(57) **CLAIM**

I claim the ornamental design for a magnifier for a hand-held device, as shown and described.

**DESCRIPTION**

FIG. 1 is a front side view of the magnifier for a hand-held device with the lense retracted;  
 FIG. 2 is a left side view of the magnifier for a hand-held device with the lense retracted;  
 FIG. 3 is a bottom view of the magnifier for a hand-held device with the lense retracted;  
 FIG. 4 is a top view of the magnifier for a hand-held device with the lense retracted;  
 FIG. 5 is a rear side view of the magnifier for a hand-held device with the lense retracted;  
 FIG. 6 is a right side view of the magnifier for a hand-held device with the lense retracted;  
 FIG. 7 is a perspective view of the magnifier for a hand-held device with the lense retracted;  
 FIG. 8 is a perspective view of the magnifier for a hand-held device with the lense extended;  
 FIG. 9 is a perspective view of the magnifier for a hand-held device, in use, with the lense extended; and,  
 FIG. 10 is a perspective view of the magnifier for a hand-held device, in use, with the lense retracted.  
 The broken lines in the figures are for environmental purposes only and form no part of the claimed design.
