FIG. 1 is a front elevational view of an electronic smoking
article charger showing our new design in a closed orienta-
tion, the rear view being a mirror image thereof.
FIG. 2 is a top plan view thereof, the bottom view being a
mirror image thereof.
FIG. 3 is left side elevational view thereof.
FIG. 4 is a right side elevational view thereof; and,
FIG. 5 is a perspective view of the electronic smoking article
charger shown in FIG. 1 in an open orientation.
The broken lines shown in FIGS. 3, 4 and 5 are included for
the purpose of illustrating unclaimed portions of the elec-
tronic smoking article charger and form no part of the
claimed design.
The claimed design is not limited to the surface finish shown
on the electronic smoking article charger in the photographs.
