(57) **CLAIM**

The ornamental design for a graphical data display screen with graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a graphical data display screen with graphical user interface.

The broken lines represented by dashes in the FIGURE represent portions of the graphical data display screen with graphical user interface that form no part of the claimed design. The broken lines represented by alternating long and short dashes represent an outer boundary of the claimed design.
