(57) **CLAIM**

The ornamental design for a communication device with a graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen for a communication device with graphical user interface, in accordance with an embodiment of the invention.

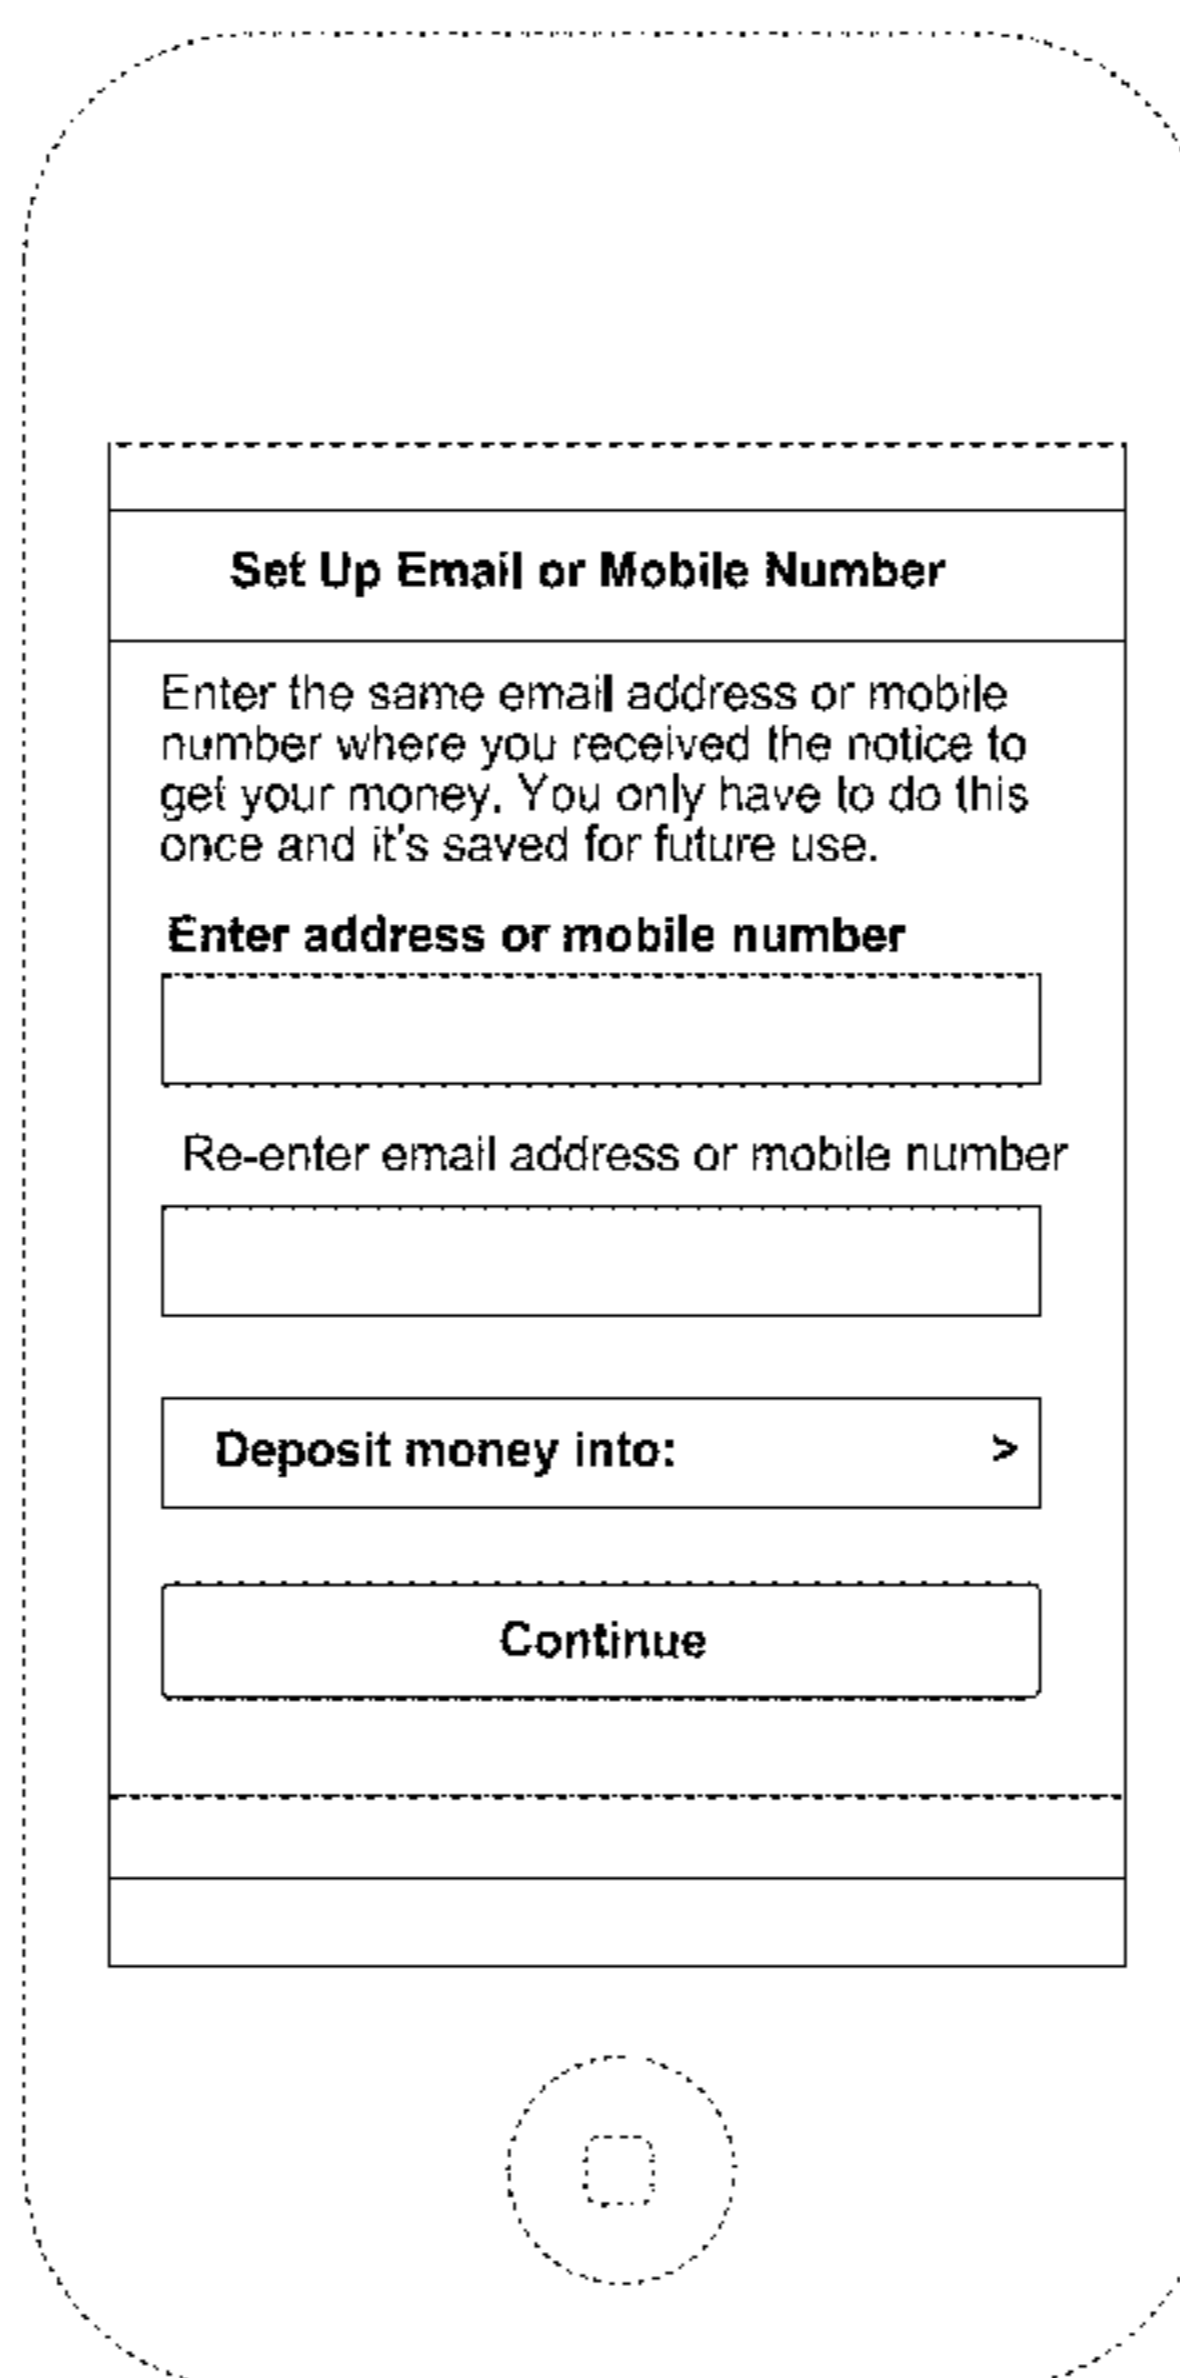

The broken lines showing the communication device are included for the purpose of illustrating environmental structure and form no part of the claimed design. The outer edge of the display screen is understood to be congruent with the outer edge of the graphical user interface.
