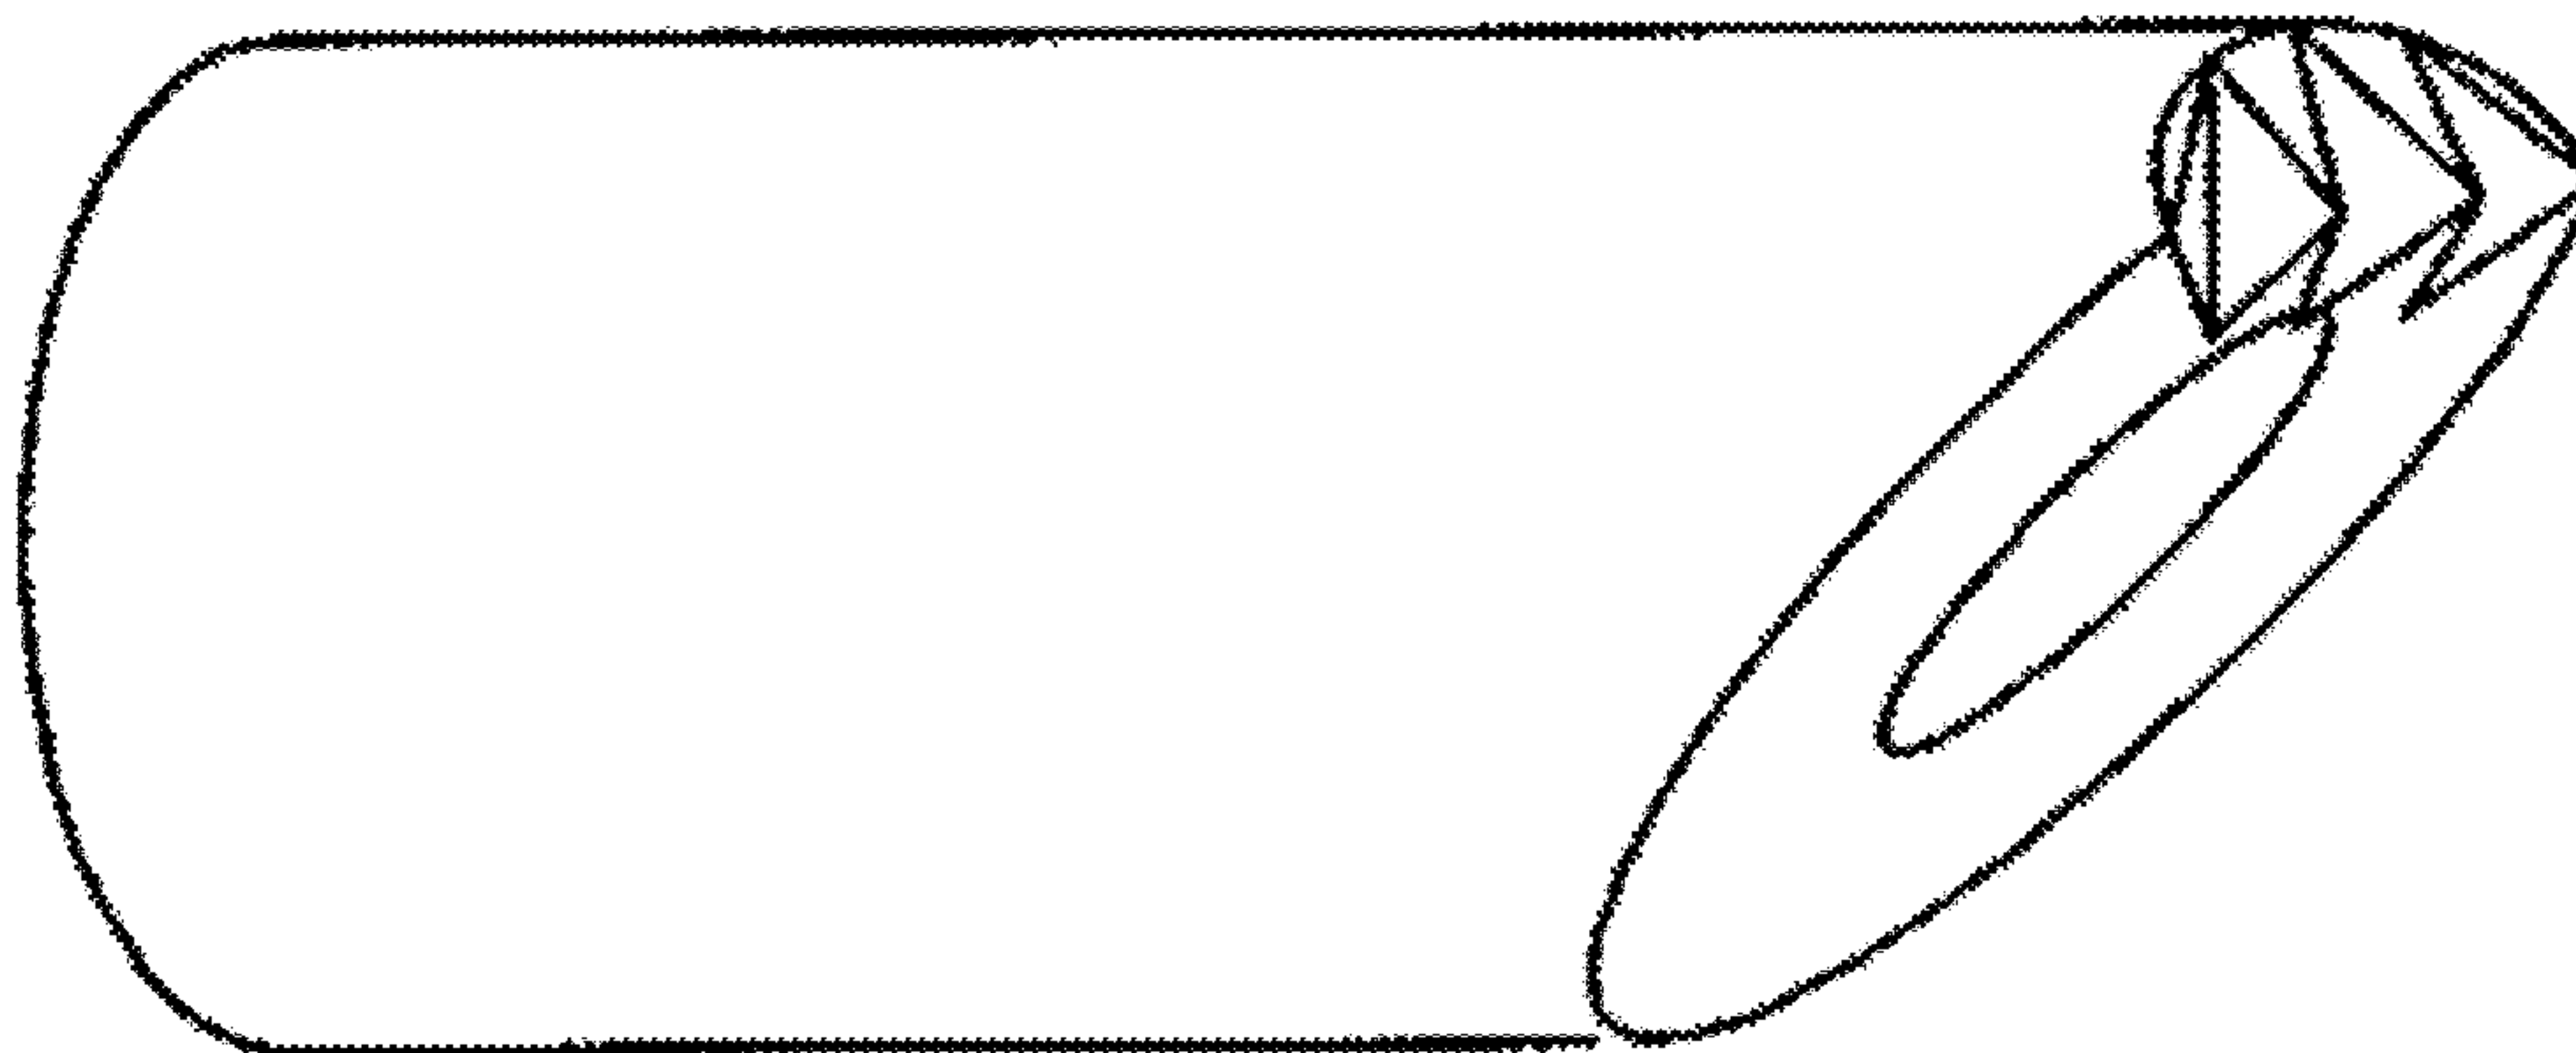

FIG. 4 is a side view of the fish cleaning aid

FIG. 5 is a top view of the fish cleaning aid; and,

FIG. 6 is a bottom view of the fish cleaning aid.

The design consists of a tubular member with an angular top end having at least one tooth formed therein, a bottom end into which a user inserts a finger, and a stop formed between the top end and the bottom end.
