(57) **CLAIM**

The ornamental design for a portion of a display screen with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a first image of a portion of a display screen with animated graphical user interface; and, FIG. 2 is a front view of a second image thereof. The appearance of a transitional image sequentially transitions between the images shown in FIGS. 1 through 2. The process or period in which one image transitions to another image forms no part of the claimed design. The broken line showing of the display screen and portions of the graphical user interface is for the purpose of illustrating environmental structure and forms no part of the claimed design.
