(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of the first image of a display screen or portion thereof with animated graphical user interface, showing my new design; and,

FIG. 2 is a front view of a second image thereof.

The broken lines around the FIGURE showing a display screen or portion thereof form no part of the claimed design. The appearance of the animated graphical user interface transitions sequentially between the images shown in FIGS. 1 and 2. The process or period in which one image transitions to another forms no part of the claimed design.
