We claim the ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

See application file for complete search history.

DESCRIPTION

The sole FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

(56) **References Cited**

The outer broken lines in the FIGURE show the display screen or portion thereof and the other broken lines in the FIGURES represent portions of the graphical user interface; the broken lines form no part of the claimed design.
