(57) **CLAIM**

The ornamental design for a front fender for a backhoe loader, as shown and described.

DESCRIPTION

FIG. **1** is a front, side, and top view of a left front fender for a backhoe loader showing one embodiment of the new design.
FIG. **2** is a top plan view of the left front fender for a backhoe loader.
FIG. **3** is a front elevation view of a right front fender showing the same design.
FIG. **4** is a side elevation view of the right front fender.
FIG. **5** is a right-side elevation view showing the placement of the front fenders on the hood of a backhoe loader.
FIG. **6** is a front, side, and top view of the right front fender.
FIG. **7** is a top plan view of the right front fender.
FIG. **8** is a front, inside, and top view of the right front fender.
FIG. **9** is front elevation view of the left front fender; and,
FIG. **10** is a front, inside, and top view of the left front fender.
The broken lines show environmental structure and form no part of the claimed design.
