(57) **CLAIM**

The ornamental design for a TV receiver with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first image in a sequence of a TV receiver with animated graphical user interface showing our new design;

FIG. 2 is a front view of the second image thereof; and, FIG. 3 is a front view of the third image thereof.

The broken lines showing text, portions of the graphical user interface, and the TV receiver form no part of the claimed design. The appearance of the transitional images sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.
