FIG. 1 is a front view of a first image in a sequence for a display screen with graphical user interface for displaying search results as a stack of overlapping, actionable cards; and,

FIG. 2 is a front view of a second image thereof.

The appearance of the display screen with graphical user interface for displaying search results as a stack of overlapping, actionable cards sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another image forms no part of the claimed design.

The outer rectangular broken lines illustrate the display screen and are included for the purpose of illustrating environment and form no part of the claimed design. The broken line text and symbols are included for the purpose of illustrating portions of the article and form no part of the claimed design.
