Primary Examiner — Catheri Oliver-Garcia

(57) **CLAIM**

The ornamental design for a medication dispenser, as shown and described.

DESCRIPTION

The sole FIGURE is a front and side perspective view of a medication dispenser showing my new design. The broken lines depict portions of the medication dispenser in which the design is embodied that are not considered part of the claimed design. The rear of the medication dispenser is devoid of ornamentation. The bottom of the medication dispenser is devoid of ornamentation.
