(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

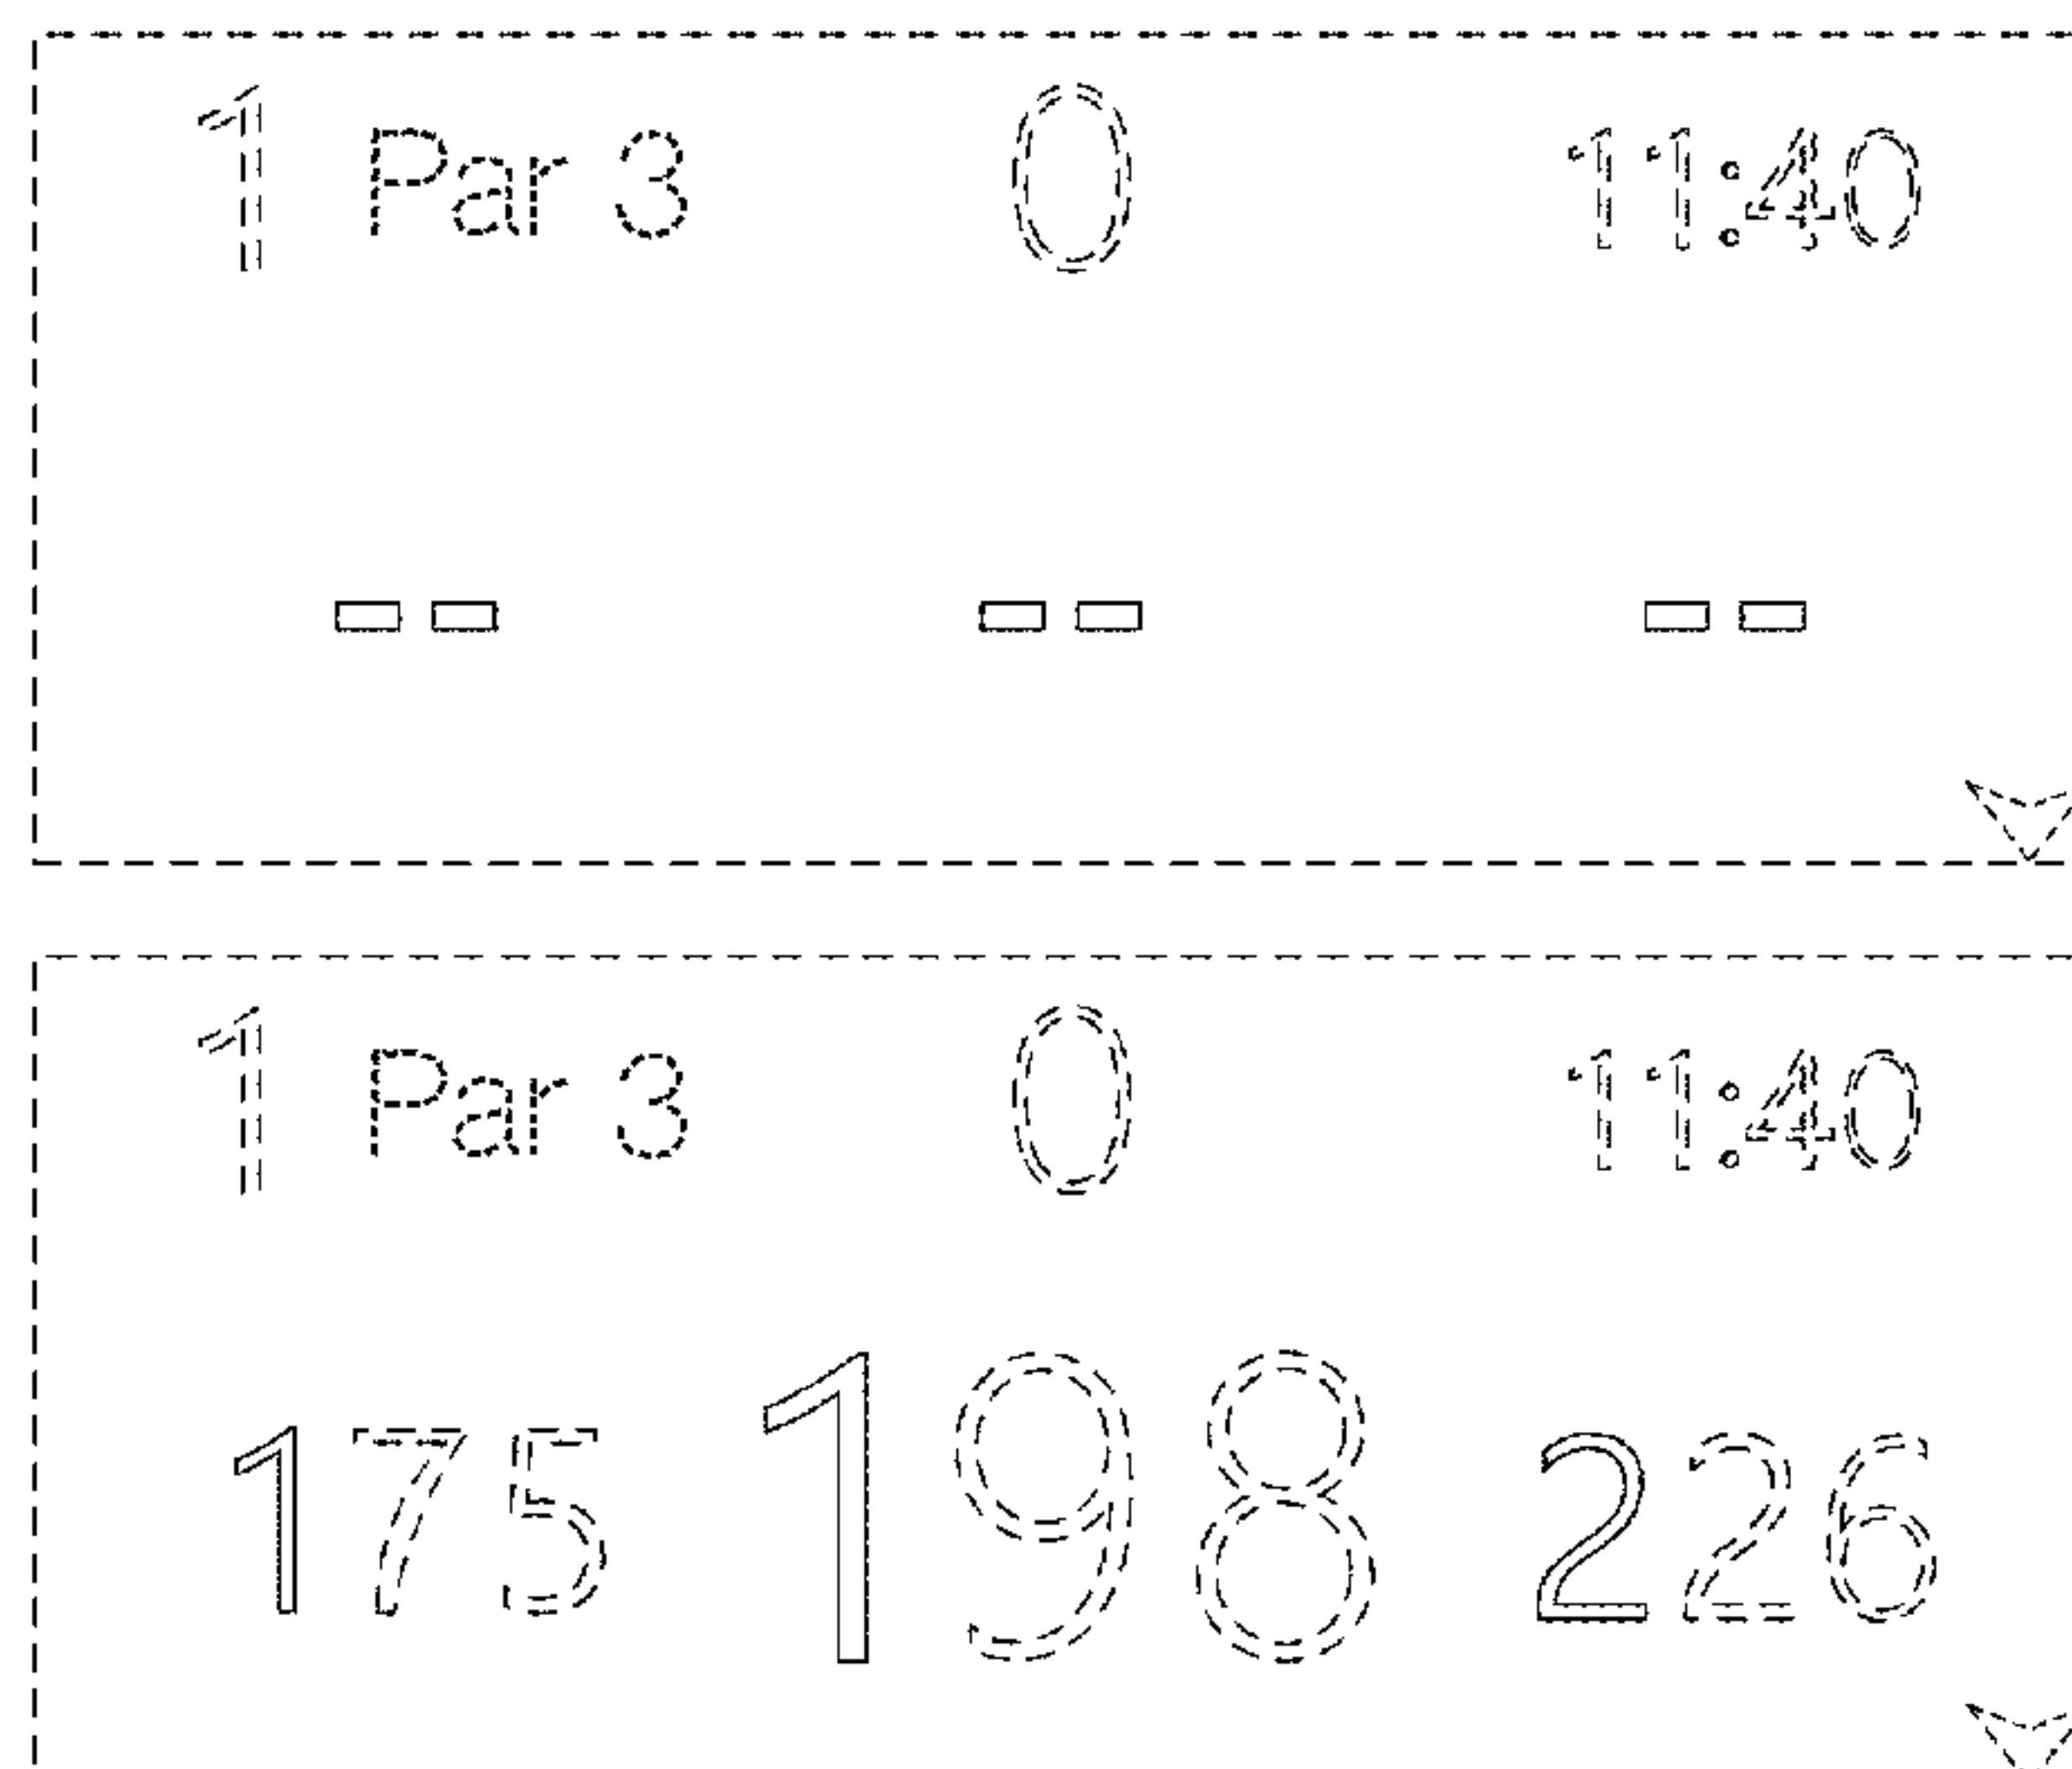

DESCRIPTION

FIG. 1 is a front view of a display screen with animated graphical user interface showing a first image which is part of a sequence showing our new design; and, FIG. 2 is a second image of the sequence.

The outermost broken lines show a display screen and form no part of the claimed design. The remaining broken lines, showing portions of the animated graphical user interface, form no part of the claimed design.

The appearance of the image transitions sequentially between the images shown in FIGS. 1 through 2. The process or period in which one image transitions to another forms no part of the claimed design.
