(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

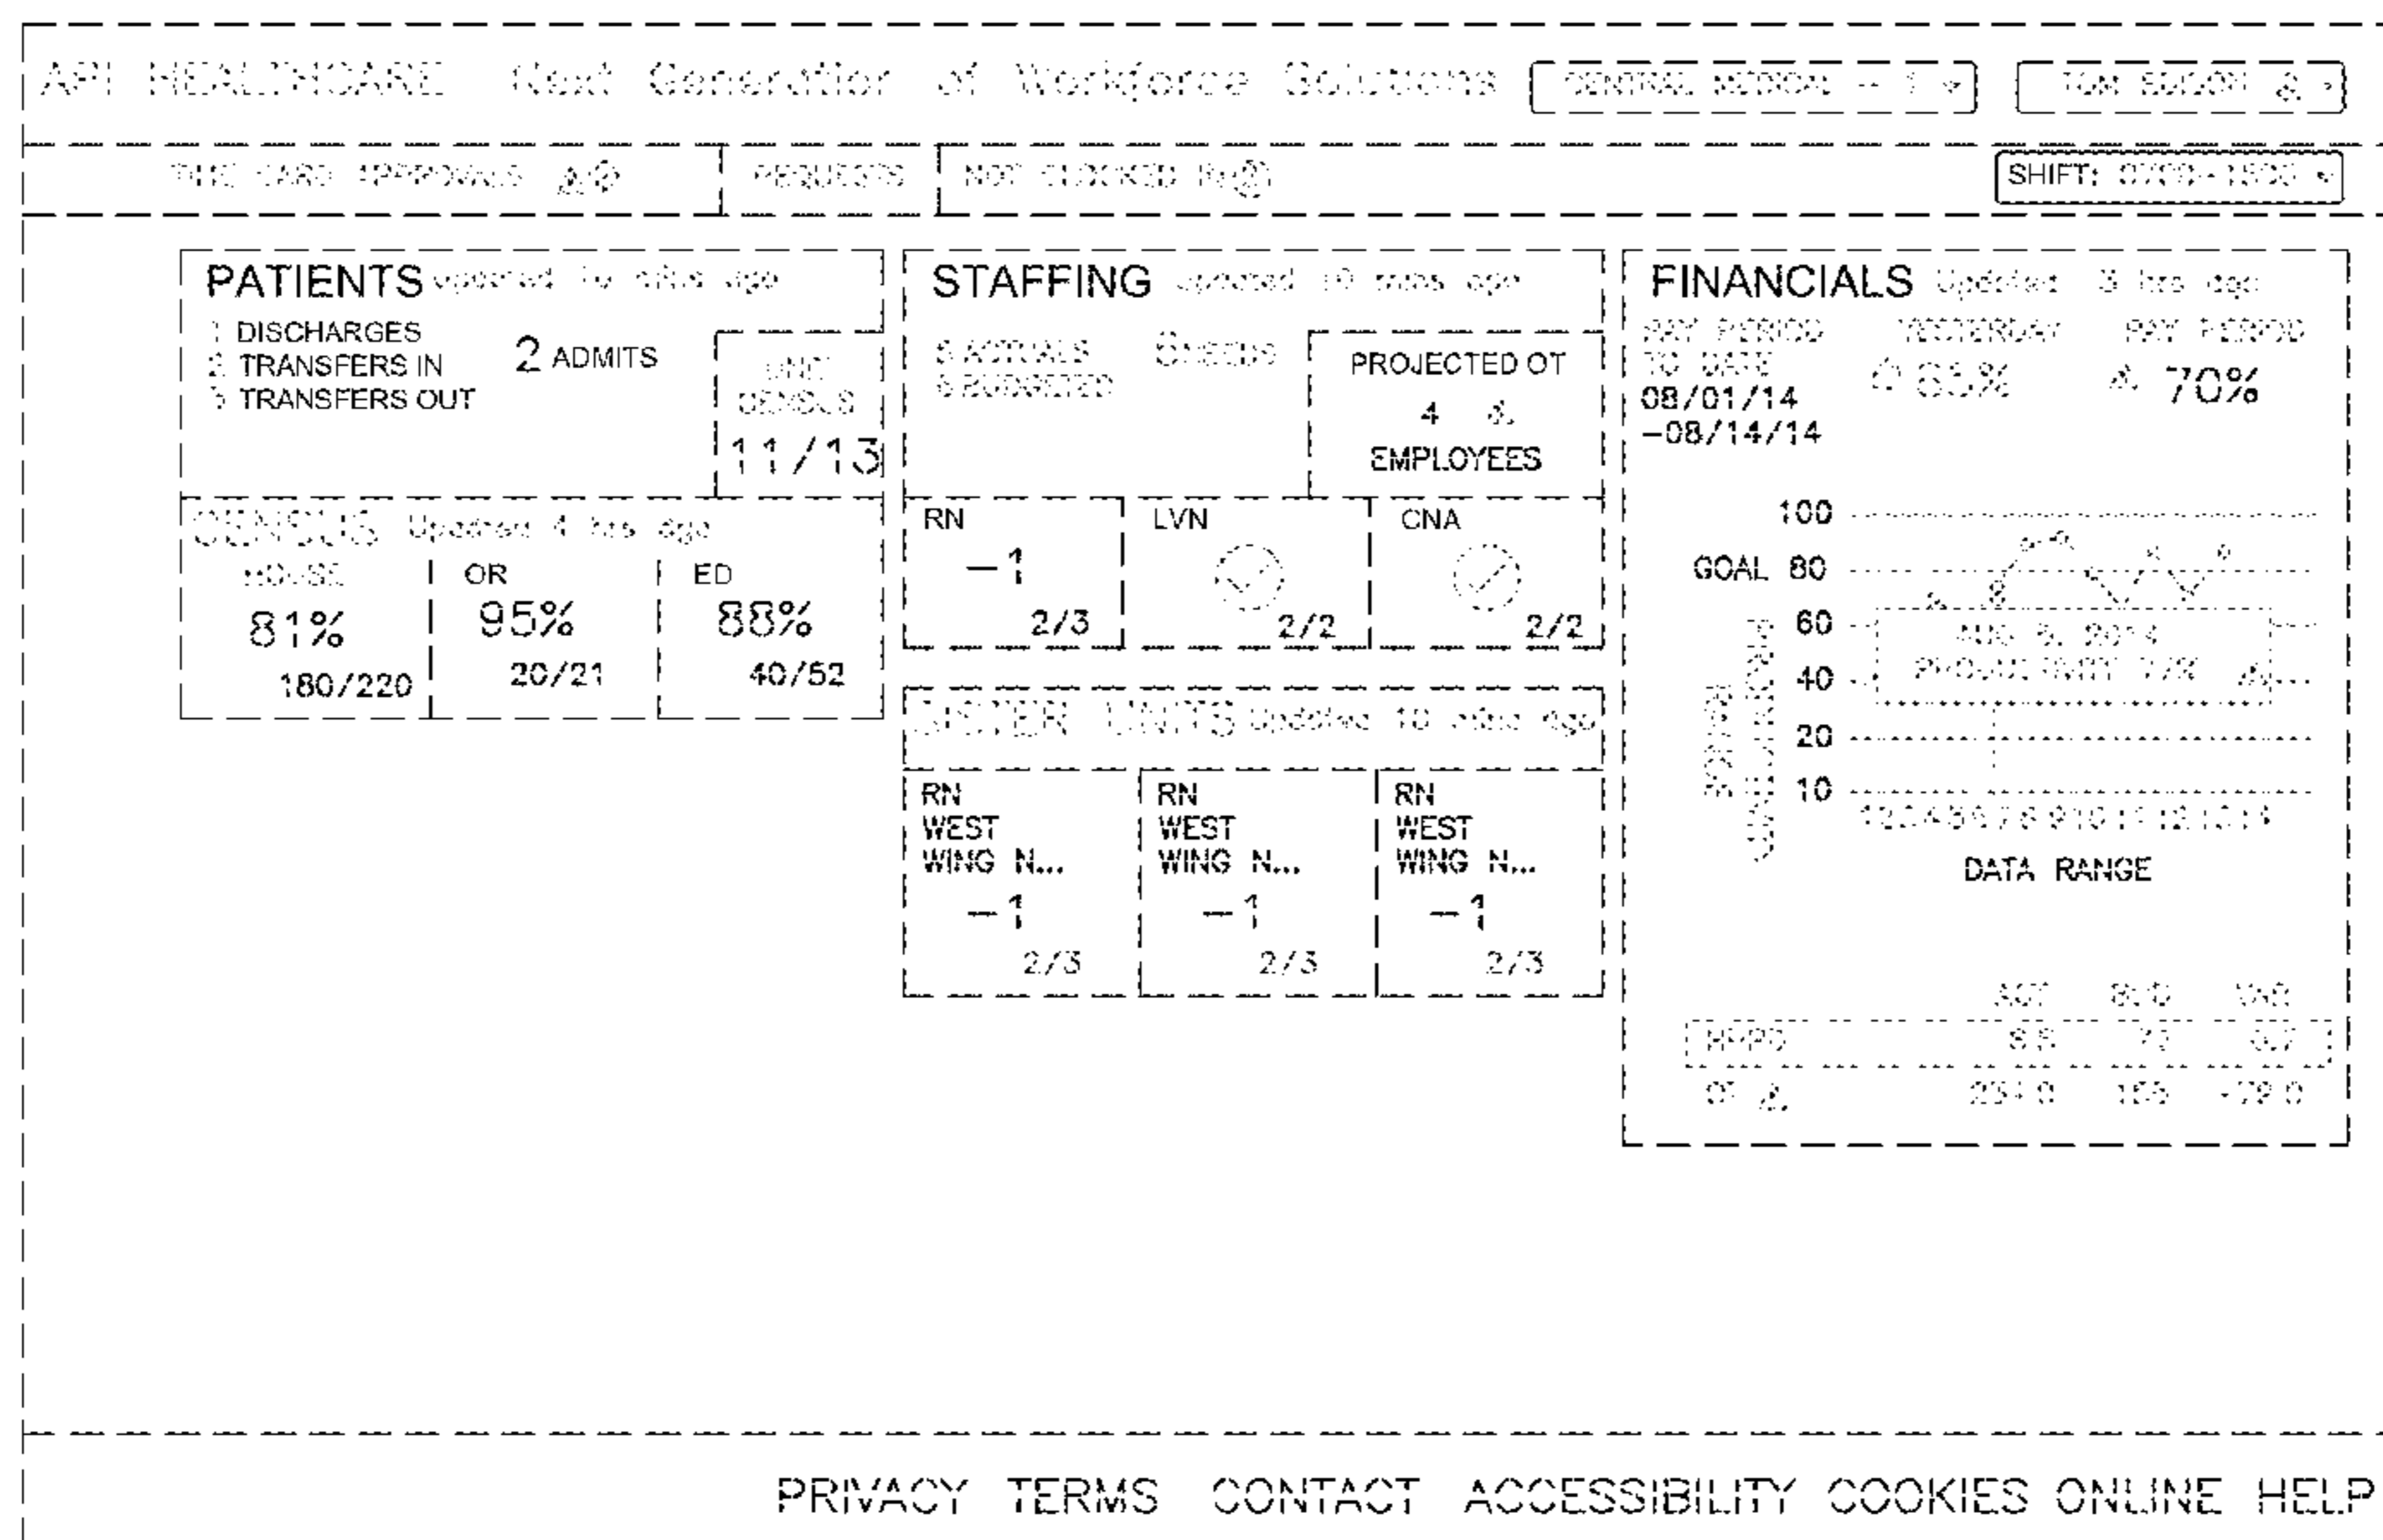

**DESCRIPTION**

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the reproduction of the patent document or the patent disclosure, as it appears in the United States Patent and Trademark Office records, but reserves all other copyright and trademark rights whatsoever.

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The broken lines showing the display screen, text, symbols, and elements of the graphical user interface are provided for the purposes of illustrating portions of the article and forms no part of the claimed design.
