(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface set showing the claimed design; and,

FIG. 2 is a front view of a display screen or portion thereof with graphical user interface set showing the claimed design.

The outermost broken lines in the figures show a display screen or portion thereof, and form no part of the claimed design.

The graphical user interface sets of the figures are arranged relatively on the drawing sheet for the convenience of illustration and the relative positioning forms no part of the claimed design.
