(57) **CLAIM**

The ornamental design for a mobile phone with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first image in a sequence for a mobile phone with graphical user interface showing our new design; and,

FIG. 2 is a front view of the second image in a sequence for a mobile phone with graphical user interface showing our new design.

The broken line showing of a mobile phone and portions of the graphical user interface is included for the purpose of illustrating environment and forms no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1 and 2. The process or period in which one image transitions to another image forms no part of the claimed design.
