(57) **CLAIM**

The ornamental design for conductor pads, as shown and described.

**DESCRIPTION**

FIG. 1 is a top plan view of a first embodiment of conductor pads showing our new design, the bottom view being identical; and,

FIG. 2 is a top plan view of a second embodiment of conductor pads showing our new design, the bottom view being identical.

The broken-line disclosure in the views is understood to represent portions of the article in which the claimed design is embodied, but which form no part of the claimed design. All surfaces not shown form no part of the claimed design.
