(57) **CLAIM**

The ornamental design for display panel or portion thereof with animated icon for vehicle meter, as shown and described.

DESCRIPTION

FIG. 1 is an image of a display panel or portion thereof with animated icon for vehicle meter in a first state when the display panel or portion thereof is energized, showing our new design;

FIG. 2 is an image thereof in a second state;

FIG. 3 is an image thereof in a third state;

FIG. 4 is an image thereof in a fourth state; and,

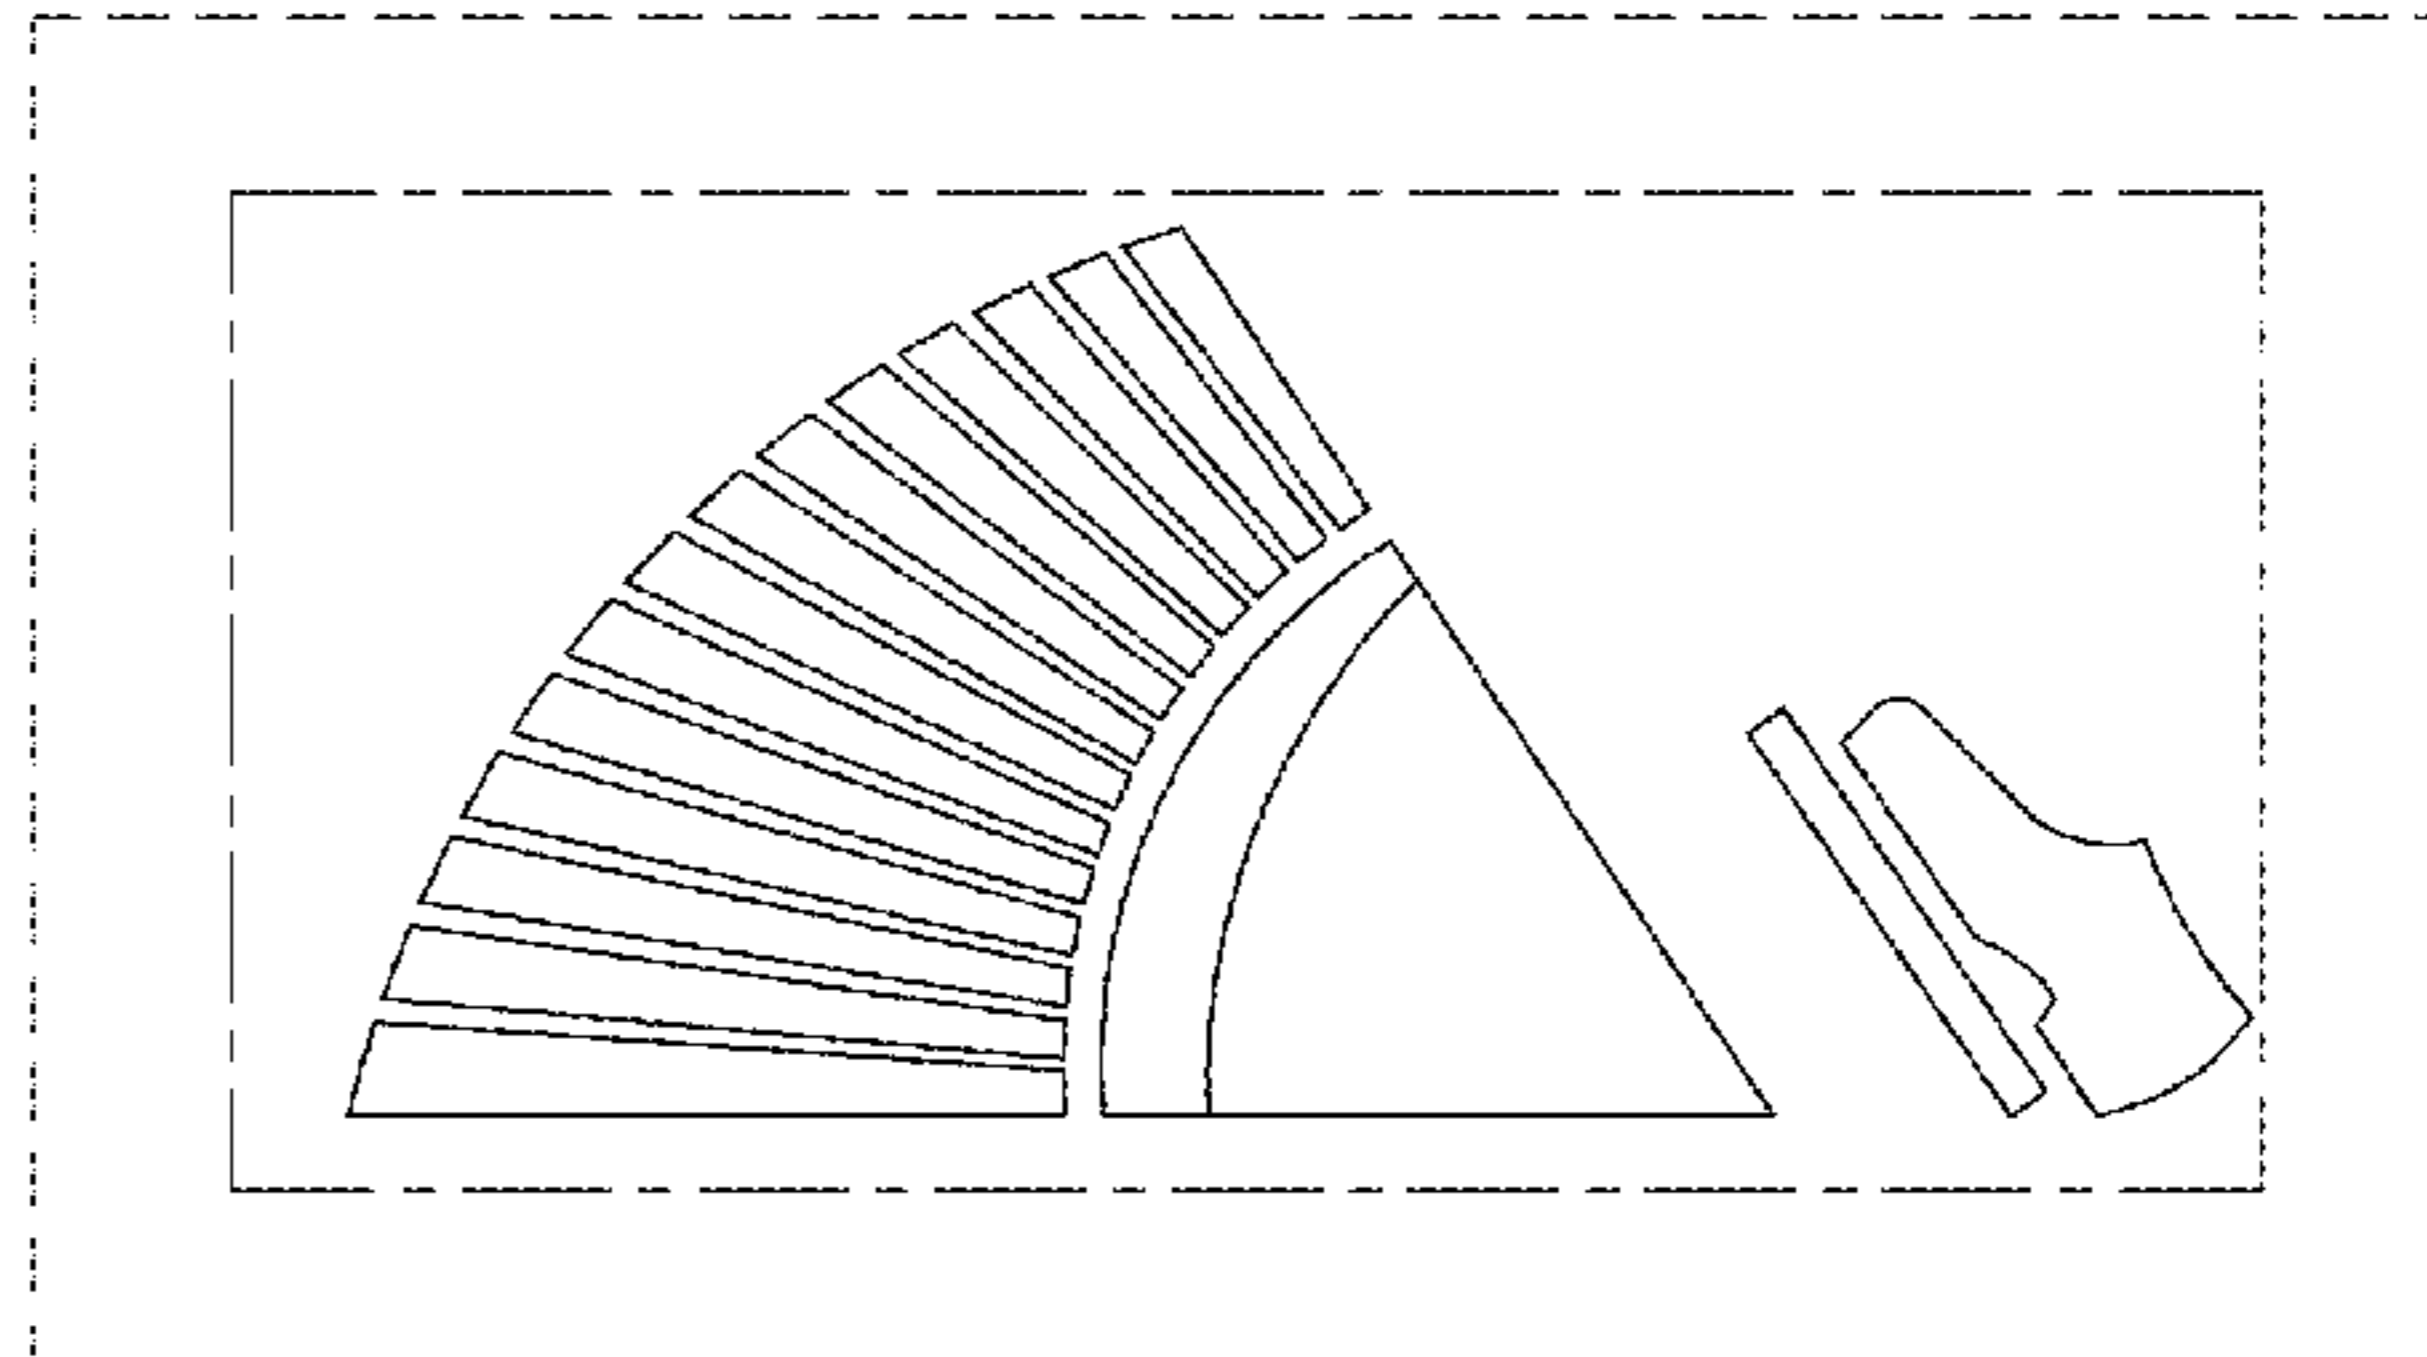

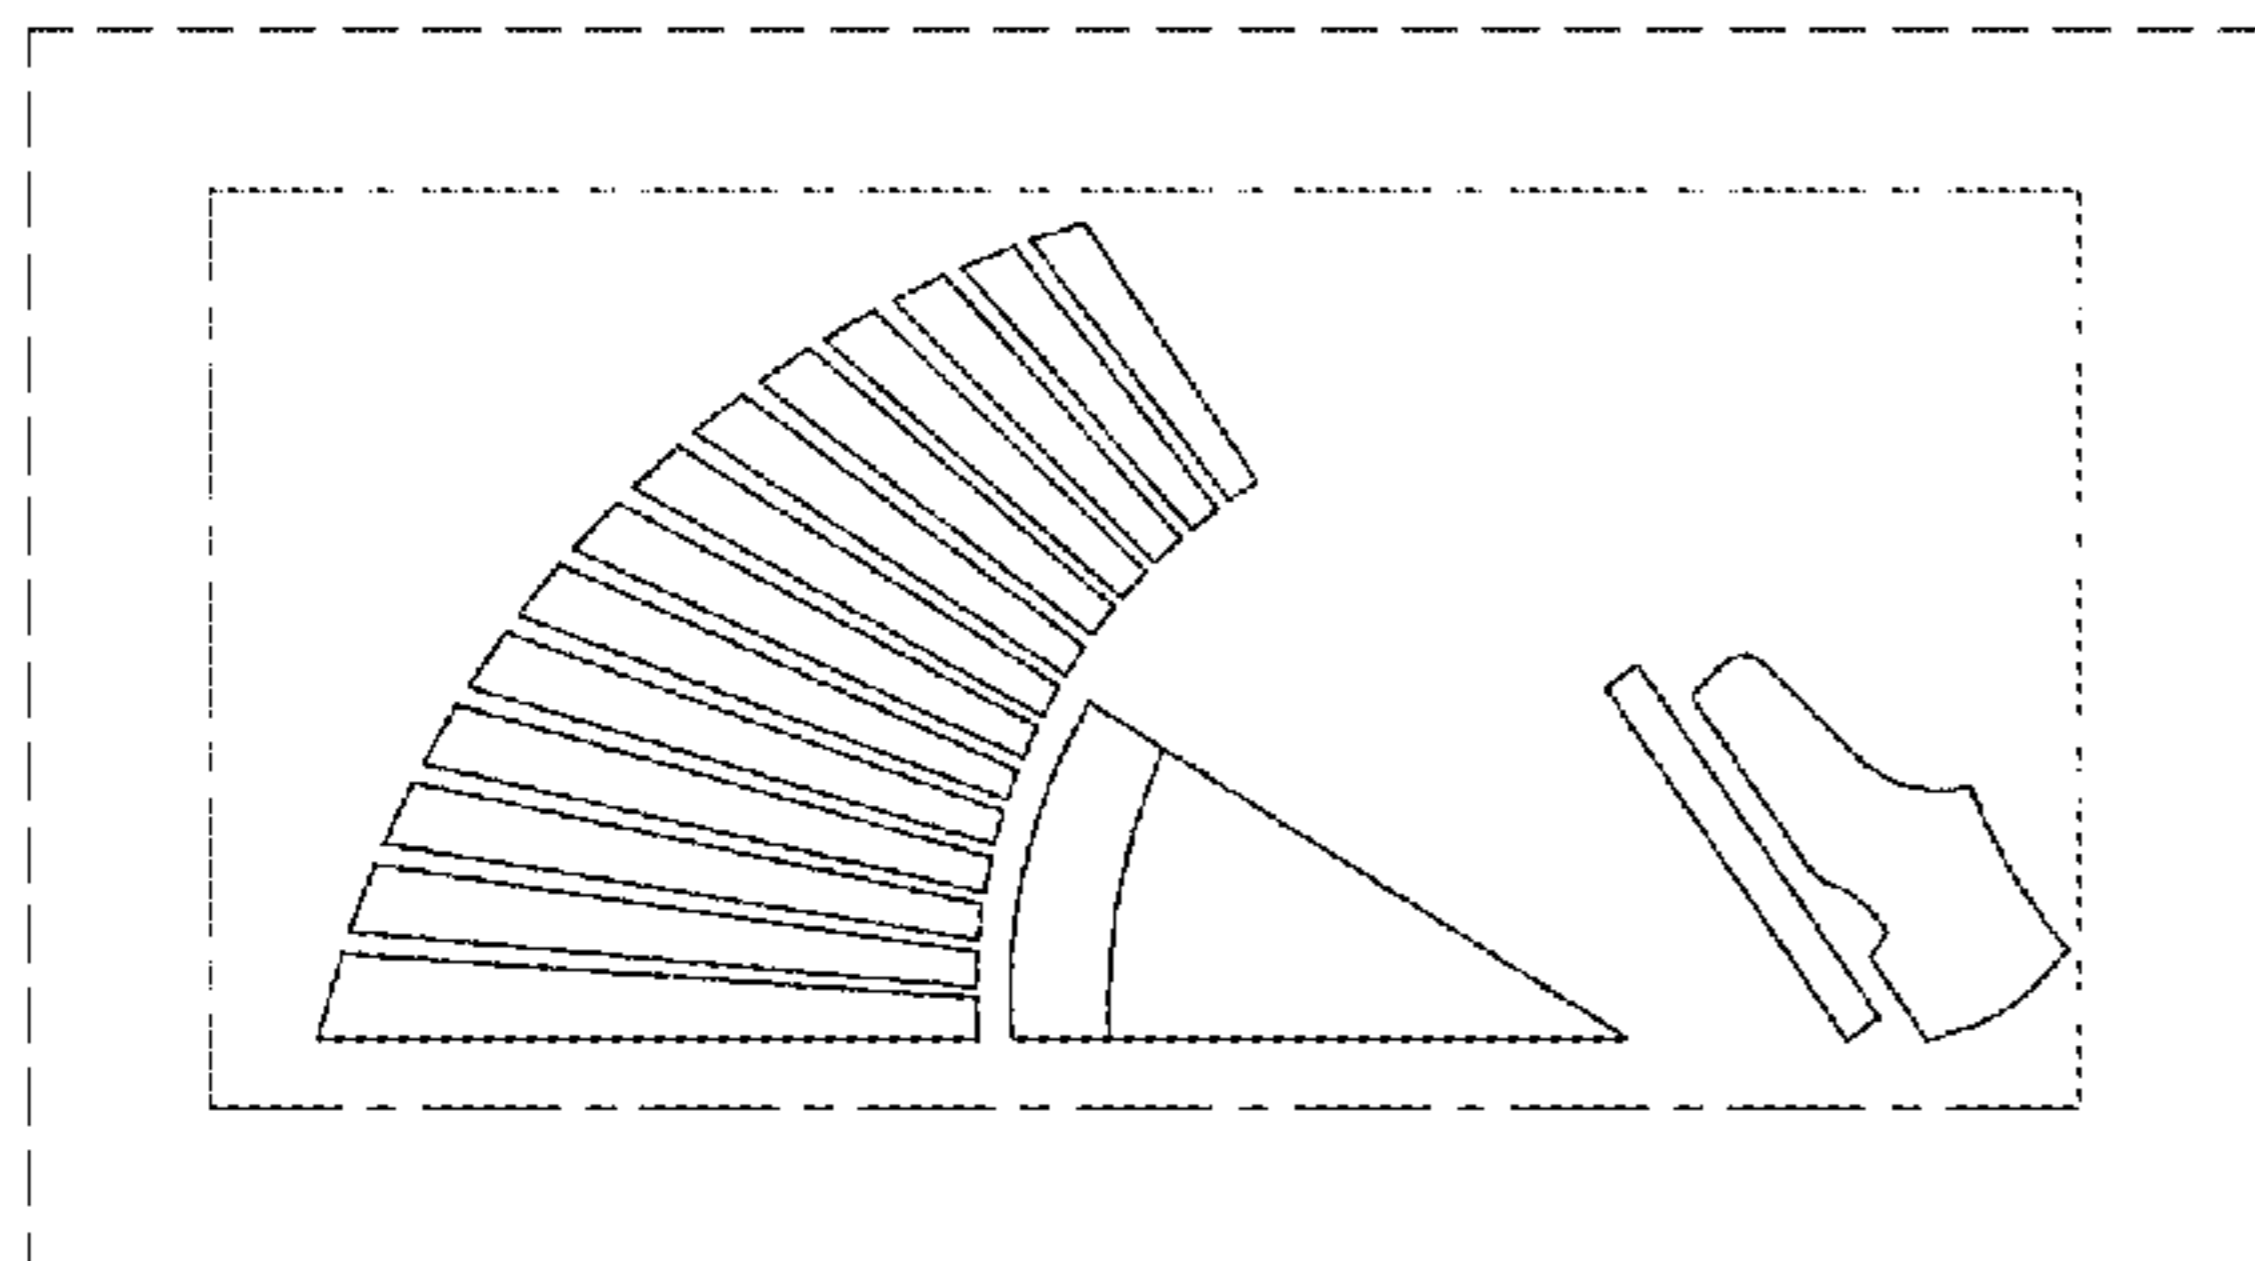

FIG. 5 is an image thereof in a fifth state.

The appearance of the image transitions between the images shown in FIGS. 1-5. The process or period or sequence in which one image transitions to another image forms no part of the claimed design.

The evenly-spaced outer broken lines shown in FIGS. 1-5 represent the display panel or portion thereof and form no part of the claimed design.

The dot-dash lines define the boundary of the claimed design and form no part thereof.

1 Claim, 2 Drawing Sheets
