(57) **CLAIM**

The ornamental design for a power supply enclosure with light engine holder, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an embodiment of the ornamental design of a power supply enclosure with light engine holder.

FIG. 2 is a top view of an embodiment of the ornamental design of the power supply enclosure with light engine holder.

FIG. 3 is a side view of an embodiment of the ornamental design of the power supply enclosure with light engine holder.

FIG. 4 is a bottom view of an embodiment of the ornamental design of the power supply enclosure with light engine holder.

FIG. 5 is a front view of an embodiment of the ornamental design of the power supply enclosure with light engine holder.

FIG. 6 is a back view of an embodiment of the ornamental design of the power supply enclosure with light engine holder.

FIG. 7 is a perspective view of an embodiment of the ornamental design of the power supply enclosure with light engine holder.

FIG. 8 is a top view of an embodiment of the ornamental design of the power supply enclosure with light engine holder.

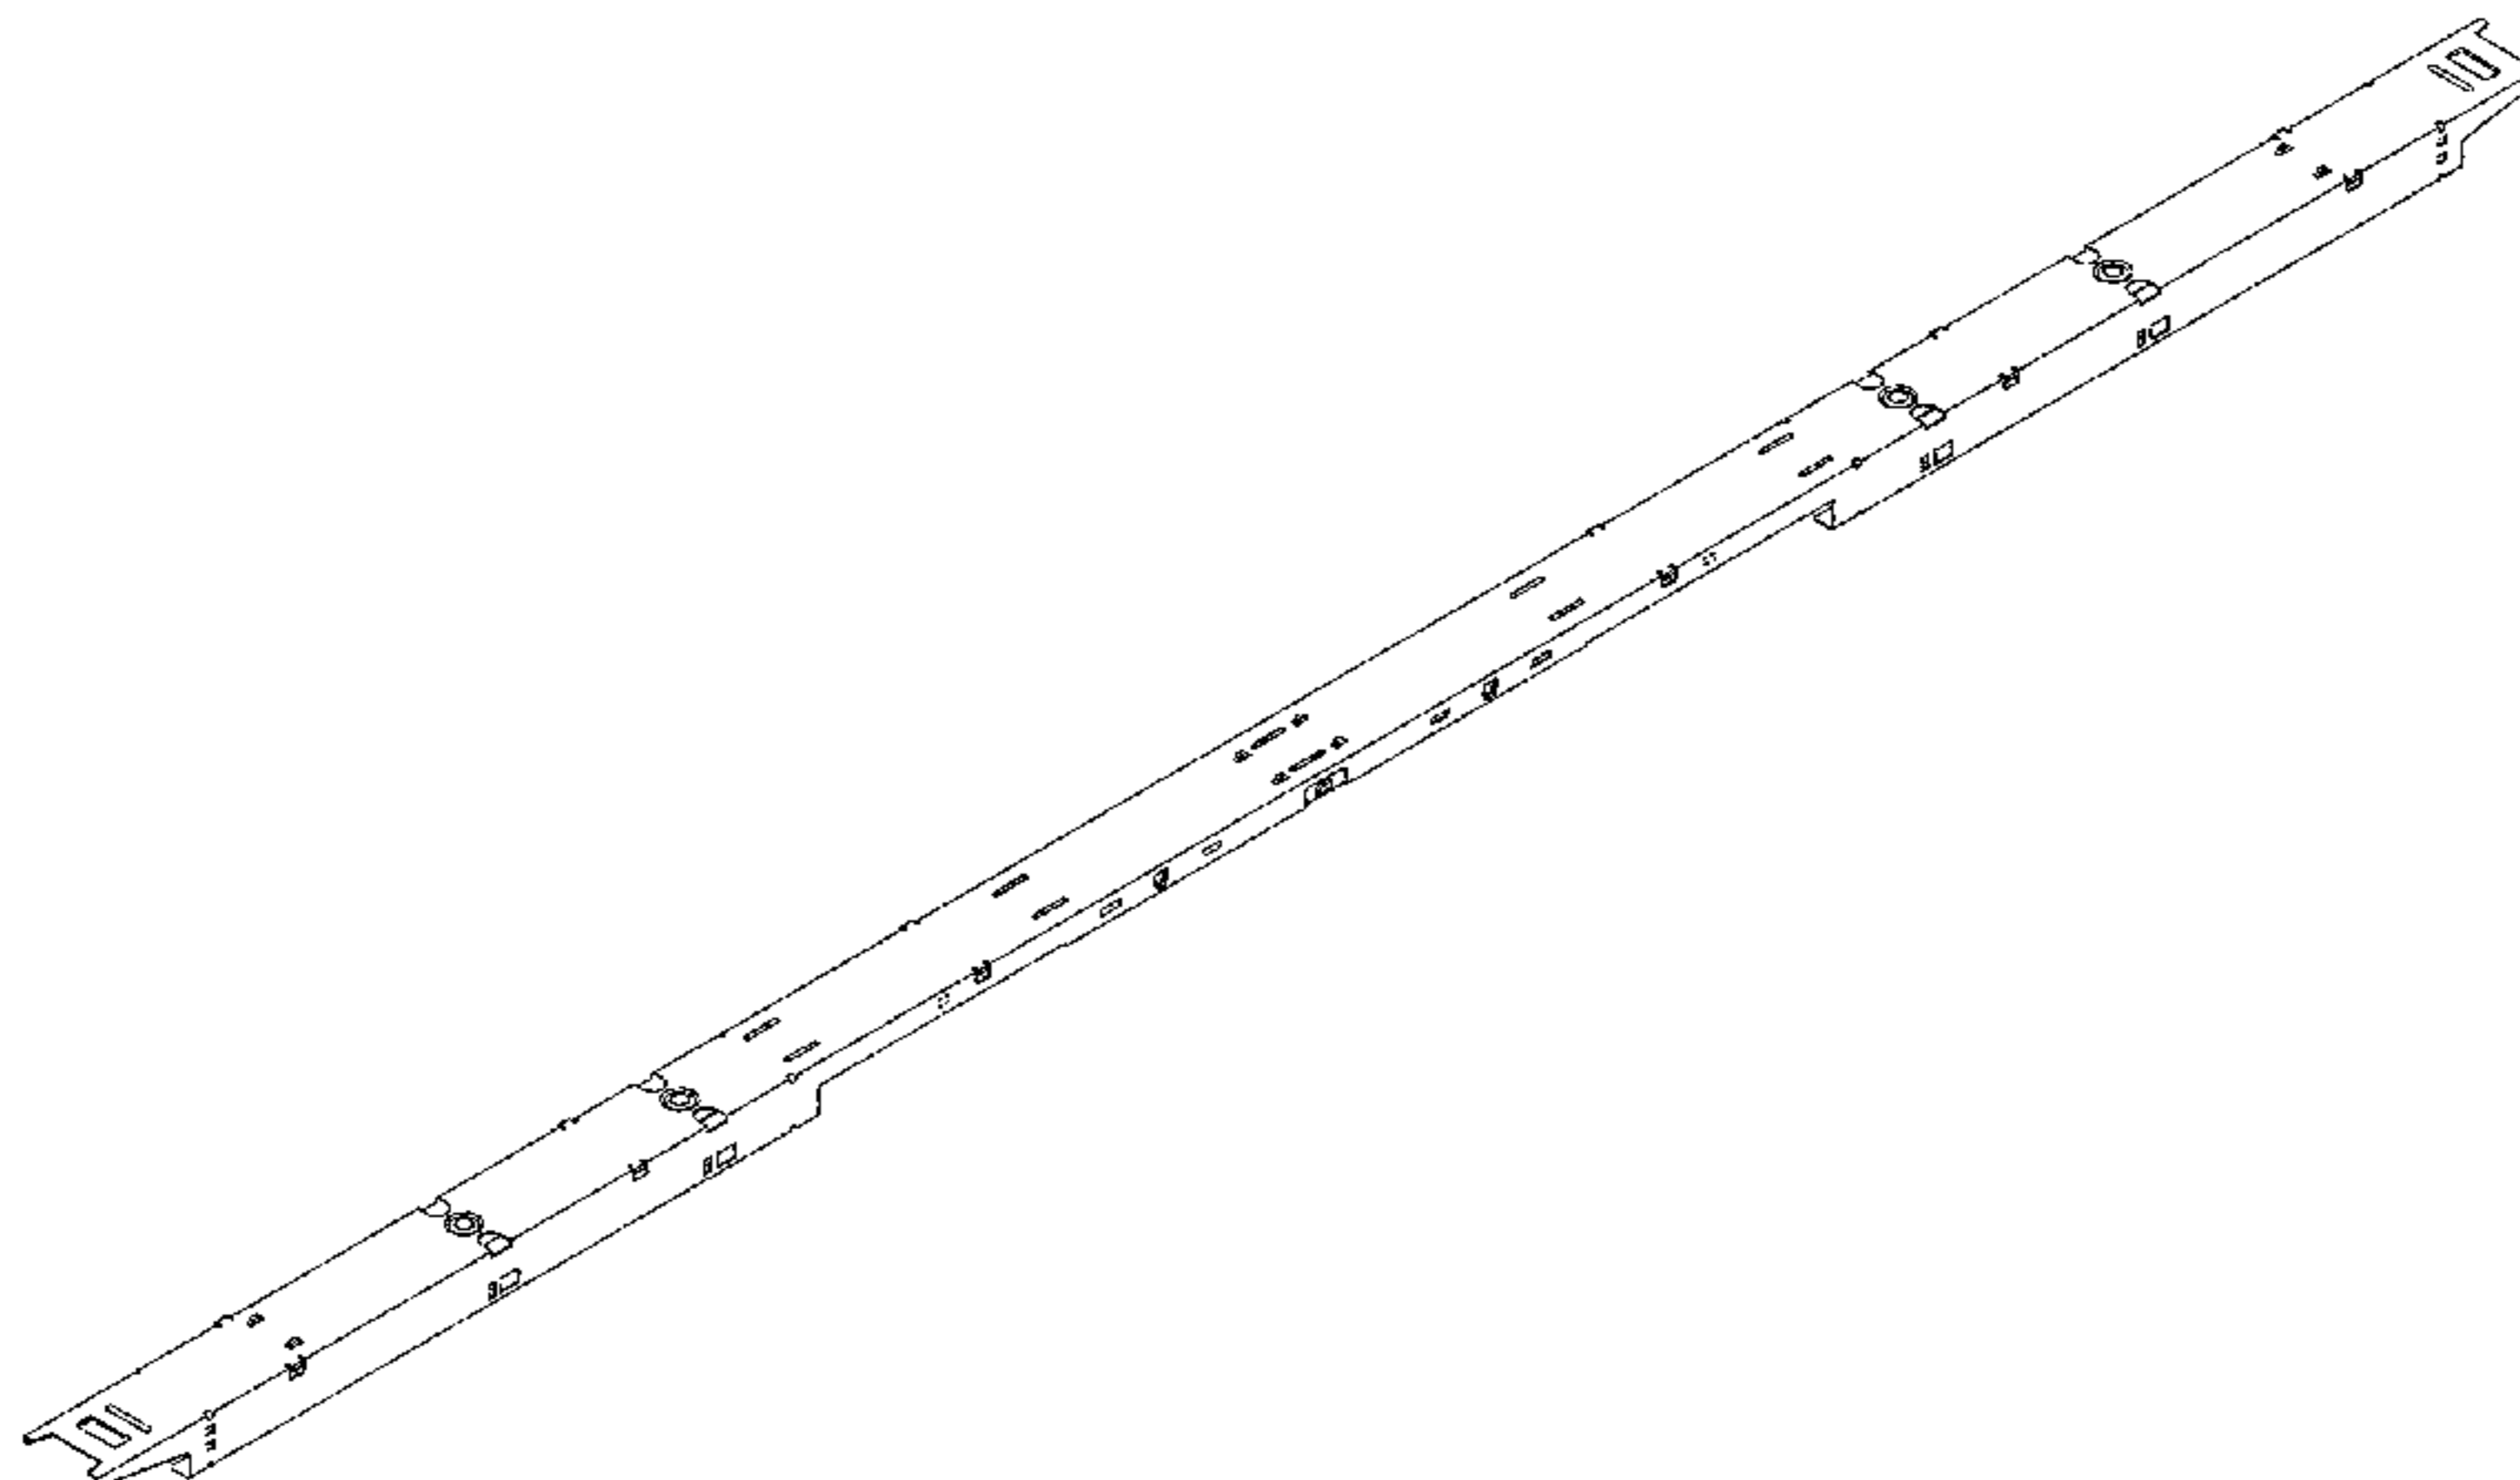

FIG. 9 is a side view of an embodiment of the ornamental design of the power supply enclosure with light engine holder.

FIG. 10 is a bottom view of an embodiment of the ornamental design of the power supply enclosure with light engine holder.

FIG. 11 is a front view of an embodiment of the ornamental design of the power supply enclosure with light engine holder; and,

FIG. 12 is a back view of an embodiment of the ornamental design of the power supply enclosure with light engine holder.
