(57) **CLAIM**

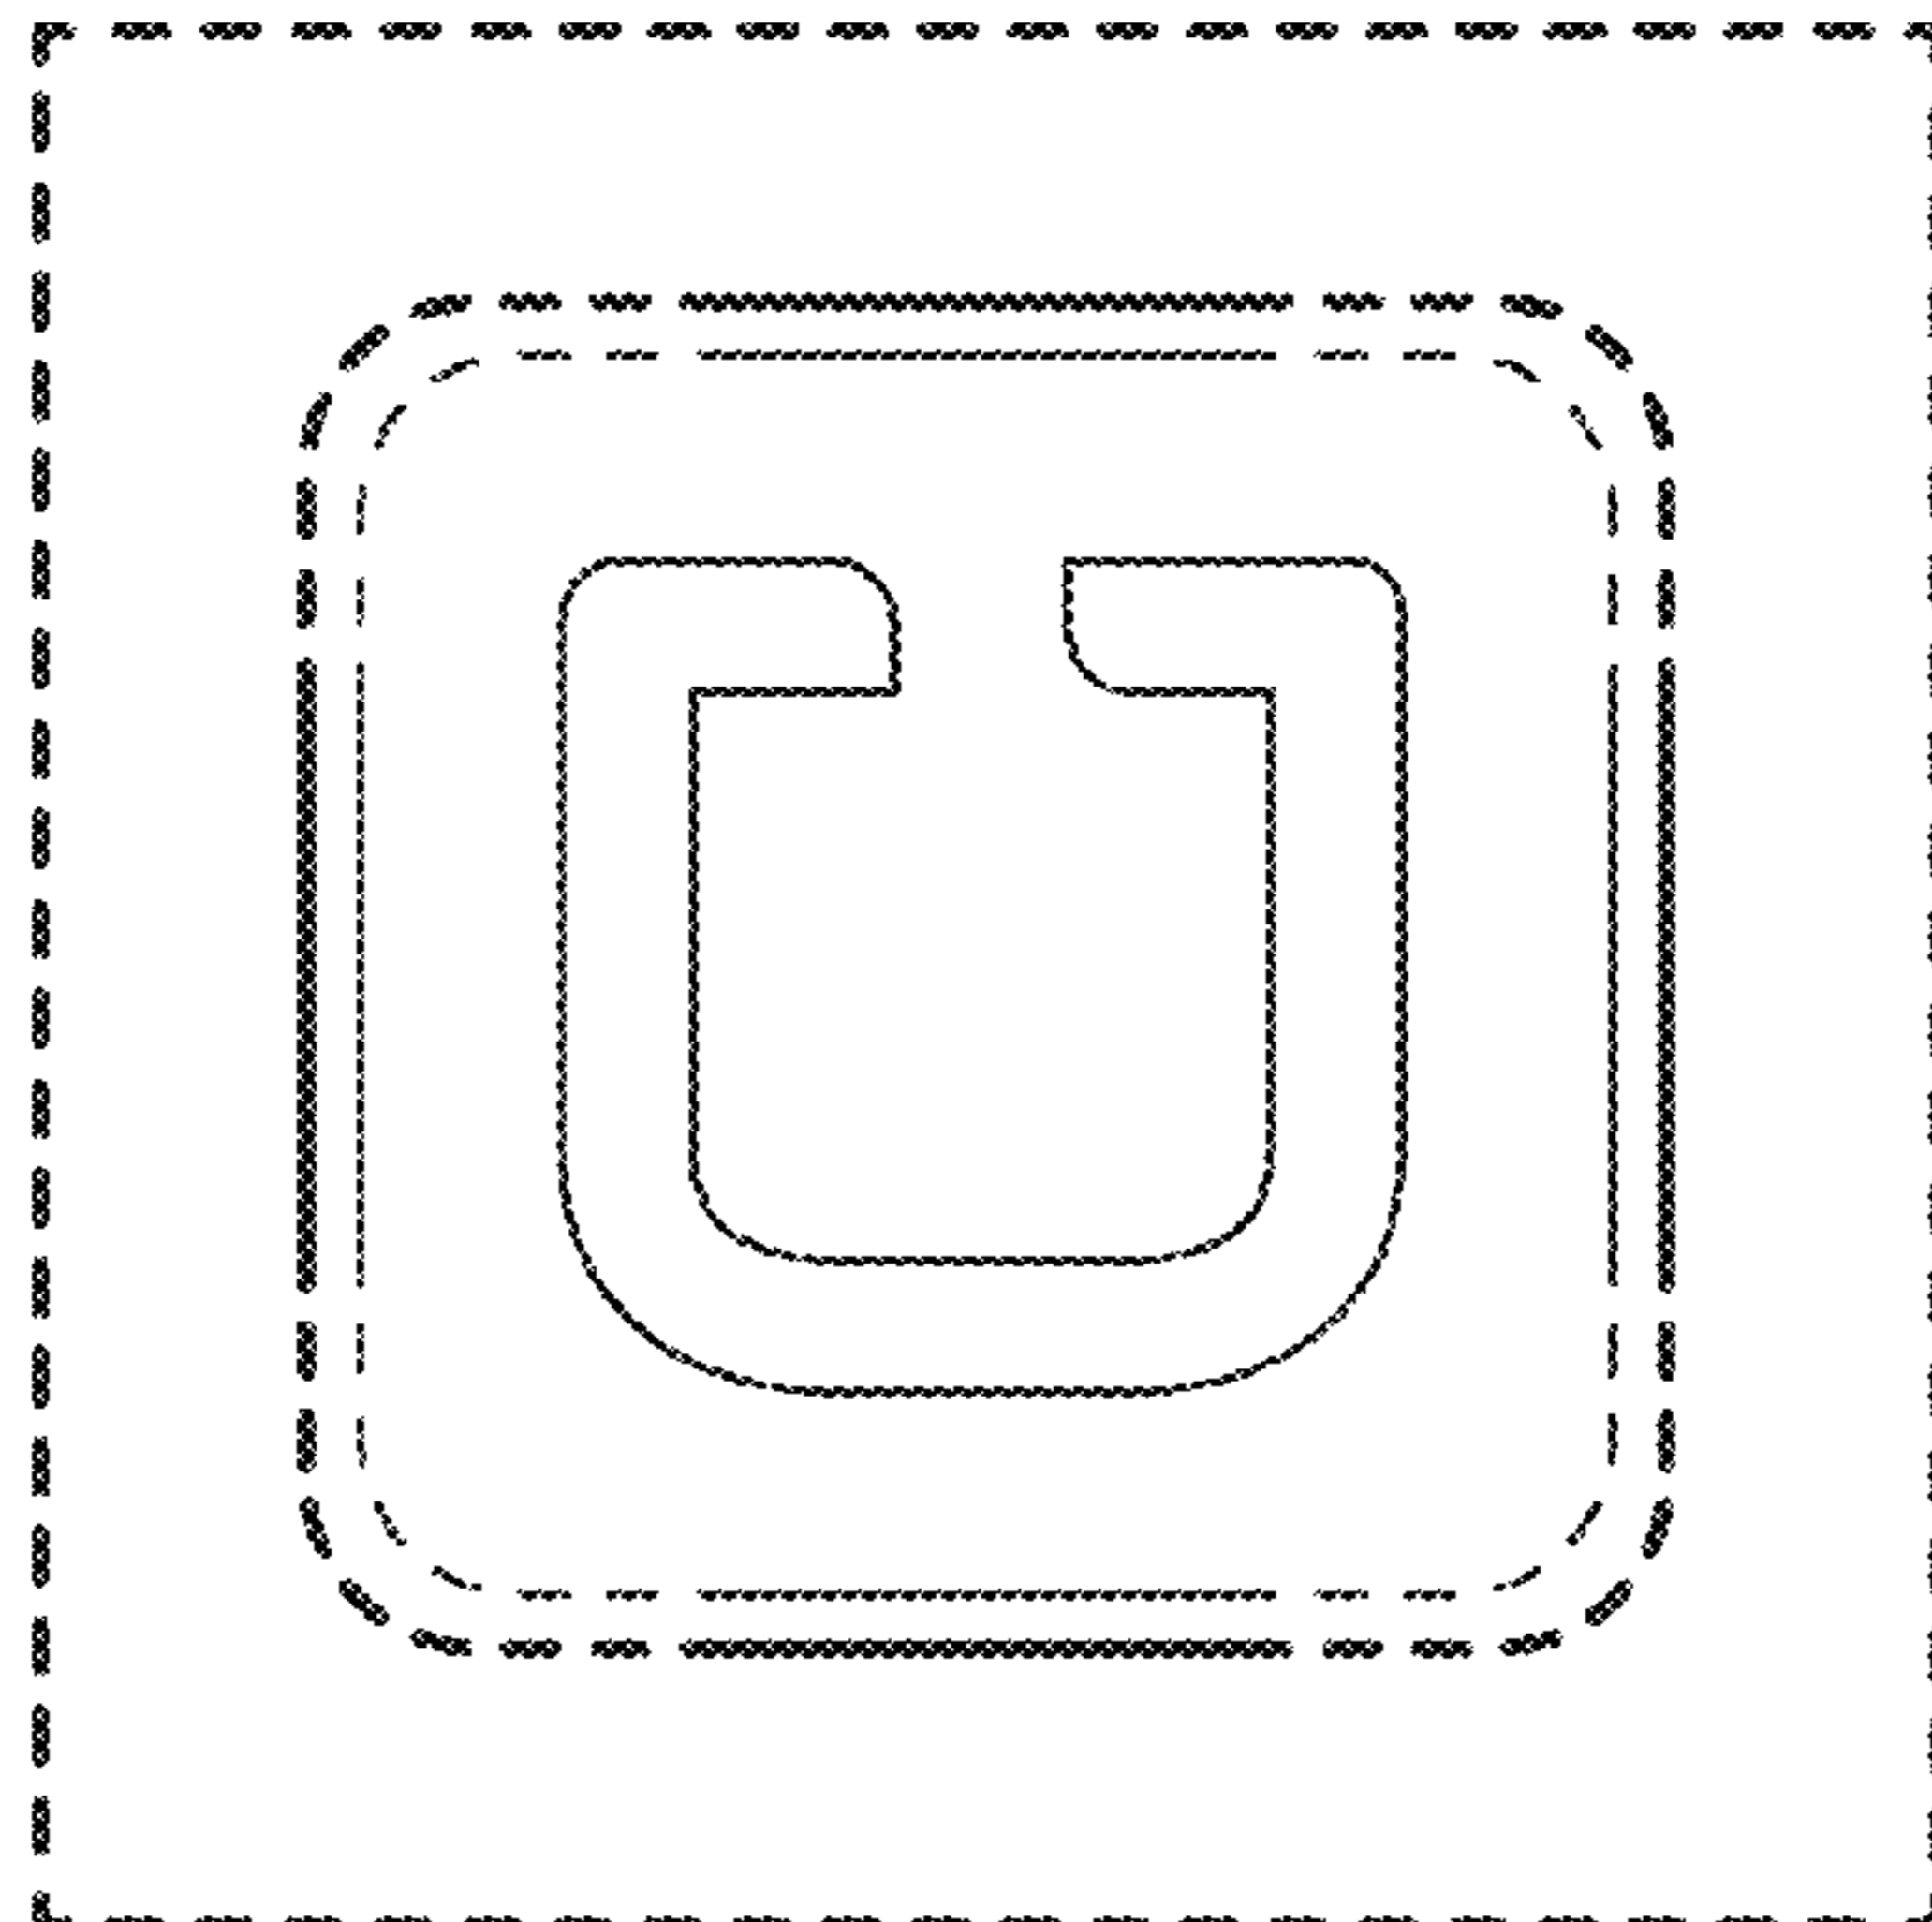

The ornamental design for a computing device display screen with graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is the front view of a first embodiment of a computing device display screen with graphical user interface; and, FIG. 2 is the front view of a second embodiment of a computing device display screen with graphical user interface.

In FIGS. 1 and 2, the curved broken lines between the straight solid lines depict portions of the computing device display screen with graphical user interface that form no part of the claimed design. In FIG. 2, the broken line within the solid lines represents a portion of the article that is not included in the claim. All other broken lines and the spaces outside the solid lines in the two figures depict environmental subject matter that forms no part of the claimed design.
