(57) **CLAIM**

(21) Appl. No.: **29/477,571**

We claim the ornamental design for a display screen with graphical user interface, as shown and described.

(22) Filed: **Dec. 23, 2013**

DESCRIPTION

(30) **Foreign Application Priority Data**

The FIGURE is a front view of a display screen with graphical user interface showing our new design. The broken line showing of a display screen forms no part of the claimed design. The area between the broken lines of the display screen and the full line rectangle within the graphical user interface forms no part of the claimed design. The full line rectangle and all within is claimed subject matter.
