(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

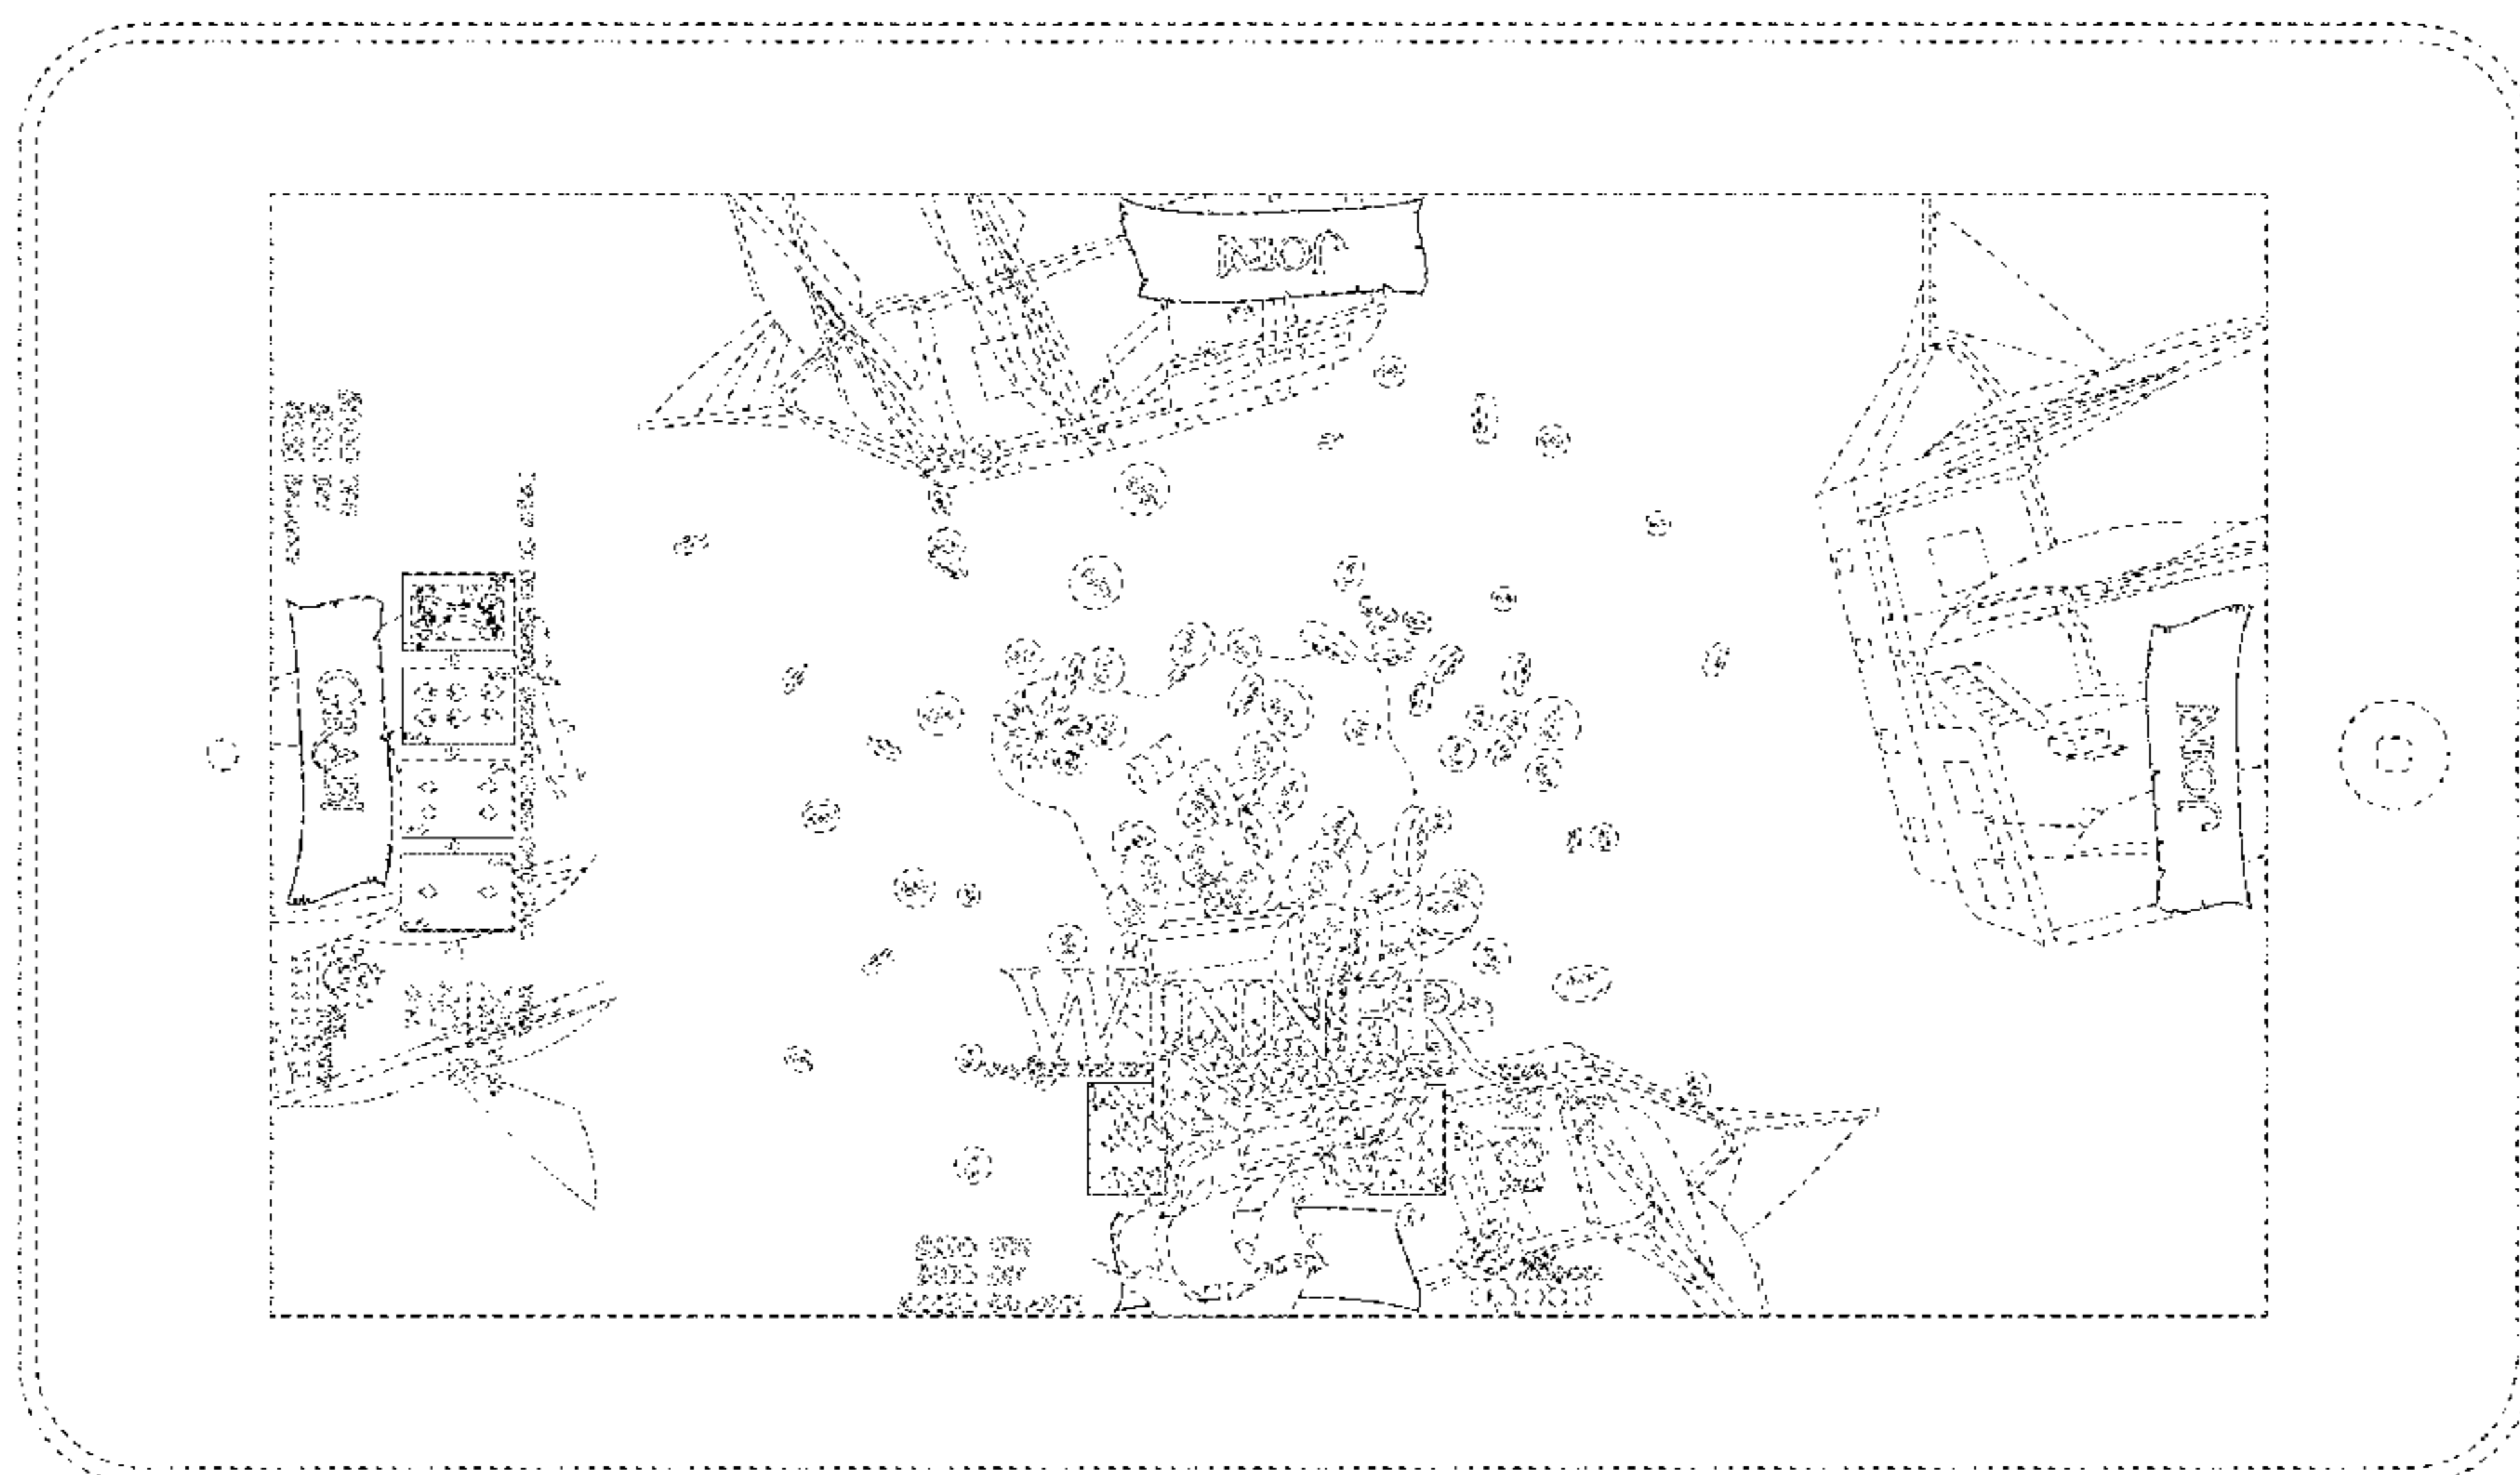

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface, showing our new design;

FIG. 2 is a front view of a second embodiment of a display screen with graphical user interface, showing our new design; and,

FIG. 3 is a front view of a third embodiment of a display screen with graphical user interface, showing our new design.

The broken line showing of the outer two rounded rectangles, adjacent two circles, small square, and large rectangle shows portions of the article and forms no part of the claimed design. The broken lines inside the display screen show portions of the graphical user interface and form no part of the claimed design.

1 Claim, 3 Drawing Sheets
