(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

This application contains subject matter related to the following co-pending U.S. design patent application: Application Ser. No. 29/548,789, filed herewith and entitled “Display Screen or Portion Thereof with Graphical User Interface”.

The sole view is a front view of a display screen or portion thereof with graphical user interface showing the new design.

The broken lines showing the display screen and portions of the graphical user interface are included for the purpose of illustrating environmental structure and form no part of the claimed design.

1 Claim, 1 Drawing Sheet
