(57) **CLAIM**
The ornamental design for a display screen or portion thereof with a set of graphical user interfaces, as shown and described.

DESCRIPTION
The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.
FIG. 1 is a front view of a display screen or portion thereof with a set of graphical user interfaces showing the claimed design; and,
FIG. 2 is a second embodiment thereof.
The broken lines in the figures show a display screen or portion thereof, and form no part of the claimed design.
The graphical user interface sets of the figures are arranged relatively on the drawing sheet for the convenience of illustration and their relative positioning forms no part of the claimed design.
