(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of the display screen or portion thereof with a first image of an animated graphical user interface showing our new design;

FIG. 2 is a front view of the display screen or portion thereof with a second image thereof;

FIG. 3 is a front view of the display screen or portion thereof with a third image thereof;

FIG. 4 is a front view of the display screen or portion thereof with a fourth image thereof;

FIG. 5 is a front view of the display screen or portion thereof with a fifth image thereof; and,

FIG. 6 is a front view of the display screen or portion thereof with a sixth image thereof.

The appearance of the image transitions sequentially between the images shown in FIGS. 1-6. The process or period in which an image transitions to another forms no part of the claimed design.

The broken lines showing of the display screen, images and text form no part of the claimed design.
