FIG. 1 is a perspective view of an actuator for inhaler showing the new design;
FIG. 2 is a front elevation view thereof;
FIG. 3 is a rear elevation view thereof;
FIG. 4 is a first side elevation view thereof;
FIG. 5 is a second side elevation view thereof;
FIG. 6 is a top plan view thereof; and,
FIG. 7 is a bottom plan view thereof.
The container shown in broken lines in FIG. 1 is environmental subject matter included to illustrate how the actuator for inhaler may appear when installed on a container and forms no part of the claimed design. All other broken lines illustrate portions of the actuator for inhaler that form no part of the claimed design.
