(57) **CLAIM**

The ornamental design for a display screen of a captioning communication device with graphical user interface, substantially as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawings will be provided by the Office upon request and payment of the necessary fee. FIG. 1 is a front view of a display screen of a captioning communication device with graphical user interface according to a first embodiment shown in grayscale; and, FIG. 2 is a front view of a second embodiment thereof with a color drawing.

(Continued)

The broken line showing is included for the purpose of illustrating a portion of the article and forms no part of the claimed design.
