(57) **CLAIM**

The ornamental design for a sacral wound dressing, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a sacral wound dressing with release liners included.

FIG. 2 is another perspective view of the sacral wound dressing of FIG. 1.

FIG. 3 is a plan view of a top side of the sacral wound dressing of FIG. 1.

FIG. 4 is a plan view of a bottom side of the sacral wound dressing of FIG. 1.

FIG. 5 is an exploded perspective view of the sacral wound dressing of FIG. 1 from the perspective shown in FIG. 1.

FIG. 6 is another exploded perspective view of the sacral wound dressing of FIG. 1 from the perspective shown in FIG. 2.

FIG. 7 is a right side elevation view of the sacral wound dressing of FIG. 1.

FIG. 8 is a left side elevation view of the sacral wound dressing of FIG. 1.

FIG. 9 is a front end elevation view of the sacral wound dressing of FIG. 1.

FIG. 10 is a rear end elevation view of the sacral wound dressing of FIG. 1.

FIG. 11 is an exploded perspective view of the sacral wound dressing of FIG. 1, and is similar to the view shown in FIG. 5, but does not include the release liners.

FIG. 12 is a plan view of the top side of the wound dressing of FIG. 1, with the release liners removed.

FIG. 13 is a right side elevation view of the sacral wound dressing of FIG. 1, with the release liners removed.

FIG. 14 is left side elevation view of the sacral wound dressing of FIG. 1, with the release liners removed.

FIG. 15 is a front end elevation view of the sacral wound dressing of FIG. 1, with the release liners removed.

FIG. 16 is a rear end elevation view of the sacral wound dressing of FIG. 1, with the release liners removed.

FIG. 17 is a plan view of the top side of the wound dressing of FIG. 1, with the release liners and the perforated adhesive layer removed.

(Continued)

FIG. 18 is a right side elevation view of the sacral wound dressing of FIG. 1, with the release liners and the perforated adhesive layer removed.

FIG. 19 is a left side elevation view of the sacral wound dressing of FIG. 1, with the release liners and the perforated adhesive layer removed.

FIG. 20 is a front end elevation view of the sacral wound dressing of FIG. 1, with the release liners and the perforated adhesive layer removed; and,

FIG. 21 is a rear end elevation view of the sacral wound dressing of FIG. 1, with the release liners and the perforated adhesive layer removed.
